

Greetings Bow Families!

Welcome to our 2022-23 school year. I am the proud principal of this great school Bow Elementary-Middle. I have served Bow School as principal for 6 years and I am looking forward to another successful school year.

I am a proud product of the Detroit Public Schools and graduated from Martin Luther King Jr. Sr. High School. I have obtained both my bachelor's and master's degrees in Education with an endorsement in School Administration from Wayne State University.

When I am away from Bow, I enjoy spending my leisure time with my family, watching a lot of NETFLIX movies, and researching ways to improve our school's community.

I am extremely excited to welcome back all the new and returning scholars and staff for in-person instruction and learning. This move comes with careful planning and consideration as we look to transition scholars back to the school.

My goals are to continue to have an environment that is safe, healthy, and welcoming that is conducive for high-quality learning.

I am knowledgeable, committed, and dedicated to our students' success. My sole mission is to make decisions that are data-driven and based on best practices which will provide our scholars with a well-rounded education with tender loving care.

I am looking forward to a productive partnership with all stakeholders to collaboratively work closely together to share innovating ideas of continuous improvements. Our partnerships will ensure that our scholars would be able to achieve their highest potentials.

I am looking forward to an amazing school year with all of you!

Educationally Yours,

DaRhonda Evans, Principal

Soar to Excellence
