

SUMMER ENRICHMENT

As a part of the Connected Futures initiative, we are excited to launch a Summer Enrichment campaign for student academic engagement and learning. We encourage students to use the following District provided platforms and resources to engage in 8 weeks of summer learning with their new devices.

Grades K-8 i-Ready - Students will continue to engage in their online learning pathway for Reading and Mathematics

Grades K-12 myON - Students will engage in summer reading through digital texts.

Grades 4-5 Tigers' Summer Slugger - Students will engage in an interactive online course that uses baseball to teach Math and Literacy skills.

Grade 6-8 Red Wings' Future Goals Hockey Scholar Program (Science)
Students will engage in modules that use hockey as a learning vehicle to understand STEM.

Grades 8-12 Khan Academy - Students will continue to engage in official PSAT & SAT practice.

The District will be celebrating students' accomplishments with these platforms throughout the summer and recognizing them!

Enrichment Activities Begin
June 29, 2020
