

Bridge To Summer Learning Parent Meeting

To succeed in school and life, children need ongoing opportunities to learn and practice essential skills. This is especially true during the summer months. Many Americans have a wonderful image of summer as a carefree, happy time when "kids can be kids," and take for granted the prospect of enriching experiences such as summer camps, time with family, and trips to museums, parks, and libraries. Unfortunately, some youth face anything but idyllic summer months. When the school doors close, many children struggle to access education opportunities, as well as basic needs .

Fleming Academy is offering a program to help parents fill those needs!!!!
