MENTAL HEALTH GUIDE

TIPS AND TOOLS FOR SELF-CARE

There is not a one-size fits all answer to self-care. When choosing strategies make sure you utilize practices that are personally relevant and helpful to you and your family. Here are some strategies to consider:

- Recognize and validate emotions
- Stay in the present
- Separate out what you can and cannot control
- Notice and manage your worried thoughts
- Pay attention to joy
- Balance structure and exibility
- Get active
- Stay connected

TIPS AND TOOLS FOR TALKING TO YOUR CHILD

Talking about mental health – Open ended questions:

- How are you feeling? Can you tell me more about what's on your mind?
- How can I help you feel better? Ya know, sometimes you need to talk to an adult about your feelings - I'm here to listen.
- Have you had feelings like this in the past?
- Do you feel like you want to talk to someone else about your problem?
- I'm worried about your safety. Can you tell me if you have thoughts about harming yourself or others?

TIPS FOR APPROACHING THE CONVERSATION

- Communicate in a straightforward manner
- Speak at a level that is appropriate for your child's age level
- Discuss the topic when you are in a calm environment and your child feels comfortable and safe
- Watch for reactions during the discussion and slow down or back up if your child becomes confused or looks upset
- Listen openly and let your child tell you about their feelings and worries

2022-2023 Payment Assistance Programs

... and ways to lower your
energy bill

Trouble paying bills? Don't wait... ask for help!

DTE Energy, along with government and private agencies, can provide assistance with paying your energy bill. Visit DTE Energy at dteenergy.com/help or call us at **800.477.4747**.

Please use this guide to learn more about the programs that can help you.

Income-based Program

Senior Assistance Program

Military Eligibility Program

General Assistance Program

“I'm active duty military or a veteran...”

Active Military Protection

If you are called to full-time active military duty during a national or state emergency you can apply for disconnect protection for up to 90 days. You can then reapply for extensions of this protection.

Michigan Veteran's Trust Fund

This program provides temporary assistance if you are a veteran facing a financial emergency or hardship including payment of energy bills. Visit michiganveterans.com or call Michigan Veterans Trust Fund at **800.642.4838**.

“I'm behind on my energy bills...”

Michigan Homeowner Assistance Fund (MIHAF)

MIHAF provides funds to customers to help prevent homeowner mortgage delinquencies, defaults, foreclosure, loss of utilities and displacement. Applicants must be at or below 150% of the area median income* and must demonstrate financial hardship directly related to COVID-19 on or after January 21, 2020. Visit michigan.gov/mihaf to learn more.

Shutoff Protection Plan (SPP)

If you are below 200% of the federal poverty level*, this plan provides year-round protection from service disconnects if monthly payments are met. You will need to pay a down payment to enroll – the amount of which will affect monthly payments. Visit dteenergy.com/SPP for information.

Winter Protection Plan (WPP)

This is designed to prevent service disconnect during the heating season for low-income customers below 150% of the federal poverty level*. During this period, you must pay a budgeted amount.

Senior Winter Protection Plan

This program protects all customers aged 62+ from disconnects during the winter months. You are encouraged to pay your monthly bill in order to avoid a large balance in the spring and reduce the risk of service interruption.

Double-Notice Protection Plan

You can ask us to send a copy of your disconnect notice to a consenting friend, relative or agency. This person or group is not responsible for paying an overdue bill; the duplicate simply alerts them to your situation.

State Emergency Relief (SER)

Provides immediate help if you meet federal income guidelines* and have a past due bill or disconnect notice. To contact the Michigan Department of Health and Human Services (MDHHS), call **2-1-1** or visit newmibridges.michigan.gov.

DO YOU HAVE SEWER BACKUPS? LOOKING TO HIRE A PLUMBER?

BEFORE YOU HIRE, ASK THESE 4 QUESTIONS:

1 ARE YOU LICENSED AND INSURED?

Making sure your plumber is licensed and insured certifies they are qualified to perform and complete the work. Do not hire unlicensed or uninsured plumbers. In the event something goes wrong, you may be responsible and may need to hire a new contractor to make the proper repairs.

2 DO YOU HAVE A SPECIALTY?

Some plumbers specialize in certain work. Make sure your plumber specializes in drain and sewer line cleaning. Also, they should have the ability to snake your pipe at least 75-feet, can place a camera in the pipe, and have a hydrojet option. You may need these additional measures depending on the severity.

3 DO YOU HAVE REFERENCES?

Most plumbers should be able to provide references upon request if you don't already have a recommendation from a trusted source.

4 HOW FAR DO YOU PLAN TO SNAKE?

DWSD encourages residents to snake their sewer service line annually and most especially if you have large trees surrounding your home. Tree roots can cause damage to the pipe underground. Your plumber should identify the distance between your drain or cleanout and the city sewer collection pipe. Again, most houses are at least 75-feet from the city sewer pipe.

Example images that might be seen when using a camera while snaking a sewer line.

detroitmi.gov/DWSD

313-267-8000

ONCE WORK BEGINS:

- Watch the hired plumber perform the snaking.
- Make sure they are snaking your pipe all the way to where it connects to the city sewer system.
 - Using the camera connected to the snake, the plumber should also be checking for defects, especially if the snaking did not resolve the backup.

BEFORE THE PLUMBER LEAVES:

- Request a clear and legible copy of the findings.
- Talk to the plumber and make sure that they took all the necessary steps to ensure the line is clear of defects.
- Get a copy of the video footage. If you cannot, take pictures of the potential issue using your smartphone for your records, as it may be needed for insurance and/or DWSD.

WHERE'S YOUR LINE?

Most of the city's sewer pipes are located in the rear of the property; a few are located in the street. Sewers are typically in the alley or the city easement in your backyard.

WHO WILL FIX IT?

Property owners are responsible for the sewer service from the point at which it leaves the house (beneath the basement) and connects to the city sewer.

*In some neighborhoods the property owner is responsible for the alley.
