DPSCD BOARD OF EDUCATION ADMINISTRATION

Detroit Public Schools Community District welcomed its new Board of Education at a public swearing-in ceremony at Cass Technical High School on January 11, 2017. The ceremony officially ushered in the return of the school district to local control under the governance of the seven-member board. The purpose of the locally elected Board is to serve as the governing body of the District and to provide public education services to children residing within the geographic boundaries of the City of Detroit. The Board is fundamentally a policy-making or legislative body rather than an administrative body. It is the responsibility of the Board to see that schools are operated properly, and not to administer them directly.

The term of a member of the elected Board shall begin on January 1 following the member's election, has duration as provided by law, and continues until a successor is elected and qualified.

The District may offer additional work assignments to employees based on available funding. These assignments are hourly, and employees are only paid for the actual time worked. No time is paid for District closures, holidays or employee

absences for sick or vacation time. Additional work assignments include but are not limited to Summer School, after school, credit recovery, or tutoring programs. Employee pay rate is negotiated based on each employees union.

The District may offer additional stipend payments to employees based on available funds. Employees must complete all the activities outlined in the stipend, then will receive one lump sum payment for completion of the activates. The District reserves the right to not pay stipends if the employee does not complete the activities.

An employee may not start working an additional work assignment or additional stipend payment until they are hired into the role by Human Resources. Administrators must not to permit employees to work in an additional work assignment until the assignment is approved and the employee is hired into the assignment by Human Resources.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The District believes that early recognition and treatment for mental health problems, illegal drug use or controlled substance abuse, emotional problems, and other personal concerns is important for successful rehabilitation, return to productive work, and reduced personal, family, and social disruption.

Whenever feasible, the District will assist staff members in overcoming either work-related or personal issues. The District's Employee Assistance Program (EAP) is available to all staff members and it provides professional, confidential, voluntary counseling and other assistance.

EAP provides a short-term intervention strategy and is designed to provide staff the opportunity to promptly address issues of immediate concern to them and their families. The EAP can assist staff members who require longer-term assistance to source an appropriate alternative provider.

Assistance through the EAP will be provided on a confidential basis, and each staff member will be referred to the appropriate treatment and counseling services.

Employee Assistance Program

For confidential assistance in many areas, including relationship and family concerns, death of a loved one, stress, anxiety, depression, substance abuse, eldercare referrals, childcare referrals, financial referrals, and legal referrals, contact Ulliance at (800) 448-8326 or visit www.LifeAdvisorEAP.com.

The decision to seek diagnosis and accept treatment and support is primarily the individual staff member's responsibility. Any costs associated with treatment in excess of those costs covered by the staff member's medical insurance plan shall be borne by the Employee.

Although the District will assist a staff member to the extent feasible through the Employee Assistance Program, the District cannot guarantee that the staff member's use of illegal drugs or abuse of alcohol or controlled substances will not impact adversely the staff member's employment status through disciplinary procedures.

EMPLOYEE EVALUATIONS

SCHOOL ADMINISTRATOR EVALUATIONS

The school administrators evaluation system shall ensure that if an administrator is rated as developing or needing support, the person(s) conducting the evaluation shall develop and require the school administrator to implement an

improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the administrator on his/her next annual year-end evaluation. An administrator rated as "ineffective" prior to July 1, 2024, or needing support on or after July 1, 2024, on three (3) consecutive year-end evaluations must be dismissed from employment with the District. This subdivision does not affect the ability of the District to dismiss a school administrator from his/her employment regardless of whether the school administrator is rated ineffective or needing support on three (3) consecutive evaluations.

Refer to: [Board Policy 1420](#)

PROFESSIONAL STAFF EVALUATIONS

Employees' job performance is evaluated at least annually in a year-end evaluation, while providing timely and constructive feedback. Teachers rated highly effective or, as of July 1, 2024, effective on the three (3) most recent consecutive year-end evaluations may be evaluated every other year, or as of July 1, 2024, every third year, at the District's discretion. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. A teacher rated as "ineffective" or, as of July 1, 2024, needing support on three (3) consecutive year-end evaluations must be dismissed from employment as a teacher with the District. In such an instance, all relevant evaluation documents may be used in the proceedings. This subdivision does not affect the ability of the District to dismiss a teacher from his/her employment regardless of whether professional staff are rated ineffective on three (3) consecutive evaluations.

If a teacher is rated as needing support, the teacher must be provided with the options related to review of the evaluation, including a written response, the ability to request mediation, and when appropriate, utilization of the grievance process or binding arbitration as set out in M.C.L. 380.1248.

Refer to: [Board Policy 3220](#)

LEAVES AND ACCOMMODATIONS

LEAVE TYPES

The District recognizes the importance of providing leave benefits to its employees. Leave benefits are provided in accordance with State and Federal Regulations. An overview of leave types is available in Board Policy 3430.

Refer to: [Board Policy 3430](#)

SICK LEAVE ABUSE

Sick leave is to be used in accordance with District policies, practices, and guidelines in order to prevent and deter sick leave abuse. District employees and agents shall immediately report all instances of suspected sick leave abuse to the Superintendent and/or his designee.

Refer to: [Board Policy 3432](#) and [Board Policy 4432](#)

FMLA

In accordance with Federal law, the District shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible employees. FMLA leave is granted for the following reasons:

- A-1: the birth of a child and/or the care of a newborn child within one (1) year of the child's birth;
- B-1: the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival;
- C-1: the staff member is needed to care for a spouse, parent or dependent child if such individual has a serious health

condition, or

D-1: the staff member's own serious health condition prevents him/her from performing the functions of his/her position.

Service Member FMLA provides eligible employees unpaid leave for one, or for a combination of specific reasons, as listed in Board Policy 3430.01. An eligible employee may take up to twenty-six (26) workweeks of leave during a single twelve (12) month period to care for a service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

When to Apply for FMLA Leave

Whenever the leave is foreseeable, the employee shall provide the District with thirty (30) days' advance notice. If there is insufficient time to provide such notice because of unforeseeable events, the employee shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

How to Apply for FMLA Leave

Required forms must be completed and submitted to Employee Health Services. Forms and instructions can be found at this site: <https://www.detroitk12.org/Page/4985>.

How Will Employees Know the Status of Their FMLA Leave Request

At all phases of the FMLA process the District shall provide employees critical electronic notices via work (District) email about pending, current, and future FMLA leaves. The District issued email account will, therefore, serve as the primary means of communication for all incoming and outgoing FMLA-related District communications.

Refer to: [Board Policy 3231.01](#), [Board Policy 3430.01](#) and Appendix Pages 14-20, and <https://www.detroitk12.org/Page/4985>

CHILD FAMILY LEAVE

The District recognizes and understands an employee's need for maternity/paternity leave to care for their newborn or newly adopted child. Available leave is explained in Board Policy 3437.02, and the leave shall run concurrently with FMLA provided the employee qualifies for FMLA.

Refer to: [Board Policy 3437.02](#)

NURSING EMPLOYEES

Staff members who breastfeed their children shall be provided additional unpaid break time, as necessary, to express breast milk on District premises.

Prior to returning to work from maternity leave, the employee shall notify their supervisor of their need to express milk during work hours. The employee shall also keep their supervisor informed of these needs throughout the period of lactation.

The building administrator shall designate a mutually agreed upon private area, other than a restroom, where an employee can express breast milk.

An employee can express milk during regularly scheduled break periods. The Principal or employee's supervisor shall make an accommodation if the time of regular breaks needs to be adjusted or if additional and/or longer breaks are needed. If more breaks are needed or the break(s) need to be longer than legally required, the additional time required

shall be unpaid, and the employee's work schedule or workday shall be modified accordingly.

Refer to: [Board Policy 4430.03](#)

MILITARY LEAVE

The Board provides military leave, reemployment, and other rights as established by the Federal Uniformed Services Employment and Reemployment Rights Act (USERRA) and State law.

Refer to: [Board Policy 4437.01](#)

DISABILITY ACCOMMODATIONS

The District will provide a reasonable accommodation to an individual with a disability, under the law, and as described in Board Policy 3123. Generally, the individual with a disability must inform the District that an accommodation is needed.

A reasonable accommodation is a change or adjustment to a job, or to the work environment, that would permit a qualified individual with a disability to perform the essential functions of a job, or to enjoy the benefits and privileges of employment equal to those enjoyed by employees without disabilities. A reasonable accommodation is not required if it would cause an undue hardship on the operation of the District's programs and/or activities.

To be eligible for a reasonable accommodation regarding a job, a person must be qualified for the job, have a disability as defined by the law, and be able to perform the essential functions of the job with or without a reasonable accommodation. The District does not have to eliminate an essential job function. The District may choose among reasonable accommodations as long as the chosen accommodation allows the employee to perform the essential function of the job.

Employees who request an accommodation and are unable to report to their assigned work location in accordance with their assigned schedule must follow the call-in/notification procedures for their work location, and in accordance with their collective bargaining agreement (if applicable), and Board Policy 3129.

When to Request an ADA Accommodation

A request may be made at any time. It is recommended that you make the request as soon as you recognize that it is needed, and not to delay, as the review and finalization process takes time.

How to Request an ADA Accommodation

Please submit completed ADA forms to Employee Health Services. The ADA forms and instructions can be found at this site: <https://www.detroitk12.org/Page/5023>.

How Will Employees Know the Status of Their ADA Accommodation Request

Employees will receive a written determination regarding their submitted request.

Service Animals in Schools and Elsewhere on District Property

In compliance with the law, individuals with disabilities shall be permitted to be accompanied by a service animal in all schools and elsewhere on District property, including vehicles, where members of the public, participants in services, programs, or activities, or invitees as relevant are allowed to go.

Refer to: [Board Policy 3123](#), [Board Policy 3129](#), [Board Policy 8390](#) and Appendix Pages 7-9

EMPLOYEE CONDUCT

ATTENDANCE

Timely/punctual and regular attendance is an expectation of performance for all District employees, and essential responsibility of all District employees.

Employees are expected to follow the established guidelines for recording their actual hours worked. Failure to properly sign/clock-in and/or out shall be counted as an absence until other evidence is provided.

All persons to whom Board Policy 3129 applies who are unable to report to work must notify their immediate supervisor at the earliest opportunity, and no later than one hour prior to the scheduled starting time or in accordance with work location procedures, whichever is earlier. All employees to whom Board Policy 3129 applies must advise their supervisor of the anticipated date of return.

Employees are expected to notify their supervisor in accordance with their work location's procedures for absences and/or tardies in the event they cannot be at work as required. Should an employee need to be absent or late reporting to work, it is the employee's responsibility to notify their supervisor in accordance with the supervisor's/department's notification process. Employees are required to report on a daily basis when absent (this is not required for employees on an approved Continuous FMLA).

An employee who fails to call in, or report to work, in compliance with their work location's procedures for absences and/or tardies, is considered a no-call/no-show. Any one incident of failure to call/show may result in disciplinary action. Five (5) consecutive missed workdays and failure to notify the employee's supervisor shall subject the employee to disciplinary action.

Refer to: [Board Policy 3129](#) and [Appendix Pages 7-9](#), and [Board Policy 3139.01](#)

TELECOMMUTING

Telecommuting is the ability to work from home or a pre-approved work location away from an employee's work location or District locations making use of the internet, email or phone. By using available technology, an employee is not required to physically commute from home or elsewhere to a District work location.

Telecommuting is neither a universal employee right nor a universal employee benefit. Telecommuting is not appropriate for all employees and positions, nor all employees in the same or similar jobs, and shall be considered on a case-by-case basis by the Superintendent and his/her designees. School-based and site-based positions (those that are critical to the operations of schools and provide direct support to students, families and constituents), are not eligible for telecommuting. Telecommuting may be allowed as a reasonable accommodation under the Americans with Disabilities Act (ADA). Requests will be considered on a case-by case-basis in accordance with the law, District policy and administrative guidelines.

A decision to allow telecommuting shall be made by the Superintendent and cabinet-level designee, in accordance with District administrative guidelines, as an option when appropriate to the particular needs of the District and telecommuter, or under special circumstances such as adverse weather conditions or under special circumstances such as adverse weather conditions. Telecommuting shall only be approved on a time-limited basis by the Superintendent and his/her designees and may be discontinued by the Superintendent or his/her designees at any time. All exceptions to Board Policy 1435 may only be made by the Superintendent when required to meet District needs.

Failure to fulfill work requirements may result in loss of telecommuting privileges, time charged to leave bank, unpaid leave, revocation of telecommuting privileges, disciplinary action, and/or termination of employment.

Employees who do not have or are not able to provide themselves an appropriate place to perform telecommuting work functions shall not telecommute and should work instead at their generally assigned District work location.

Time at home or elsewhere spent in activities other than work shall not be submitted as work-time by the employee to his/her supervisor or designee as directed. Such a circumstance would constitute falsification of time records to receive pay for time not worked and shall be grounds for termination.

District employees on Family Medical Leave Act (FMLA) leave, or other types of continuous leave shall be prohibited from telecommuting. Employees eligible for telecommuting are confined to telecommuting within the United States of America.

Refer to: [Board Policy 1435](#)

DRESS AND GROOMING

The Board believes that staff members set an example in dress and grooming for students to follow. A staff member who understands this precept and adheres to it enlarges the importance of his/her task to serve as a role model to students, presents an image of dignity, and encourages respect. These factors act in a positive manner toward the maintenance of academic decorum and discipline.

District employees shall generally maintain a neat, well-groomed, and professional appearance that is appropriate for their job functions. Attire should always be appropriate to the work location environment and reflect a professional image to the division, school, or department's internal and external customers, the public, and stakeholders whom professional and support staff interact. Business casual is the minimum level of acceptable dress in most District work locations.

Professional and support staff are expected to comply with the standards outlined in Board Policy 3216.

Refer to: [Board Policy 3216](#) and **Appendix Pages 12-13**

SPEECH

The Board acknowledges the right of professional and support staff members, as citizens in a democratic society, to speak out on issues of public concern.

The following guidelines are adopted by the Board to help clarify and, therefore, avoid situations in which the professional and support staff member's expression could conflict with the District's interests. In such situations, he/she should:

- A. state clearly that his/her expression represents personal views and not necessarily those of the School District where appropriate;
- B. not make threats, use obscenities, or use abusive language towards co-workers, administrators, or officials of the District;
- C. refrain from making public expressions which s/he knows to be false or are made without regard for truth or accuracy;
- D. not make defamatory comments about co-workers, administrators, or the district as a whole;
- E. refrain from making public expressions that incite imminent lawless action; and
- F. commit slander or libel against the District or its board members, officers, administrators, employees, agents or contractors.

Refer to: [Board Policy 3310](#)

RELIGIOUS CEREMONIES AND OBSERVANCES

District staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The District shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. Distribution of such materials on District property by any party shall be in accordance with District policy.

The Board acknowledges that it is prohibited from adopting any policy or rule respecting or promoting an establishment of religion or prohibiting any person from the free, individual, and voluntary exercise or expression of the individual's/person's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when individuals are free to associate.

Observance of religious holidays through devotional exercises or acts of worship is also prohibited. Acknowledgment of,

explanation of, and teaching about religious holidays of various religions is encouraged. Celebration activities involving nonreligious decorations and use of secular works are permitted, but it is the responsibility of all faculty members to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on groups or individuals, and do not interfere with the regular school program.

The Board shall not conduct or sanction a baccalaureate service in conjunction with graduation ceremonies.

The Board shall not include religious invocations, benedictions, or formal prayer at any school-sponsored event.

Refer to: [Board Policy 8800](#)

FUNDRAISING

Fundraising is limited in order to prevent disruption and includes solicitation and collection of money for any purpose including collection of money in exchange for tickets, papers, or any other goods or services. Fundraising in school, on school property, or at any school-sponsored event is permitted only when the profit is to be used for school purposes or for an activity connected with the schools.

All fundraising guidelines must be followed. The District considers any activity aiming to solicit financial support or gather voluntary contributions of resources for a particular purpose or charity a fundraising activity.

Requests for fundraising activities are initiated at the discretion of the principal and approved by appropriate District staff. It is the responsibility of the principal to follow the District's internal fund accounting policies and procedures in approving and maintaining adequate controls and accountability over all fundraising activities.

Fundraising activities shall be conducted during non-instructional class time, preferably before and after school or during lunch, so as not to interrupt instruction in the core subjects. At the principal's discretion through approval of fundraising request, the collection of money for pre-paid activities or pre-sale items only may be authorized at a specified time during the school day, as long as this process does not disrupt classroom instruction.

Only District personnel who have received and satisfactorily passed training on handling cash may collect and transact funds in District-approved accounts. All funds shall be deposited into District approved accounts. All fundraising activities and collection of funds associated with fundraising activities shall strictly follow district procedures established by the Superintendent or his/her designee.

In the event that a fundraiser, including a crowdfunding fundraiser is conducted without proper approval or in a manner deemed detrimental to the District or its participants, the District may take legal action and/or disciplinary action against the responsible persons.

The District is not legally responsible for fundraising activities conducted at the local school level and/or approved in accordance with Board Policy 5830.

PERSONAL PROPERTY

From time-to-time employees may wish to bring personal property to work either for reasons associated with professional or employment responsibilities or for use during off-duty time. This practice is permitted provided it is understood that the District is not responsible or liable for any loss, damage, or misuse of said property.

Except in extraordinary circumstances, the District will provide all employees with the equipment and tools necessary to perform their assigned duties.

The owner of the personal property bears all responsibility and assumes all risk for loss, damage or misuse of personal property while it is on Board property and waives any and all claims for loss or damage against the Board and the District. This provision applies, without limitation, to trespassers, invitees, visitors, and independent contractors.

Refer to: [Board Policy 3281](#)

This includes but is not limited to technology equipment, classroom resource materials, and any and all other District property. Employees should take the necessary precautions in securing workspaces that contain District property. Negligence found in securing items that are otherwise damaged, stolen or misplaced may result in disciplinary action up to and including termination.

In addition, the District collects, classifies, and retains data/information from and about students, staff, vendors/contractors, and other individuals, about programs and initiatives undertaken by the school system, and about and related to the business of the District. This information may be in hard copy or digital format and may be stored in the District or offsite with a Third Party provider.

Data/information collected by the District shall be classified as Confidential, Controlled, or Published. Data/information will be considered Controlled until identified otherwise.

Protecting District Information Resources is of paramount importance. Information security requires everyone's active participation to keep the District's data/information secure.

Individuals who are granted access to data/information collected and retained by the District must follow established procedures so the information is protected and preserved. Further, all individuals granted access to Confidential Data/Information retained by the District must certify their compliance with the information security protocols pertaining to Confidential Data/Information annually.

Failure to adhere to Board Policy 8305 and its related administrative guidelines may put data/information collected and retained by the District at risk. Employees who violate this policy and/or the administrative guidelines promulgated consistent with this policy may have disciplinary consequences imposed, up to and including termination of employment, and/or referral to law enforcement.

District on its servers for its educational purposes. The District is committed to the effective use of e-mail by all District staff and Board members in the conduct of their official duties. This policy and corresponding administrative guidelines are intended to establish a framework for the proper use of e-mail for conducting official business and communicating with colleagues, students, parents and community members.

When available, the District's e-mail system must be used by employees for any official District e-mail communications. Personal e-mail accounts on providers other than the District's e-mail system may be blocked at any time if concerns for network security, SPAM (e.g. unsolicited, undesirable or illegal messages), or virus/spyware/malware protection arise. Furthermore, District staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the District's network when opening or forwarding any e-mails or attachments to e-mails originating from unknown sources.

PCDs are provided as tools to conduct District business and to enhance business efficiencies. District-owned cell phones are not a personal benefit and shall not be a primary mode of communication unless they are the most cost-effective means to conduct District business (i.e., because some cell phone services plans are billed on a time-used basis, District-owned cell phones should not be used if a less costly alternative method of communication is safe, convenient and readily available).

The Superintendent or his/her designee shall designate those staff members who will be issued a District-owned cell phone and provided with a cell phone and/or wireless Internet/data service plan.

District-owned cell phones and/or their related service plans are to be used only to place calls, access the Internet, or receive/send e-mails, instant messages or text messages for District business purposes.

Conflicts

Conflicts of Interest

The maintenance of high standards of honesty, integrity, impartiality and professional conduct by the District's employees, officers, and agents ("Officials," i.e. District employee, officer or agent) is essential to ensure the proper performance of school business as well as to earn and keep public confidence in the District.

Board Policy 1130 is adopted to provide guidance on 1) how to avoid actual or perceived conflicts, and 2) what to do if a conflict arises. Officials are expected to perform their official duties in a manner free from both actual conflicts and the appearance of conflicts.

Conflict of Interest occurs when an individual has a financial interest, directly or indirectly, or some other interest that could in some way impair one's fairness and impartiality on the job.

Board Policy 8900 applies to all District officers and employees as well as consultants, vendors, contractors, and/or any other party with a current or prospective business relationship with the District. Any investigative activity required will be conducted without regard to the suspected wrongdoers' length of service, position/title, or relationship(s) to the District.

The District shall protect persons who report potential fraud, waste, abuse and or ethical violations to the OIG. Retaliation against any person who makes a report to the OIG is strictly prohibited. OUTSIDE EMPLOYMENT, ACTIVITIES, AND SPECIAL INTERESTS GROUPS

Outside Activities of Staff

It is the policy of the Board of Education that professional staff members avoid situations in which their personal interests, activities, and associations may conflict with the interests of the District. If such situations occur, the Superintendent shall evaluate the impact of such activity or association upon the professional staff member's responsibilities and take appropriate action as necessary.

Outside employment is regarded as employment for compensation that is not within the duties and responsibilities of the employee's regular position with the school system. Employees shall not be prohibited from holding employment outside the District as long as such employment does not result in a conflict of interest nor interfere with assigned school duties as determined by the District.

The Board expects employees to disclose outside employment. The Board expects employees to devote maximum effort to the position in which employed. An employee will not perform any duties related to an outside job during regular working hours or for professional employees during the additional time that the responsibilities of the District's position require; nor will an employee use any District facilities, equipment or materials in performing outside work.

When the periods of work are such that certain evenings, days, or vacation periods are duty-free, the employee may use such off-duty time for the purposes of non-school employment.

Relations with Special Interest Groups

Any request from civic institutions, charitable organizations, or special interest groups, including religious groups, which involve such activities as patriotic functions, contests, exhibits, sales of products to and by students, sending promotional materials home with students, graduation prizes, fund raising, and free teaching materials must be carefully reviewed to ensure that such activities promote student interests without advancing the special interests of any particular group.

It is the policy of the District that students, staff members, and District facilities not be used for advertising or promoting the interests of any non-school agency or organization, public or private, without the approval of the Superintendent or designee; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by the District or the Board.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance, alcohol, and any drug paraphernalia, by any member of the District's staff at any time while on District property or while involved in any District related activity or event.

Therefore, the Board prohibits the use of marihuana products on District premises, in District vehicles, and in all school buildings owned and/or operated by the District.

A professional or support staff member having an illness or other problem relating to the use of alcohol or other substances will receive the same careful consideration and offer of assistance that is presently extended to professional or support staff members having any other illness.

The responsibility to correct unsatisfactory job performance or behavior resulting from a suspected health problem rests with the professional or support staff member. Failure to do so will result in appropriate corrective or disciplinary action as determined by the Board.

No professional or support staff member will have his/her job security or promotion opportunities jeopardized by his/her request for counseling or referral assistance.

FITNESS FOR DUTY AND PHYSICAL EXAMINATION

The Superintendent or his/her/their designee reserves the right to require any employee to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties.

If an instructional staff member is endangering the safety of students and/or is unable to perform essential functions of the position to which the staff member is assigned, with or without reasonable accommodations, the staff member will be offered the opportunity for a meeting to discuss these issues.

The Superintendent and his/her/their designees may require an instructional staff member to submit to an appropriate examination by a health provider designated by the Superintendent and his/her/their designee to determine whether or not the staff member is a danger to the safety of students and/or is able to perform essential functions of the position to which the staff member is assigned, with or without reasonable accommodations.

The staff member shall execute a release that complies with the Health Insurance Portability and Accountability Act (HIPAA) to allow the report of the medical examination to be released to the Board/Superintendent and to allow the Superintendent to speak to the health care provider who conducted the medical examination for clarification. Refusal to submit to an appropriate examination or to execute the HIPAA release will be grounds for disciplinary action according to the terms of the applicable employee agreement.

Pursuant to State law, the Americans with Disabilities Act and the Genetic Information Nondiscrimination Act, the results of the examination shall be treated as a confidential medical record and will be exempt from release, except as provided by law.

Upon the recommendation of the Superintendent and approval of the Board, a staff member may be placed on a leave of absence related to fitness for duty. This leave shall be without pay but an employee may use available accrued leave or request leave in accordance with the Family Medical Leave Act (FMLA). PERSONNEL

HIRING, PROMOTION, AND SELECTION

False or misleading statements or responses, or omissions made by a person in connection with seeking employment may bar a person from employment with the District or, if discovered after employment, may result in disciplinary action, including termination upon the recommendation of the Superintendent and the approval of the Board. Each case shall be considered on its own merits.

The Superintendent shall serve as the chief executive officer of the District.

It shall be the responsibility of the Superintendent to determine the need for and define operational requirements sufficient to ensure optimized functioning of the District. Maintenance of an efficient, skilled, operational workforce is essential to the effective performance of the District and schools. The Superintendent shall make any necessary modifications to the District's organization which are in the best interests of students, make the most strategic use of District resources, serve the mission, vision, core values, and priorities of the District.

support staff in conformance with any applicable contractual, legal, State certification and Federal requirements.

Refer to: [Board Policy 3130](#)

DISCIPLINE

Progressive discipline is designed to correct unacceptable employee conduct through a series of progressively more serious penalties. Depending on the circumstances, progressive discipline provides the employee with an opportunity to correct their behavior before discharge. Progressive disciplinary steps include, but are not limited to, the following:

- A. Verbal Warning;
- B. Written Reprimand;
- C. Suspension with or without pay; and
- D. Demotion or Discharge.

Progressive discipline may be issued at an appropriate level based on the circumstances surrounding the infraction, the nature and severity of the offense, the employee's past record, and previous history of discipline. Progressive discipline requires that any penalty imposed must correspond to the severity of the misconduct. It should be noted that several disciplinary steps may be skipped if the misconduct of the employee is so serious that a more severe penalty is appropriate. Consequently, under certain circumstances discharge may be warranted on the first offense. The District reserves the right to determine whether infractions committed warrant suspension or discharge.

A fair and objective investigation should be conducted and the degree of discipline administered should be reasonably related to the seriousness of the employee's proven offense and the prior disciplinary record of the employee.

The District shall abide by due process as required by law or as such term is set forth in a collective bargaining agreement, the Teacher Tenure Act, or the individual contract, as applicable.

Refer to: [Board Policy 3139.01](#)

DEMOTION AND DISCHARGE

All instances of demotion and discharge must involve due process.

Teachers, new to the District, who have not previously acquired tenure in the State of Michigan, will be in a probationary status for the first five (5) years of employment before becoming eligible for tenure in the District, except as provided in Board Policy 3142. Beginning July 1, 2024, if a teacher has been rated as effective on or after July 1, 2024, or highly effective before July 1, 2024, on three (3) consecutive year-end performance evaluations and has completed at least four (4) full school years of employment in the probationary period, the teacher is considered to have successfully completed the probationary period.

A teacher who is in a probationary period may be dismissed from his/her employment by the Board at any time.

UNEMPLOYMENT BENEFITS

Michigan's Unemployment Insurance Agency (UIA) administers the unemployment insurance program that provides temporary financial assistance to individuals if they become unemployed through no fault of their own. Benefits are paid through taxes on employers that are covered under the Michigan Employment Security Act.

To receive unemployment benefits an individual must be unemployed and actively seeking a suitable full-time job. DPSCD employees are given reasonable assurance of employment for each school year. [Reasonable Assurance](#) is the District's commitment to employees that there is an expectation of continuing employment in the same or similar capacity upon return from scheduled holidays and break periods. School breaks (including summer) are considered school denial periods because school employees are not unemployed. According to the Unemployment Insurance Agency, providing employees with reasonable assurance of returning to work after academic break periods may cause a denial of unemployment benefits if a claim is filed for any holidays/breaks identified in the District's academic calendar.

STUDENT ISSUES

STUDENT SUPERVISION AND WELFARE

Administrators shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities and are expected to establish and maintain professional staff/student boundaries that are consistent with their legal, professional and ethical duty of care for students.

Since most information concerning a child in school, other than directory information described in the student records policy is confidential under Federal and State laws, any administrator who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Refer to: [Board Policy 1613](#)

District employees shall assume full authority over students under their span of control and maintain order. Instead, district employees shall consider the application of alternative discipline approaches that include, but are not limited to, counseling, student mediation, conflict resolution, parental involvement, alternative education programs, restorative justice, and other forms of positive reinforcement. If all other means fail, professional staff shall consider the administrative removal of disruptive students through detention and in-school/out-of-school suspension. By no means, shall corporal punishment ever be exercised to manage disruptive behavior.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone, in any form, the use of corporal punishment as an appropriate means to discipline students. Corporal punishment is strictly prohibited.

If any staff member, full-time, part-time, or substitute intentionally inflicts, or causes physical pain to be inflicted by hitting, paddling, spanking, slapping, head-butting, forcing prolonged maintenance of physically-painful positions, or make use of any other kind of physical force as a means of disciplining a student, the professional or support staff member shall be subject to discipline up to and including discharge.

A staff member engaging in corporal punishment shall also be subject to possible criminal charges and prosecution.

The interactions and relationships between all District internal and external stakeholders should be based upon mutual respect and trust, an understanding of the appropriate boundaries between adults and students in educational settings; and consistent with District and community standards.

The Board expects all professional and support staff, contractors, as well as all athletic coaches, counselors, administrators, volunteers, and other District stakeholder who directly engage with students on or off District property, to maintain appropriate professional relationships with students and be sensitive to the appearance of impropriety in their conduct with students. All professional and support members are encouraged to discuss issues and concerns with District

administrators or other personnel who function in an administrative/supervisory capacity whenever they are unsure whether particular conduct may constitute or appear as a violation of this policy.

Any person with knowledge or suspicion of an improper relationship between staff and a student must immediately report the conduct to school administration. Staff who makes a good-faith report of a suspected fraternization violation, or who cooperates in inquiries or investigations related to the investigation of such a report, shall be protected from retaliation in accordance with District policy.

The District shall take appropriate disciplinary action, up to and including dismissal, against any staff found to have violated Board Policy 3213.

Refer to: [Board Policy 3213](#)

BOARD POLICY 1662 – ANTI-HARASSMENT

Section	1000 Administration
Title	ANTI-HARASSMENT
Code	po1662

Adopted	December 12, 2017

Last Revised December 12, 2023 (*to ensure you are viewing the most recent version, view the policy on BoardDocs, here: [Board Policy 1662](#))

1662 - ANTI-HARASSMENT

General Policy Statement

It is the policy of the Board of Education to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex, sexual orientation, gender identity, disability, age, religion, height, weight, citizenship, marital or family status, military status, ancestry, genetic information, or any other legally protected category, (collectively, "Protected Classes") that are protected by Federal or State civil rights laws (hereinafter referred to as "unlawful harassment"), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.
- D. Sexual conduct/relationships with students by District employees or any other adult member of the School District community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to District employees or other adult members of the School District community.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Day(s) unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that a District office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Protected Classes or Protected Categories is defined as race, color, national origin, sex, sexual orientation, gender identity, disability, age, religion, height, weight, citizenship, marital or family status, military status, ancestry, genetic information and/or any other legally protected category that is protected by Federal or State civil rights laws.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Responding Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Sexual Harassment is defined as unwelcomed sexual advance, requests for sexual favors and other verbal or physical advances or conduct of a sexual nature.

School District Community means students and District employee (i.e., administrators and professional and classified staff), as well as Board members, agents, volunteers, contractors or other persons subject to the control and supervision of the District.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents) vendors doing business with, or seeking to do business with the District and other individuals who come in contact with members of the School District community at school related events/activities (whether on or off District property.)

Unlawful Harassment; Hostile Work Environment Unlawful harassment is unwelcomed conduct that is based on one of the Protected Classes. For example, an employee who does not get along with co-workers or feels that they are treated poorly by their supervisor – may believe they have a hostile work environment. Despite this feeling, the legal criteria is only met if the employee is being harassed because of their religion, race, age, ethnicity, disability, sex, gender or sexual orientation.

Further, it is only unlawful harassment if a reasonable person would find such harassment to: (i) be severe, pervasive and objectively offensive; (ii) effectively deny a person equal access to the District's education program or activities, including employment opportunities; and (iii) be a condition of continued employment. Petty slights, annoyances, and isolated incidents (unless extremely serious) will not rise to the level of illegality. To be unlawful, the conduct must create a work environment that would be intimidating, hostile, or offensive to reasonable people. Hostile Work Environment claims that

are not based on a Protected Class fall outside of this policy. However, such claims are addressed in Policy 3210 - Standards of Ethical Conduct, Section U and/or Policy 3139.01 - Work Rules and Staff Corrective Discipline, Work Rule G.

The same laws that prohibit harassment based on a Protected Class also prohibit retaliation against individuals who: (i) oppose or report unlawful harassment; or (ii) participate in an unlawful harassment investigation, proceeding or hearing under a federal or state civil rights act which prohibits unlawful harassment.

Workplace Bullying is defined as unwanted, recurring aggressiveness that causes psychological and/or physical harm, while at the same time creating a psychological power imbalance between the bully and their targets. Bullying: (i) must be repeated and does not refer to rudeness or someone simply having a bad day; and (ii) causes harm (physical and/or psychological) to targets as well as individuals who witness it. The three types of bullying in the workplace are Aggressive Communication, Humiliation and Manipulation of Work. While discrimination and harassment have long been found to be illegal, bullying is generally not yet prohibited under federal and state employment laws.

Reports and Complaints of Harassing Conduct

Members of the School District community, which includes all staff, and Third Parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent

To file a complaint of harassment based upon this policy, please utilize the Investigation and Complaint Procedures referenced in Policy 2260.

The name, title, and contact information of this individual will be published annually in the staff handbooks, if any, and on the School District's web site.

The Compliance Officer is responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and Third Parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

The Compliance Officer shall accept reports of unlawful harassment directly from any member of the School District community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other District-level official. Upon receipt of a report of alleged harassment, the Compliance Officer will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. The Compliance Officer will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer within two (2) days. Additionally, any Board employee who observes an act

of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of any party involved in a complaint concerning harassment. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All public records created as a part of an investigation of a complaint of discrimination/retaliation will be maintained by the Compliance Officer in accordance with the Board's records retention policy and applicable law. Additionally, the Respondent must be provided the Complainant's identity.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State and Federal law and the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy. Any such retaliation is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse

State law requires any school teacher or school employee who knows or suspects that a child with a disability under the age of twenty-one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

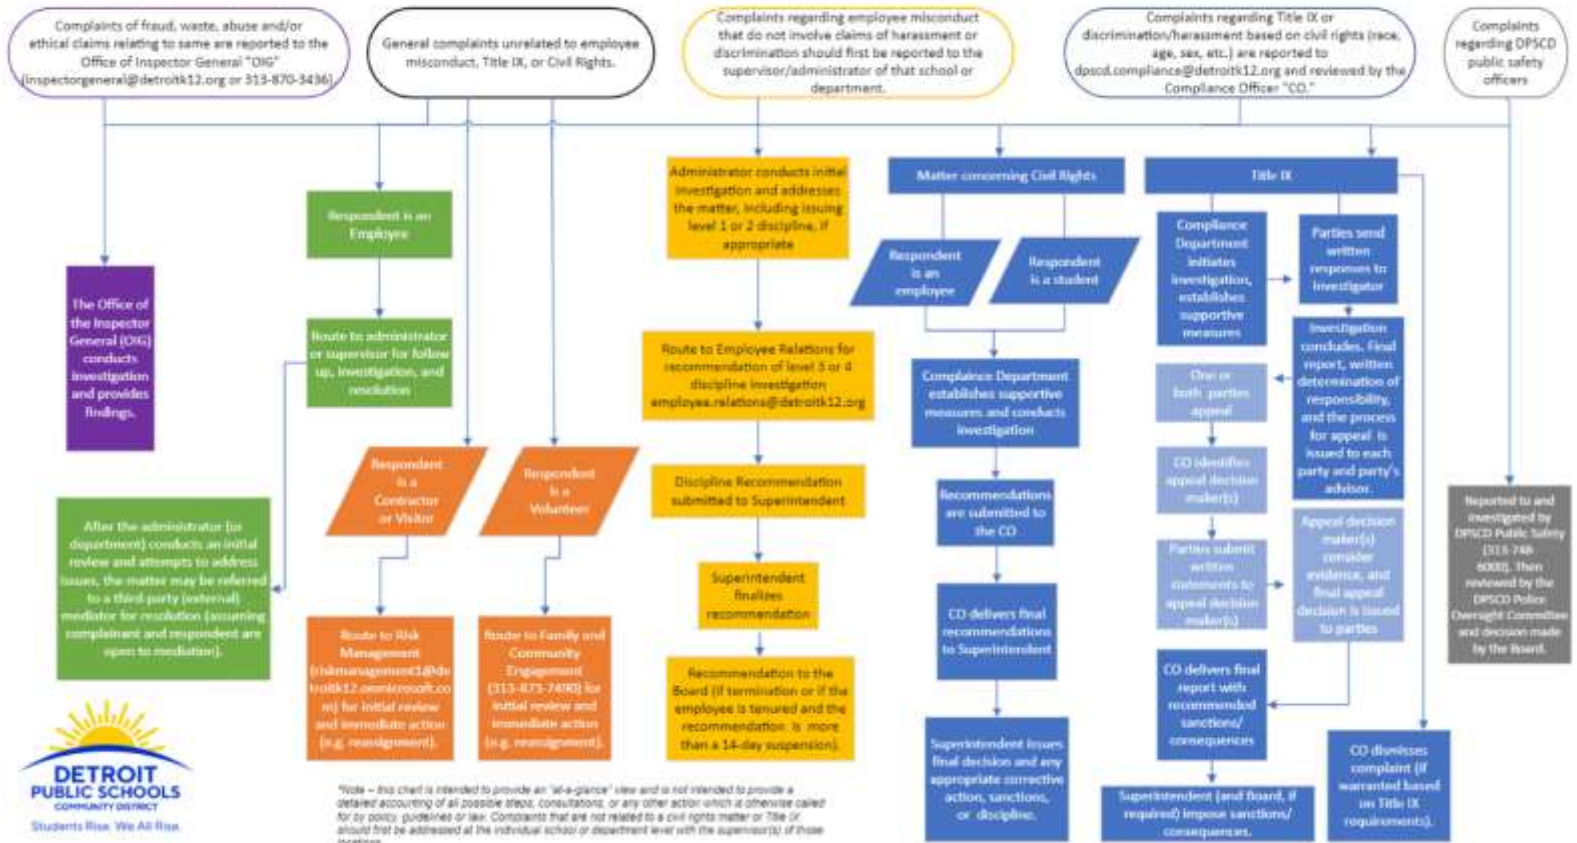

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students where appropriate. Training shall be provided to staff annually. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

BOARD POLICY 3129 – EMPLOYEE ATTENDANCE AND PUNCTUALITY

Section	3000 Professional Staff
Title	EMPLOYEE ATTENDANCE AND PUNCTUALITY
Code	po3129
Status	Active
Adopted	August 14, 2018

Last Revised March 14, 2023 (*to ensure you are viewing the most recent version, view the policy on BoardDocs, here: [Board Policy 3129](#))

3129 - EMPLOYEE ATTENDANCE AND PUNCTUALITY

Timely and regular attendance is an expectation of performance for all District employees. To ensure adequate staffing, positive employee morale, and to meet expected performance standards throughout the District, all District staff shall be held accountable for adhering to their workplace schedule. Excessive employee absenteeism and tardiness negatively affects the provisioning of educational services and is therefore unacceptable. Punctual and regular attendance is, therefore, an essential responsibility of all District employees.

This policy sets forth the expectations for attendance, communication requirements, and establishes corrective action standards for unacceptable employee attendance.

Failure to Sign/Clock-in and/or out for Employees

Employees are expected to follow the established guidelines for recording their actual hours worked. Not to exceed five (5) minutes at the discretion of the work location supervisor of his/her designee. Failure to properly sign/clock-in and/or out shall be counted as an absence until other evidence is provided.

Misrepresentation of Time Worked/Failure to be at Assigned Work Location

Misrepresentation of time worked is when an employee may sign/clock-in but does not directly report to his/her assigned work area to begin work or sign/clock-in and leaves the work area. Employee supervisors shall address such misrepresentation of time worked through progressive disciplinary action.

Misrepresentation is also when an employee clocks in/out for another employee. Misrepresentation of work of this nature could be fraudulent and subject to disciplinary action.

Call-in Guidelines for Employees

All persons to whom this policy applies who are unable to report to work must notify his/her immediate supervisor at the earliest opportunity, and no later than one hour prior to the scheduled starting time or in accordance with work location procedures, whichever is earlier. All employees to whom this policy applies must advise his/her supervisor of the anticipated date of return.

Should an employee need to be absent or late reporting to work, it is the employee's responsibility to notify their supervisor in accordance with the supervisor's/departments' notification process. Employees are required to report on a daily basis when absent (this is not required for employees on an approved Continuous FMLA). Requests in advance are recommended when employees are requesting time off for vacation, personal business and/or planned sick time based on supervisor/departments' guidelines.

All employees to whom this policy applies on sick leave must be in contact with her/his supervisor on a daily basis during the period of absence. If the expected date of return is not known, the employee shall disclose the date for follow-up treatment. An employee who fails to call in and report to work as scheduled for more than five (5) consecutively scheduled workdays will be classified as having abandoned their position and employment may be subject to termination. The supervisor shall consult the Department of Human Resources and Talent if this situation occurs.

Incidents of not following the departmental notification procedures, including No-Call/No-Show, will be addressed in accordance with the District's Progressive Discipline policy.

Employee Job Abandonment

Employees are expected to notify their supervisor in accordance with their work location's procedures for absences and/or tardies in the event he/she cannot be at work as required. An employee who fails to call or report to work is considered a no-call/no-show. Any one incident of failure to call/show may result in disciplinary action. Five (5) consecutive missed workdays and failure to notify the employee's supervisor shall be considered job abandonment and shall be subject to disciplinary action, up to and including termination.

Employee Excessive Absenteeism

District Work Rule A states that "All employees are expected to report for duty every working day. Excessive tardiness or absenteeism will not be condoned." Employees who call in using their work location's procedures, but demonstrate a pattern of poor attendance as outlined in Policy 3432 and Policy 4432 (Sick Leave Abuse) are considered to be excessively absent. Employees considered excessively absent shall be subject to disciplinary action, up to and including termination.

Medical Examinations

An employee not able to return to work following five (5) consecutive days of absence for personal illness may, at the District's discretion, have a medical examination by the District's designated physician. The medical examination shall be restricted to the employee's stated reason(s) for the consecutive absences.

Employees who remain on extended sick leave may be asked to have a medical examination by the District's designated physician during the period they are absent after continued absence beyond two (2) consecutive pay periods. Such examinations are required when sufficient evidence of continued illness is not obtainable by other means.

The Department of Human Resources and Talent shall require a medical examination by the District's designated physician for an employee at any time when the maintenance of minimum health standards in a school or department is in question.

An employee returning from a leave of absence shall, at the District's discretion, have a medical examination by the District's designated physician. A form provided by the District for such purpose, from the employee's personal physician, is required for return from leave of absence for illness. An employee who has been ill with a communicable disease must have a medical examination and release by the District's designated physician.

Discipline Related to Employee Attendance

Attendance will be monitored on a regular basis and unsatisfactory attendance will be addressed in a timely and consistent manner. If the employee demonstrates a pattern and practice of absenteeism or tardiness and fails to begin work as scheduled thereby affecting instruction, student care, operational or business functions of the District, disciplinary action shall be warranted.

When an employee has been previously counseled under the District's progressive discipline guidelines, the totality of the circumstances will be assessed when determining further action. For situations involving suspension or termination of employment, the supervisor shall consult with the District's Office of Employee Relations prior to implementing disciplinary action.

Timely and regular attendance is a performance expectation of all District employees. Consequently, those employees who have exhibited unsatisfactory attendance which resulted in disciplinary action (written or final) during the course of the year shall have the behavior documented in their annual evaluation.

Any disciplinary action taken to address employee attendance as described within this policy shall be consistent and in accordance with applicable negotiated, collectively bargained agreements and State law.

Time Period for Employee Attendance Management

A rolling twelve (12) month period will be considered in monitoring employee attendance. Attendance will be monitored with the most recent occurrence and subsequent disciplinary action taken for additional occurrences.

BOARD POLICY 3216 – STAFF DRESS AND GROOMING

Last Revised July 12, 2022 (*to ensure you are viewing the most recent version, view the policy on BoardDocs, here: [Board Policy 3216](#))

Last Reviewed May 27, 2022

3216 - STAFF DRESS AND GROOMING

The Board believes that staff members set an example in dress and grooming for students to follow. A staff member who understands this precept and adheres to it enlarges the importance of his/her task to serve as a role model to students, presents an image of dignity, and encourages respect. These factors act in a positive manner toward the maintenance of academic decorum and discipline.

District employees shall generally maintain a neat, well-groomed, and professional appearance that is appropriate for their job functions. Attire should always be appropriate to the work location environment and reflect a professional image to the division, school, or department's internal and external customers, the public, and stakeholders whom professional and support staff interact.

No dress code policy can cover all contingencies, so employees must exert a certain amount of judgment in their choice of clothing. Notwithstanding, the District retains the authority to specify dress and grooming guidelines for staff that will prevent such matters from having an adverse impact on the educational process. When assigned to District duty, on or off District property, all professional and support staff members shall:

- A. remain physically clean, neat, and well groomed;
- B. dress in a manner consistent with duties and responsibilities that communicates to students a pride in personal appearance;
- C. practice grooming habits in such a way that their hairstyle or dress does not cause a health, safety hazard, and or disrupt work and classroom settings; and

D. dress in a manner that communicates professionalism to students and the community.

Central Office based professional and support staff who interact with members of the public, parents, students, employment applicants, vendors, and community/ business leaders shall default to business professional dress with their attire unless the Superintendent and his/her/their central office designee(s) indicate otherwise. When in doubt, professional staff and support staff employed at the central office shall adhere to a business professional dress code. Examples of business or professional clothing include jackets and blazers with matching pants, skirt or dresses. Central office staff adhering to the business professional dress code shall wear slacks/pants, shirts/blouses and other formal combinations.

Central Office staff shall dress conservatively. Revealing clothing should be avoided. Persons employed in the central office shall wear dress shoes. Head wear is not permitted in a business professional dress code unless it is for religious or cultural significance or for occupational purposes.

Business casual is the minimum level of acceptable casual dress in all other District settings. Employees and contract workers should minimally default to business casual with their attire unless division/department management indicates otherwise. Notwithstanding, business casual is the minimum level of acceptable dress in most District work locations.

All school based professional and support staff shall minimally maintain a "business casual" dress in order to work comfortably, while projecting a professional image for students, parents, and community members. "Business casual" is a generally accepted dress code standard for the school settings. Appropriate "business casual" dress is typically less formal than traditional business clothing but still professional enough to be appropriate for office and school environments.

Examples of "business casual" clothing items includes but is not limited to: 1) khaki styled pants, trousers and business casual slacks at least ankle length, 2) pressed dress shirt or blouse (traditional button-down, collared is often appropriate)—a tie is optional and a blazer can also be appropriate, 3) polishable loafers, oxfords and boots, pumps, flats, dress sandals, and other types of shoes shall adhere to the "business casual" standard.

Examples of inappropriate "business casual" clothing items include but are not limited to: 1) sweat suits, jogging suits, warm-up suits, wind suits, 2) Yoga pants/exercise leggings, 3) shorts, skirts, and dresses shorter than three inches above the knee (all types)—unless needed to execute assigned duties and responsibilities, 4) casual sandals, "Flip-Flop" thong sandals – plastic, foam, and/or rubber beach type, 5) faded, tattered, frayed, or wrinkled clothing inclusive of denim jeans, 6) casual t-shirts, tube tops, crop tops, off the shoulder tops, spaghetti straps without something over them 7) no midriff, back skin, cleavage or undergarments may show when standing, bending, sitting or stooping, 8) hats or baseball caps, head coverings that do not serve an occupational, cultural or religious purpose or protect from inclement weather and 9) Clothing that is see-through.

Wearing workplace-appropriate denim jeans that are free of holes and tears on special event days or occasionally is appropriate. Collared shirts, polo shirts, sweaters, and turtlenecks are appropriate. T-shirts with school logos that promote school spirit or a university/college going culture shall be considered appropriate attire for the purpose of this policy.

Clothing for all professional and support staff members shall be non-distracting in length and fit, clean, and properly fitting. The cut of sleeveless garments shall not expose undergarments or be otherwise immodest. Upper garments must adequately cover the waistline and must not expose the midriff while the professional and support staff member is performing school-related activities.

Garments traditionally designed as undergarments, such as boxer shorts, sport bras, sleeveless undershirts or other male/female undergarments shall not be worn as outer garments or intentionally displayed. All footwear must remain secure on feet and not present a safety hazard.

The Superintendent and his/her/their designees may approve variations of this staff dress code policy for special situations such as field days, spirit days, class or team days, work days (when there are no parent conferences or meetings with the public) or for those individuals whose responsibilities may necessitate an alternate form of dress, such as physical education teachers, vocational education instructors, coaches (in season), JROTC and other support personnel, such as food service personnel. Disciplines of particular subject areas may necessitate staff dress and grooming guidelines other than "business casual," in such circumstances the Superintendent and his/her/their designees shall provide direction.

Professional and support staff are expected to comply with the standards outlined in this policy. Determination of the appropriateness of professional and support staff dress shall remain under the purview and discretion of the

Superintendent and his/her/their designees. He/she/they shall counsel individual employee(s) regarding suitable, appropriate, acceptable and professional dress, and provide direction as needed. At the worksite level, central office and school-based administrators shall remain responsible for ensuring that employees comply with this policy. Employees who report to work dressed in an unacceptable manner shall be sent home and directed to return to work in proper attire within a reasonable time period. Repeated violations may result in further disciplinary action.

Reasonable accommodations shall be made, by the Superintendent and his/her/their designees for employees who because of a held religious beliefs, cultural heritage, or medical reasons request a waiver of a particular part of this policy and supporting guidelines for professional and support staff dress and grooming. In addition, the Board recognizes employees' right to dress in accordance with their gender identity, within the constraints of the preceding dress and grooming guidelines.

BOARD POLICY 3430.01 – FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Section	3000 Professional Staff
Title	FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")
Code	po3430.01
Status	Active
Adopted	May 2, 2018

Last Revised December 14, 2021 (*to ensure you are viewing the most recent version, view the policy on BoardDocs, here: [Board Policy 3430.01](#))

3430.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

In accordance with Federal law, the District shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible administrators for the following reasons:

- A-1: the birth of a child and/or the care of a newborn child within one (1) year of the child's birth;
- B-1: the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival;
- C-1: the staff member is needed to care for a spouse, parent or dependent child if such individual has a serious health condition, or
- D-1: the staff member's own serious health condition prevents him/her from performing the functions of his/her position.

Employee Entitlement to Service Member FMLA

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

- A-2: A "qualifying exigency" arising out of a covered family member's (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the

member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

B-2: To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a pre-existing illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers.

Duration of Service Member FMLA

- A. When leave is due to a "Qualifying Exigency": An eligible employee may take up to twelve (12) workweeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.
- B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) workweeks of leave during a single twelve (12) month period to care for the service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one (1) time benefit per service member. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.
- C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General FMLA Provisions

Administrators are "eligible" if they have worked for the District for at least twelve (12) months, and for at least 1,250 hours over the twelve (12) months prior to the leave request. Service time may be aggregated when the break-in service is less than seven (7) years for military obligation or subject to recall under a collective bargaining agreement. All full-time administrators are deemed to meet the 1,250-hour requirement. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Twelve (12) month period for determining hours worked and use of leave is defined as a rolling twelve (12) month period measured backward from the date the staff member uses FMLA leave (i.e. the "leave year" is specific to each individual staff member).

For Service Member FMLA leave, the use of the twenty-six (26) weeks of leave will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive full calendar days and any subsequent treatment or period of incapacity relating to the same condition, that also involves either in-person

treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity absent extenuating circumstances beyond the employee's control, or in-person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider;

The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.

2. any incapacity due to pregnancy or for prenatal care;

An expectant mother is entitled to FMLA leave for incapacity due to pregnancy even if she does not receive treatment from a healthcare provider during the absence, and even if the absence does not last for more than three (3) consecutive, full calendar days.

3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis);

- C. conditions for which cosmetic treatment are administered are not "serious health conditions" unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise, the common cold, the flu, earaches, upset stomachs, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, periodontal disease, etc., are conditions that do not meet this definition and do not qualify for FMLA leave.

Whenever the leave is foreseeable, the staff member shall provide the District with thirty (30) days' notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment, the staff member must consult with the District and make a reasonable effort to schedule the leave so as not to unduly disrupt the regular operation of the District, subject to the approval of the healthcare provider.

The staff member may request to substitute any of his/her earned or accrued paid vacation leave, personal leave or family leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for the birth, adoption or foster care placement of a child, or qualifying exigency for a Service Member Family Leave (see A-1, B-1, and A-2 on page one).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for the staff member's own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one and B-2 on page two).

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) or twenty-six (26) week period of FMLA leave, any additional weeks of leave to which the staff member is entitled to shall be unpaid. Whenever a staff member uses paid leave for a qualifying leave under this policy, such leave will count towards the maximum allowable leave, the paid leave, and FMLA/Service Member Family leave to which the staff member is entitled will run concurrently.

The District may allow a staff member to take FMLA leave intermittently or on a reduced-leave schedule for the birth, adoption or foster care placement of a child (see A-1 and B-1 on page one). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one). The taking of such leave results in the total reduction of the twelve (12) weeks only by the amount of leave actually taken. Leave will be

accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment, the District may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties. Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the District for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

The District will notify the staff member when the District intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing. When verbal notice is given, it will be followed by written notice within ten (10) business days. In the case of intermittent or reduced-leave schedule leave, only one (1) such notice is required unless the circumstances regarding the leave have changed. If the District does not have sufficient information about the reason for an employee's use of paid leave, the District may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once the District learns that a paid leave is for an FMLA leave-qualifying reason, the District will promptly notify the staff member that the paid leave will count toward the staff member's twelve (12) week FMLA-leave entitlement.

In cases in which the District employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child, or twenty-six (26) weeks of FMLA leave for Service Member Leave.

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parent or dependent child with a serious health condition (see C-1 and D-1 on page one), the staff member must provide medical certification from the healthcare provider of the eligible staff member or his/her immediate family member. When the staff member requests qualifying Service Member Leave, he/she must provide certification of a qualifying exigency or of the service member's serious illness. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed.

The staff member may either:

- A. submit the completed medical certification to the District; or
- B. direct the healthcare provider to transfer the completed medical certification directly to the District, which will generally require the staff member to furnish the healthcare provider with a HIPAA- compliant authorization.

In the event the staff member fails to provide medical certification, any leave taken by the employee will not qualify for FMLA Leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days' notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Superintendent within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and District. The District shall be responsible for maintaining a record of those communications.

The District reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

- A. submit the opinion of the second healthcare provider, and the opinion of the third healthcare provider if applicable, to the District; or

- B. direct the second or third healthcare provider to transfer his/her opinion directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event the staff member fails to provide the medical opinion of the second or third healthcare provider, if applicable, any leave taken by the employee will not qualify for FMLA leave.

A staff member who takes leave for his/her own serious health condition prior to returning to work must provide the District with a statement from his/her healthcare provider that he/she is able to resume work.

Upon return from any FMLA leave, the District will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the District shall maintain the staff member's current coverage under the District's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

Any leave or return from leave during the last five (5) weeks of an academic term shall be reviewed individually by the District to minimize disruption to the students' program. Special rules under the FMLA may apply for instructional staff.

The staff member shall not accrue any sick leave, vacation, or other benefits during a period of unpaid FMLA leave.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

If the staff member fails to return to work at the end of the leave for reasons other than the continuation, recurrence, or onset of a serious health condition of the staff member or of the staff member's immediate family member, or for circumstances beyond the control of the staff member, the staff member shall reimburse the District for the health insurance premiums paid by the District during the unpaid FMLA leave period.

Communication Requirements During FMLA Leave and Prior to Return to Work

Effective three-way communication between employees, health care providers, and the District is critically important at all phases of the FMLA process and is a key component of administering the District's FMLA program. At all phases of the FMLA process the District shall provide employees critical electronic notices via work (District) email about pending, current, and future FMLA leaves, as well as their responsibilities and rights under the FMLA. The District issued email account will, therefore, serve as the primary means of communication for all incoming and outgoing FMLA-related District communications.

Fielding occasional emails from the District's Employee Health Services (EHS) office, and or work site supervisors that relate to the administration of the FMLA process are critically important to ensure compliance with FMLA requirements. Employees shall therefore occasionally monitor their work (District) email account while on FMLA to respond to any FMLA-related communications from the District's EHS office, worksite supervisor(s), and or employee's health care provider(s) related to their FMLA leave. For employees who experience hardship accessing their work (District) email, it is their responsibility to call the District's EHS office to report any experienced communication difficulties and provide periodic updates on his/her status and intent to return to work.

District employees on FMLA shall comply with the District's usual and customary notice and procedural requirements for requesting leave. Employees on FMLA shall follow District call-in guidelines like any other employee. Under FMLA regulations, an employee must comply with the District's call-in procedures unless unusual circumstances prevent them from doing so. In such cases, the employee shall provide notice to his/her supervisor as soon as practicably possible. Failure to provide timely absence or tardy notice to the employee's immediate supervisor may lead to FMLA leave approval delays or denials and may be subject to progressive employee discipline where good cause is not shown. Failure to adhere to daily call-in requirements while on an intermittent FMLA leave may also result in processing and associated compensation delays.

Work Beyond District Employment While on FMLA Leave

District Policy 3231.01 titled Outside Employment prohibits outside supplemental employment for all District employees while on any type of leave. An employee approved for FMLA leave shall therefore not work in any capacity that impedes the employee's recovery from, or treatment for reported health condition(s). As such, employees found to be engaging in

outside employment while on FMLA leave that potentially impedes the employee's recovery efforts shall be subject to investigation, potential disciplinary action and dismissal.

FMLA fraud occurs when employees take FMLA leave for purposes other than those permitted under FMLA. For example:

- Working for another employer, performing same or similar duties that the employee's FMLA medical certification form says he or she is not able to perform; or
- Engaging in off-duty activity, while on FMLA leave for one's own serious health condition, that is inconsistent with the limitations the serious health condition imposes.

Travel While on FMLA Qualifying Leave

Whether District employees engage in personal travel while on FMLA leave and retain the law's protections will depend on the nature of their activities while engaging in personal travel, and whether those activities stand in contrast to the reason FMLA qualifying leave was taken. This policy requires employees on medical leave to stay close to home and allows travel for purpose of obtaining treatment for themselves or to care for an immediate family member (spouse, child, or parent) with a serious health condition. Long-distance travel requires written permission from the District.

Recertification

To the extent permitted by applicable law, if the District has reason to doubt the validity of a medical certification, the District shall exercise its right to obtain a second or third medical opinion at the District's expense. If the District determines that the certification is incomplete, it shall provide a written notice indicating what additional information is required.

During an FMLA leave, employees shall be required to provide the District periodic status updates regarding expected date of return and/or intent to return to work.

Recertification shall be required no more often than every thirty (30) days in connection with an absence by the staff member unless the condition will last for more than thirty (30) days. For conditions that are certified as having a minimum duration of more than thirty (30) days, the District will not request recertification until the specified period has passed, except that in all cases the staff member must submit recertification every six (6) months in connection with an absence by the employee. Additionally, the District may require a staff member to provide recertification in less than thirty (30) days if the staff member requests an extension of leave, the circumstances described in the previous certification have changed significantly, or if the District receives information that casts doubt upon the staff member's stated reason for the absence or the continuing validity of the certification. Finally, staff members must provide a new medical certification each leave year for medical conditions that last longer than one (1) year. If an employee fails to provide a recertification within a reasonable time under the particular facts and circumstances, then the employer may deny continuation of the FMLA leave protections.

A staff member who takes leave for their own serious health condition that makes him/her unable to perform the functions of his/her position; prior to returning to work, must provide the District and his/her designees with a fitness-for-duty certification that specifically addresses the staff member's ability to perform the essential functions of his/her job. The fitness-for-duty certification shall only apply to the particular health condition that caused the staff member's need for FMLA leave. If reasonable safety concerns exist, the District shall under certain circumstances, require a staff member to submit a fitness-for-duty certification before he/she returns to work from FMLA leave. The cost of the certification shall be borne by the staff member.

Dishonesty, Fraud, and Misuse of FMLA

All credible reports of suspected FMLA abuse shall be investigated and documented. FMLA dishonesty, fraud, and abuse refers to employees' legitimate use of FMLA qualifying leaves in a fraudulent manner, or in cases where FMLA was fraudulently obtained by the employee. All findings of FMLA malfeasance and or abuse shall be subject to disciplinary action and dismissal. Under all circumstances where an employee has committed fraud in obtaining FMLA leave, the District is exempted from all obligations to the employee under FMLA rules. A staff member who fraudulently obtains and uses FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

Compliance

Absent extenuating circumstances, if an employee fails to follow this policy, the District shall exercise its right to delay or deny the FMLA request. The District shall prepare administrative guidelines that are appropriate for this policy and shall ensure that the policy and associated administrative guidelines are posted and properly adhered to.

In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly, situated persons shall be treated similarly.

The District shall provide a copy of this policy to all staff members on any form of FMLA. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the District has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Superintendent and his/her designees.

The District will not interfere with, restrain, or deny the exercise or attempted exercise of a right established under this FMLA policy. Further, the District will not discharge, fine, suspend, expel, discipline, or discriminate against a staff member with respect to any term or condition of employment because of the staff member's actual or potential exercise, or support for another employee's exercise, of any right established under this FMLA policy. Nothing herein shall prevent the District from taking an employment action that is independent of the exercise of a right under this FMLA policy. Finally, the District will not deprive an employee who takes FMLA pursuant to this policy of any benefit that accrued before the date that leave commences.

BOARD POLICY 7540.04 – STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY

Section	7000 Property
Title	STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY
Code	po7540.04
Status	Active
Adopted	January 15, 2019
Last Revised	June 13, 2023 (*to ensure you are viewing the most recent version, view the policy on BoardDocs, here: Board Policy 7540.04)

7540.04 - STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY

Technology directly affects the ways in which information is accessed, communicated and transferred in society. Educators are expected to continually adapt their means and methods of instruction and the way they approach student learning to incorporate the latest technologies. The District provides Information & Technology Resources to support the educational and professional needs of its staff and students. The District provides staff with access to the Internet for educational purposes only and utilizes online educational services/applications to enhance the instruction delivered to its students and to facilitate the staff's work. The District's computer network and internet system does not serve as a public access service or a public forum, and the District imposes reasonable restrictions on its use consistent with its stated educational purpose.

The District regulates the use of District Information & Technology Resources by principles consistent with applicable local, State, and Federal laws, the District's educational mission and articulated expectations of employee conduct as delineated in Employee Work Rules. The District's technology policy series and its related administrative guidelines and any applicable employment contracts and collective bargaining agreements govern the staff's use of the District's Information & Technology Resources and staff's personal communication devices when they are connected to District Information & Technology Resources, including online educational services/apps, regardless of whether such use takes place on or off school property (see [Policy 7530.02](#)).

Staff members are prohibited from using District Information & Technology Resources to engage in illegal conduct (e.g., libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, etc.) or conduct that violates this Policy and its related administrative guidelines (e.g., making personal attacks and injurious comments, invading a person's privacy, etc.). Nothing herein, however, shall infringe on a staff member's First Amendment rights. Because District Information & Technology Resources are not unlimited, the Board may institute restrictions aimed at preserving these resources, such as placing limits on the use of bandwidth, storage space, and printers.

Staff members have no right or expectation to privacy when using District Information & Technology resources (including, but not limited to, privacy in the content of their personal files, messages/e-mails, and records of their online activity).

Staff are expected to use District Information & Technology Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource-sharing, innovation, and communication skills and tools essential to both life and work. The District encourages staff to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services/apps will be guided by [Policy 2521 - Selection of Instructional Materials and Equipment](#).

The Internet is a global information and communication network that brings incredible education and information resources to students. Through the internet, students and staff can access relevant information to enhance their learning and the education process. Further, District Information & Technology Resources provide students and staff with the opportunity to communicate with people throughout the world. However, access to such an incredible quantity and diversity of information and resources brings with it certain unique challenges and responsibilities.

While the Board uses various technologies to limit the use of District Information & Technology Resources to only use/access online services/apps and resources that have been pre-approved for the purpose of instruction, study, and research related to the curriculum, it is impossible to prevent users from accessing and/or coming in contact with online content that has not been pre-approved for use by students of certain ages. It is no longer possible for educators and community members to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them) when significant portions of students' education take place online or through the use of online educational services/apps.

Pursuant to Federal law, the District has implemented technology protection measures to protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act (CIPA). At the discretion of the Superintendent, the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The District also utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material deemed as obscene, objectionable, inappropriate, and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the District Information & Technology Resources if such disabling will cease to protect against access to materials prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplined, up to and including termination.

The Superintendent or designees may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures. The Superintendent or his/her designees may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

Principals are responsible for providing training so that staff under their supervision are knowledgeable about this policy and its accompanying guidelines.

Staff members will have access to professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of staff and students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., 'hacking', 'harvesting', 'digital piracy', 'data mining', etc.), cyberbullying, and other unlawful or inappropriate activities by students or staff online; and
- D. unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors or any other individual.

Staff members shall provide guidance and instruction to their students regarding the appropriate use of District Information & Technology Resources and online safety and security as specified above. Additionally, such training shall include, but not be limited to, education concerning appropriate online behavior including interacting with others on social media, including in chat rooms, and cyberbullying awareness and response. Further, staff members shall monitor students' online activities while the students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The unauthorized disclosure of personally identifiable information about students online is prohibited.

All staff members who use District Information & Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

In order to keep District Information & Technology Resources operating in a safe, secure, efficient, effective, and beneficial manner to all users, staff members are required to comply with all District-established cybersecurity procedures, for which they have been trained. Principals are responsible for providing such training on a regular basis and measuring the effectiveness of the training.

Staff will be assigned a District-provided e-mail address they are required to use for all school-related electronic communications, including those to students, parents and other staff members in accordance with [Policy 7540.05](#).

With prior approval from the Superintendent or designee, staff may direct students who have been issued District assigned e-mail accounts to use those accounts when signing up/registering for access to various online educational services/apps that the student will use for educational purposes under teacher supervision.

Staff members are responsible for good behavior when using District Information and Technology Resources - i.e., behavior comparable to that expected when they are in physical classrooms, school buildings, and at school-sponsored events. Because communications on the Internet are often public in nature, general rules for professional behavior and communication apply. The District does not approve any use of District Information & Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Staff may only use District Information & Technology Resources to access or use social media in accordance with the District's social media policy, [Policy 7544](#).

Staff and students are strictly prohibited from sharing District-issued login credentials with other users.

Use of Artificial Intelligence/Natural Language Processing Tools

Staff are permitted to use Artificial Intelligence and Natural Language Processing (NLP) tools (collectively, "AI/NLP tools") to accomplish their job responsibilities so long as the use is ethical, responsible, and does not violate any provisions of this policy (e.g., it does not infringe on students' or staff members' privacy rights, violate their duty to maintain confidentiality related to personally identifiable information, etc.).

With respect to students, it is the Board's policy that they are required to rely on their own knowledge, skills, and resources when completing school work. A student's unauthorized use of AI/NLP tools is considered a form of plagiarism and any

student found using such tools without permission or in a prohibited manner will be disciplined in accordance with the Student Code of Conduct.

Notwithstanding the preceding, students are allowed to use AI/NLP tools in the school setting if they receive prior permission/consent from their teacher, so long as they use the AI/NLP tools in an ethical and responsible manner. Teachers have the discretion to authorize students to use AI/NLP tools for the following uses:

- A. Research assistance: AI/NLP tools can be used to help students quickly and efficiently search for and find relevant information for their school projects and assignments.
- B. Data Analysis: AI/NLP tools can be used to help students to analyze, understand, and interpret large amounts of data, such as text documents or social media posts. This can be particularly useful for research projects or data analysis assignments – e.g., scientific experiments and marketing research.
- C. Language translation: AI/NLP tools can be used to translate texts or documents into different languages, which can be helpful for students who are learning a new language or for students who are studying texts written in a different language.
- D. Writing assistance: AI/NLP tools can provide grammar and spelling corrections, as well as suggest alternative word choices and sentence structure, to help students improve their writing skills.
- E. Accessibility: AI/NLP tools can be used to help students with disabilities access and understand written materials. For example, text-to-speech software can help students with specific learning disabilities or visual impairments to read texts and AI-powered translation tools can help students with hearing impairments to understand spoken language.

If a student has any questions about whether they are permitted to use AI/NLP tools for a specific class assignment, they should ask their teacher.

Users who disregard these policies and the accompanying guidelines may have their user privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of District Information & Technology Resources that are not authorized by this policy and its accompanying guidelines.

The Board designates the Superintendent and designee as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members’ use of District Technology and Information Resources.

In addition, Federal and State confidentiality laws forbid schools and their employees from using or disclosing student education records without parental consent. See [Policy 8330](#). Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Staff members who violate State and Federal confidentiality and/or privacy laws related to the disclosure of student or employee personally identifiable employee information may be disciplined.

Staff members retain rights of communication for collective bargaining purposes and union organizational activities.

BOARD POLICY 8900 – FRAUD, WASTE, AND ABUSE

Section	8000 Operations
Title	FRAUD, WASTE, AND ABUSE
Code	po8900
Status	Active
Adopted	January 15, 2019

8900 - FRAUD, WASTE, AND ABUSE

The Board prohibits and will not tolerate or condone fraudulent, unethical, or dishonest activities that promote or condone fraud, waste, and abuse.

Consistent with the standards of conduct in the Code of Ethics and other District policies and administrative guidelines, the Board is committed to establishing and maintaining an organizational culture of ethical behavior. As such, the Superintendent and his/her designees shall be responsible for implementing an effective system of internal controls to prevent and/or minimize fraud, waste, and abuse.

This policy applies to all District officers and employees as well as consultants, vendors, contractors, and/or any other party with a current or prospective business relationship with the District. Any investigative activity required will be conducted without regard to the suspected wrongdoers' length of service, position/title, or relationship(s) to the District.

This policy: 1) identifies what constitutes fraud, waste, and abuse; 2) establishes protocol for the reporting and investigation of suspected wrongful activities that fall within these definitions; and 3) if fraud, waste or abuse is substantiated, authorizes the Superintendent or his/her designee to pursue employee discipline and/or legal remedies made available under the law.

What Constitutes Fraud, Waste, and Abuse

Fraud is a willful or deliberate act or omission by which an individual intends to unlawfully deprive the District through an unauthorized benefit, service, property or something of value by deception, misrepresentation or other unethical or unlawful means. Fraudulent acts include, but are not limited to:

- A. Forgery, falsification or alteration of District documents or records;
- B. Falsification or misrepresentation of reports, timesheets, travel claims for reimbursement or other expense reimbursement claims;
- C. Authorizing or receiving compensation for time not worked;
- D. Unauthorized removal, theft or inappropriate use or destruction of District records, furniture, fixtures, equipment, goods, supplies or other assets;
- E. Embezzlement or misappropriation of funds or impropriety in handling or reporting of money or financial transactions of the District;
- F. Offer, payment or acceptance of bribes or gratuities;
- G. Accepting or seeking anything of material value from contractors, vendors, or persons providing services/materials to the District. Except for those items allowed by Policy 3214 - Staff Gifts;
- H. Unauthorized accessing, taking another's information (including e-mail communications), and/or disclosing or distributing confidential District information;
- I. Taking or using the intellectual property of the District or a third party for personal gain; and
- J. Any similar or related irregularity.

Waste is the careless expenditure, consumption, or mismanagement of District resources to the detriment of the District. Most waste does not involve a violation of law. Instead, waste relates to inappropriate actions and inadequate oversight, which may result in a monetary loss or unnecessary costs to the District. Wasteful acts include, but are not limited to:

- A. Inappropriate or unallowable expenses charged to federal or state grants;

- B. Excessive or unnecessary purchases that are not consistent with the school or operational unit of the District; and
- C. Mismanagement or any act that results in the loss or misuse of District assets.

Abuse involves behavior that is deficient or improper when compared with behavior that a prudent person would consider reasonable and necessary business practice, given the facts and circumstances. Abuse can occur in financial or non-financial settings, and does not necessarily involve fraud, violation of laws, or administrative guidelines. Abusive acts include, but are not limited to:

- A. Misuse of authority or position for personal benefit or advantage for a family member(s) or business associate(s);
- B. Personal use or misuse of District vehicles, property, supplies or other assets;
- C. Conducting personal business on District time; and
- D. Abuse of authority and/or actions taken to circumvent District policies and administrative guidelines.

Reporting of Suspected Irregular Activity:

- A. All employees or agents of the District shall be responsible for reporting any observed or suspected fraud, waste, abuse, or related activity. No officer or employee of the Board and District shall threaten, discipline or retaliate against an employee; or intimidate or coerce an employee because the employee has acted in accordance with the requirements of this policy. Similarly, an employee shall not destroy, or allow to be destroyed, any document or record of any kind that the employee knows may be relevant to a past, present or future investigation.
- B. Complaints may be filed with the OIG via the fraud hotline, web-based complaint form, fax, email, postal mail, phone, or in person. Persons making reports may choose to remain anonymous or disclose their identity. Information provided to the Inspector General (along with witness statements and investigation results) will be kept confidential to the extent permitted by applicable law(s).

Protocol for Investigation by OIG: The Inspector General is authorized, under Board Policy 1270, to initiate, conduct, supervise, and coordinate investigations designed to detect, deter, and prevent fraud, waste, financial mismanagement, misconduct and other abuses in the District.

Generally, OIG final reports comprise the following results: 1) Unfounded; 2) Findings and Recommendation(s) for corrective action including an employee disciplinary hearing convened by the District's Human Resources' Office of Employee Relations or other administrative action(s); and 3) Referral to appropriate law enforcement organization for criminal matters.

The Inspector General will provide the Superintendent and/or his/her designee as well as board leadership with investigative status updates on sensitive matters and matters having potential for media interest.

Upon conclusion of an investigation by the OIG, recommendations shall be considered by the Superintendent and his/her designees. If the allegations involve criminal wrongdoing, the Inspector General will refer the matter to the appropriate Law Enforcement agency and coordinate with such agency and/or judicial entities in an effort to obtain court-ordered restitution, or to recover District assets lost by fraud.

EMPLOYEE RIGHTS

UNDER THE FAIR LABOR STANDARDS ACT

FEDERAL MINIMUM WAGE

\$7.25

PER HOUR

BEGINNING JULY 24, 2009

The law requires employers to display this poster where employees can readily see it.

OVERTIME PAY

At least 1½ times the regular rate of pay for all hours worked over 40 in a workweek.

CHILD LABOR

An employee must be at least 16 years old to work in most non-farm jobs and at least 18 to work in non-farm jobs declared hazardous by the Secretary of Labor. Youths 14 and 15 years old may work outside school hours in various non-manufacturing, non-mining, non-hazardous jobs with certain work hours restrictions. Different rules apply in agricultural employment.

TIP CREDIT

Employers of "tipped employees" who meet certain conditions may claim a partial wage credit based on tips received by their employees. Employers must pay tipped employees a cash wage of at least \$2.13 per hour if they claim a tip credit against their minimum wage obligation. If an employee's tips combined with the employer's cash wage of at least \$2.13 per hour do not equal the minimum hourly wage, the employer must make up the difference.

PUMP AT WORK

The FLSA requires employers to provide reasonable break time for a nursing employee to express breast milk for their nursing child for one year after the child's birth each time the employee needs to express breast milk. Employers must provide a place, other than a bathroom, that is shielded from view and free from intrusion from coworkers and the public, which may be used by the employee to express breast milk.

ENFORCEMENT

The Department has authority to recover back wages and an equal amount in liquidated damages in instances of minimum wage, overtime, and other violations. The Department may litigate and/or recommend criminal prosecution. Employers may be assessed civil money penalties for each willful or repeated violation of the minimum wage or overtime pay provisions of the law. Civil money penalties may also be assessed for violations of the FLSA's child labor provisions. Heightened civil money penalties may be assessed for each child labor violation that results in the death or serious injury of any minor employee, and such assessments may be doubled when the violations are determined to be willful or repeated. The law also prohibits retaliating against or discharging workers who file a complaint or participate in any proceeding under the FLSA.

ADDITIONAL INFORMATION

- Certain occupations and establishments are exempt from the minimum wage, and/or overtime pay provisions. Certain narrow exemptions also apply to the pump at work requirements.
- Special provisions apply to workers in American Samoa, the Commonwealth of the Northern Mariana Islands, and the Commonwealth of Puerto Rico.
- Some state laws provide greater employee protections; employers must comply with both.
- Some employers incorrectly classify workers as "independent contractors" when they are actually employees under the FLSA. It is important to know the difference between the two because employees (unless exempt) are entitled to the FLSA's minimum wage and overtime pay protections and correctly classified independent contractors are not.
- Certain full-time students, student learners, apprentices, and workers with disabilities may be paid less than the minimum wage under special certificates issued by the Department of Labor.

Minimum Hourly Wage Rate

Employees must be paid at least:

Effective Date	Minimum Hourly Wage Rate	Tipped Employee		85%** Rate
		Minimum Hourly Rate	Reported Average Hourly Tips	
January 1, 2023	\$10.10*	\$3.84	\$6.26	\$8.59
January 1, 2024	\$10.33*	\$3.93	\$6.40	\$8.78
January 1, 2025	\$10.56*	\$4.01	\$6.55	\$8.98

*An increase in the minimum hourly wage rate as prescribed in subsection (1) does not take effect if the unemployment rate for this state, as determined by the Bureau of Labor Statistics, United States Department of Labor, is 8.5% or greater for the calendar year preceding the calendar year of the prescribed increase. An increase in the minimum hourly wage rate as prescribed in subsection (1) that does not take effect pursuant to this subsection takes effect in the first calendar year following a calendar year for which the unemployment rate for this state, as determined by the Bureau of Labor Statistics, United States Department of Labor, is less than 8.5%.

► **Minors 16-17 years of age may be paid 85% of the minimum hourly wage rate.

Training Wage

A training wage of \$4.25 per hour may be paid to employees 16 to 19 years of age for the first 90 calendar days of employment.

Overtime

Employees covered by the IWOWA must be paid 1-1/2 times their regular rate of pay for hours worked over 40 in a workweek. The following are exempt from overtime requirements: employees exempt from the minimum wage provisions of the Fair Labor Standards Act of 1938, 29 USC 201 to 219 (except certain domestic service employees), professional, administrative, or executive employees; elected officials and political appointees; employees of amusement and recreational establishments operating less than 7 months of the year; agricultural employees, and any employee not subject to the minimum wage provisions of the act.

Compensatory Time

If an employer meets certain conditions, employees may agree to receive compensatory time of 1-1/2 hours for each hour of overtime worked. The agreement must be voluntary, in writing, and obtained before the compensatory time is earned. All compensatory time earned must be paid to an employee. Accrued compensatory time may not exceed 240 hours. Employers must keep a record of compensatory time earned and paid. Contact the Wage and Hour Division for information on the conditions an employer must meet to offer compensatory time off in lieu of overtime compensation.

Equal Pay

An employer shall not discriminate on the basis of sex by paying employees a rate which is less than the rate paid to employees of the opposite sex for equal work on jobs requiring equal skill, effort, and responsibility performed under similar working conditions - except where payment is pursuant to a seniority system, merit system or system measuring earnings on the basis of quantity or quality of production or a differential other than sex.

Enforcement

An employee may either file civil action for recovery of unpaid minimum wages or overtime, or they may file a complaint with the Department of Labor and Economic Opportunity. The department may investigate a complaint and file civil action to collect unpaid wages or overtime due the employee and all employees of an establishment. Recovery under this act can include unpaid minimum wages and/or overtime, plus an equal additional amount as liquidated damages, costs, and reasonable attorney fees. A civil fine of \$1,000 can be assessed to an employer who does not pay minimum wage and/or overtime.

EMPLOYERS HOLDING FEDERAL CONTRACTS OR SUBCONTRACTS

The Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) enforces the nondiscrimination and affirmative action commitments of companies doing business with the Federal Government. If you are applying for a job with, or are an employee of, a company with a Federal contract or subcontract, you are protected under Federal law from discrimination on the following bases:

Race, Color, Religion, Sex, Sexual Orientation, Gender Identity, National Origin

Executive Order 11246, as amended, prohibits employment discrimination by Federal contractors based on race, color, religion, sex, sexual orientation, gender identity, or national origin, and requires affirmative action to ensure equality of opportunity in all aspects of employment.

Asking About, Disclosing, or Discussing Pay

Executive Order 11246, as amended, protects applicants and employees of Federal contractors from discrimination based on inquiring about, disclosing, or discussing their compensation or the compensation of other applicants or employees.

Disability

Section 503 of the Rehabilitation Act of 1973, as amended, protects qualified individuals with disabilities from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment by Federal contractors. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship to the employer. Section 503 also requires that Federal contractors take affirmative action to employ and advance in employment qualified individuals with disabilities at all levels of employment, including the executive level.

Protected Veteran Status

The Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212, prohibits employment discrimination against, and requires affirmative action to recruit, employ, and advance in employment, disabled veterans, recently separated veterans (i.e., within three years of discharge or release from active duty), active duty wartime or campaign badge veterans, or Armed Forces service medal veterans.

Retaliation

Retaliation is prohibited against a person who files a complaint of discrimination, participates in an OFCCP proceeding, or otherwise opposes discrimination by Federal contractors under these Federal laws.

Any person who believes a contractor has violated its nondiscrimination or affirmative action obligations under OFCCP's authorities should contact immediately:

In addition to the protections of Title VII of the Civil Rights Act of 1964, as amended, Title VI of the Civil Rights Act of 1964, as amended, prohibits discrimination on the basis of race, color or national origin in programs or activities receiving Federal financial assistance. Employment discrimination is covered by Title VI if the primary objective of the financial assistance is provision of employment, or where employment discrimination causes or may cause discrimination in providing services under such programs. Title IX of the Education Amendments of 1972 prohibits employment discrimination on the basis of sex in educational programs or activities which receive Federal financial assistance.

Individuals with Disabilities

Section 504 of the Rehabilitation Act of 1973, as amended, prohibits employment discrimination on the basis of disability in any program or activity which receives Federal financial assistance. Discrimination is prohibited in all aspects of employment against persons with disabilities who, with or without reasonable accommodation, can perform the essential functions of the job.

Your Employee Rights Under the Family and Medical Leave Act

What is FMLA leave?

The Family and Medical Leave Act (FMLA) is a federal law that provides eligible employees with **job-protected leave** for qualifying family and medical reasons. The U.S. Department of Labor's Wage and Hour Division (WHD) enforces the FMLA for most employees.

Eligible employees can take **up to 12 workweeks** of FMLA leave in a 12-month period for:

- The birth, adoption or foster placement of a child with you,
- Your serious mental or physical health condition that makes you unable to work,
- To care for your spouse, child or parent with a serious mental or physical health condition, and
- Certain qualifying reasons related to the foreign deployment of your spouse, child or parent who is a military servicemember.

An eligible employee who is the spouse, child, parent or next of kin of a covered servicemember with a serious injury or illness **may take up to 26 workweeks** of FMLA leave in a single 12-month period to care for the servicemember.

You have the right to use FMLA leave in **one block of time**. When it is medically necessary or otherwise permitted, you may take FMLA leave **intermittently in separate blocks of time, or on a reduced schedule** by working less hours each day or week. Read Fact Sheet #28M(c) for more information.

FMLA leave is **not paid leave**, but you may choose, or be required by your employer, to use any employer-provided paid leave if your employer's paid leave policy covers the reason for which you need FMLA leave.

Am I eligible to take FMLA leave?

You are an **eligible employee** if **all** of the following apply:

- You work for a covered employer,
- You have worked for your employer at least 12 months,
- You have at least 1,250 hours of service for your employer during the 12 months before your leave, and
- Your employer has at least 50 employees within 75 miles of your work location.

Airline flight crew employees have different "hours of service" requirements.

You work for a **covered employer** if **one** of the following applies:

- You work for a private employer that had at least 50 employees during at least 20 workweeks in the current or previous calendar year,
- You work for an elementary or public or private secondary school, or
- You work for a public agency, such as a local, state or federal government agency. Most federal employees are covered by Title II of the FMLA, administered by the Office of Personnel Management.

How do I request FMLA leave?

Generally, to request FMLA leave you **must**:

- Follow your employer's normal policies for requesting leave,
- Give notice at least 30 days before your need for FMLA leave, or
- If advance notice is not possible, give notice as soon as possible.

You **do not have to share a medical diagnosis** but must provide enough information to your employer so they can determine whether the leave qualifies for FMLA protection. You **must also inform your employer if FMLA leave was previously taken** or approved for the same reason when requesting additional leave.

Your **employer may request certification** from a health care provider to verify medical leave and may request certification of a qualifying exigency.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

State employees may be subject to certain limitations in pursuit of direct lawsuits regarding leave for their own serious health conditions. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. Office of Personnel Management or Congress.

What does my employer need to do?

If you are eligible for FMLA leave, your **employer must**:

- Allow you to take job-protected time off work for a qualifying reason,
- Continue your group health plan coverage while you are on leave on the same basis as if you had not taken leave, and
- Allow you to return to the same job, or a virtually identical job with the same pay, benefits and other working conditions, including shift and location, at the end of your leave.

Your **employer cannot interfere with your FMLA rights** or threaten or punish you for exercising your rights under the law. For example, your employer cannot retaliate against you for requesting FMLA leave or cooperating with a WHD investigation.

After becoming aware that your need for leave is for a reason that may qualify under the FMLA, your **employer must confirm whether you are eligible** or not eligible for FMLA leave. If your employer determines that you are eligible, your **employer must notify you in writing**:

- About your FMLA rights and responsibilities; and
- How much of your requested leave, if any, will be FMLA-protected leave.

Where can I find more information?

Call **1-866-487-9243** or visit dol.gov/fmla to learn more.

If you believe your rights under the FMLA have been violated, you may file a complaint with WHD or file a private lawsuit against your employer in court. **Scan the QR code to learn about our WHD complaint process.**

GENERAL REQUIREMENTS – PAID MEDICAL LEAVE ACT*

SUSAN CORBIN
DIRECTOR

Coverage

The Paid Medical Leave Act, 2018 Public Act 338, as amended by 2018 Public Act 369, effective March 29, 2019, covers employers who employ 50 or more individuals. The act covers individuals engaged in service to an employer in the business of the employer and from whom an employer is required to withhold for federal income tax purposes. An eligible employee does not include executive, administrative, and professional overtime exempt employees, employees covered by a private collective bargaining agreement that is in effect, employees of the United States government, another state, or a political subdivision of another state, individuals whose primary work location is not in this state, individuals 16-19 years of age being paid the youth training wage in accordance with the Improved Workforce Opportunity Wage Act, temporary employees as described in the Michigan Employment Security Act, variable hour employees as defined by 26 CFR 54.4980H-1, employees covered by the Railway Labor Act and Railroad Unemployment Insurance Act, individuals employed by an employer for 25 weeks or fewer in a calendar year for a job scheduled for 25 weeks or fewer, individuals who worked, on average, fewer than 25 hours per week during the immediately preceding calendar year. (See section 2 of The Paid Medical Leave Act, 2018 Public Act 338.)

Paid Medical Leave Accrual

Paid medical leave accrual begins on March 29, 2019, or upon commencement of the employee's employment, whichever is later. Paid medical leave is accrued at a rate of 1 hour for every 35 actual hours worked; however, an employer is not required to allow accrual of over 1 hour in a calendar week or more than 40 hours in a benefit year. A benefit year is any consecutive 12-month period used by an employer to calculate an eligible employee's benefits. Employees can carry over up to 40 hours of unused accrued paid medical leave from one benefit year to the next; however, employers are not required to allow employees to use more than 40 hours in a single benefit year. An employer may provide the total amount of paid medical leave all at once by providing at least 40 hours at the beginning of the benefit year or on the date that the individual becomes eligible during the benefit year on a prorated basis. If an employer adopts this practice, it does not have to permit employees to carry over unused leave to the next benefit year. (See section 3 of the Paid Medical Leave Act, 2018 Public Act 338.)

Paid Medical Leave Usage

An employee may use paid medical leave as it is accrued except an employer may require an employee to wait until the 90th calendar day after commencing employment before using accrued paid medical leave. Paid medical leave must be used in 1-hour increments unless the employer has a different increment policy set forth in writing in an employee handbook or other employee benefit document. Employees must follow the employer's usual and customary notice, procedural, and documentation requirements for requesting leave. The employee must be allowed at least 3 days to provide documentation. Employees may take paid medical leave for any of the following:

- Physical or mental illness, injury, or health condition of the employee or his or her family member
- Medical diagnosis, care, or treatment of the employee or employee's family member
- Preventative care of the employee or his or her family member
- Closure of the employee's primary workplace by order of a public official due to a public health emergency
- The care of his or her child whose school or place of care has been closed by order of a public official due to a public health emergency
- The employee's or his or her family member's exposure to a communicable disease that would jeopardize the health of others as determined by health authorities or a health care provider

For domestic violence and sexual assault situations, employees may use paid medical leave for any of the following:

- Medical care or psychological or other counseling
- Receiving services from a victim services organization
- Relocation and obtaining legal services
- Participation in civil or criminal proceedings related to or resulting from the domestic violence or sexual assault

Employee Rights

An employee may file a complaint with the Department of Labor and Economic Opportunity (LEO) within 6 months of the alleged violation. LEO shall investigate a complaint and attempt mediation, where appropriate.

Penalties

If informal resolution is unsuccessful and a violation found, payment of paid medical leave improperly withheld will be requested and penalties may be imposed. An employer who fails to provide paid medical leave is subject to an administrative fine of not more than \$1,000.00. An employer who willingly violates the posting requirement is subject to an administrative fine of not more than \$100.00 for each separate violation.

*For precise language of the statute, see Public Act 338 of 2018, as amended

MICHIGAN SAFETY AND HEALTH PROTECTION ON THE JOB

THE MICHIGAN OCCUPATIONAL SAFETY AND HEALTH ACT, 1974 P.A. 154, AS AMENDED, REQUIRES POSTING OF THIS DOCUMENT IN A CENTRAL AND CONSPICUOUS LOCATION. FAILURE TO DO SO MAY RESULT IN A PENALTY.

The Michigan Occupational Safety and Health Act (MIOSH Act), Act No. 154 of the Public Acts of 1974, as amended, provides job safety and health protection for Michigan employees through the maintenance of safe and healthful working conditions. Under the MIOGH Act and a state plan approved in September 1973 by the U.S. Department of Labor, the Michigan Department of Labor and Economic Opportunity is responsible for administering the Act. Department representatives conduct job site inspections and investigations to ensure compliance with the Act and with safety and health standards.

The contents of this poster describe many important provisions of the Act. These provisions apply equally to employers and employees in either private industry or the public sector.

EMPLOYER REQUIREMENTS: MIOGSHA requires that each employer:

1. Furnish to each employee employment and a place of employment which is free from recognized hazards that are causing or are likely to cause death or serious physical harm to the employee.
2. Comply with promulgated rules and standards and with orders issued pursuant to the Act.
3. Post this and other notices and use other appropriate measures to keep his or her employees informed of their protection and obligations under the Act, including the provisions of applicable rules and standards.
4. Notify the Michigan Department of Labor and Economic Opportunity within 8 hours of any work-related fatality. Notification may be accomplished by calling 1-800-858-0397.
5. Notify the Michigan Department of Labor and Economic Opportunity within 24 hours of all work-related inpatient hospitalizations, amputations and losses of an eye. Notification may be accomplished by calling 844-464-6742 (4MIOGSHA).
6. Make available to employees, for inspection and copying, all medical records and health data in the employer's possession pertaining to that employee.
7. Afford an employee an opportunity with or without compensation to attend all meetings between the Michigan Department of Labor and Economic Opportunity and the employer relative to any appeal of a citation by the employer.
8. Give the representative of employees the opportunity to accompany the department during the inspection or investigation of a place of employment and to prohibit the suffering of any loss of wages or fringe benefits or discriminate against the representative of employees for time spent participating in the inspection, investigation, or opening and closing conferences.
9. Provide personal protective equipment, at the employer's expense, when it is specifically required by a MIOGSHA standard.
10. Not permit an employee, other than an employee whose presence is necessary to avoid, correct or remove an imminent danger, to operate equipment or engage in a process which has been tagged by the Department and which is the subject of an order issued by the Department identifying that an imminent danger exists.
11. To promptly notify an employee who was or is being exposed to toxic materials or harmful physical agents in concentrations or at levels which exceed those prescribed by a MIOGSHA standard.

EMPLOYEE REQUIREMENTS: MIOGSHA requires that each employee:

1. Comply with promulgated rules and standards and with orders issued pursuant to the Act.
2. Not remove, displace, destroy, or carry off a safeguard furnished or provided for use in a place of employment, or interfere in any way with the use thereof by any other person.

INSPECTIONS/INVESTIGATIONS: Inspections and investigations are conducted by trained personnel. The Act requires that an employer representative and a representative of employees be given an opportunity to accompany the department representative for the purpose of aiding in the inspection or investigation.

If a representative of employees does not participate, the department representative will consult with a number of employees concerning matters of safety or health in the place of employment.

COMPLAINTS: Employees and employee representatives who believe that an unsafe or unhealthful condition exists in their workplace have the right to request an inspection by giving written notice to the Michigan Department of Labor and Economic Opportunity. If a condition exists which may present an immediate danger, the Department should be notified in the most expedient manner without regard to a written notice. The names of complainants will be kept confidential and not revealed upon the request of the employee. Employees also have the right to bring unsafe or unhealthful conditions to the attention of the department representative during the conduct of an inspection or investigation.

The Act provides that employees may not be discharged or in any manner discriminated against for filing a complaint or exercising any of their rights under the Act. An employee who believes he or she has been discriminated against may file a complaint with the Michigan Department of Labor and Economic Opportunity within 30 days of the alleged discrimination.

The U.S. Department of Labor is monitoring the operation of the Michigan Occupational Safety and Health Administration (MIOGSHA) to assure the effective administration of the state act. Any person may make a written complaint regarding the state administration of the state act directly to the Regional Office of OSHA, 230 South Dearborn, Chicago, Illinois 60604.

CITATIONS: If upon inspection or investigation the Michigan Department of Labor and Economic Opportunity believes that a requirement of the Act has been violated, a citation alleging such violation and setting a time period for correction will be issued to the employer. The citation must be prominently posted at or near the place of the alleged violation for three days or until the violation is corrected, whichever is later.

The Act provides for first instance penalties of up to \$7,000 for a violation. Penalties of up to \$7,000 per day may be assessed for failure to correct a violation within a proposed abatement period. Any employer who willfully or repeatedly violates the Act may be assessed penalties of up to \$70,000 for each such violation. Employers may appeal the alleged citation, the proposed penalties or the abatement periods to the Department and to the Board of Health and Safety Compliance and Appeals. Employees may appeal the abatement period in a similar manner. Employees also may appeal to the Board of Health and Safety Compliance and Appeals any decision issued by the Department in response to an employer appeal.

Criminal penalties also are provided for in the Act. A person who knowingly makes a false statement or report pursuant to the Act upon conviction is punishable by a fine of up to \$10,000 or may be imprisoned for not more than 6 months or both. Any willful violation resulting in death of an employee, upon conviction, is punishable by a fine of up to \$10,000 or by imprisonment for not more than one year or both. A second conviction doubles the maximum monetary penalty and is punishable by imprisonment for up to three years.

VOLUNTARY ACTIVITY & COMPLIANCE ASSISTANCE: The act encourages employers and employees to reduce workplace hazards voluntarily.

The Michigan Department of Labor and Economic Opportunity offers limited on-site consultation assistance to employers to assist them in achieving compliance with occupational safety and health standards. Training specialists are available and can give advice on the correction of hazardous conditions and on the development of safety and health systems. Department staff are available to conduct seminars and training relative to occupational safety and health for both employer and employee groups. Requests for service should be addressed to the department at the address shown below.

The U.S. Department of Labor will continue to enforce federal standards governing maritime operations of long shoring, shipbuilding, ship breaking and ship repairing. These issues are not covered by the Michigan Plan for Occupational Safety and Health.

YOUR RIGHTS UNDER USERRA

THE UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

REEMPLOYMENT RIGHTS

You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:

- ☆ you ensure that your employer receives advance written or verbal notice of your service;
- ☆ you have five years or less of cumulative service in the uniformed services while with that particular employer;
- ☆ you return to work or apply for reemployment in a timely manner after conclusion of service; and
- ☆ you have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

HEALTH INSURANCE PROTECTION

- ☆ If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military.
- ☆ Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries.

RIGHT TO BE FREE FROM DISCRIMINATION AND RETALIATION

If you:

- ☆ are a past or present member of the uniformed service;
- ☆ have applied for membership in the uniformed service; or
- ☆ are obligated to serve in the uniformed service;

then an employer may not deny you:

- ☆ initial employment;
- ☆ reemployment;
- ☆ retention in employment;
- ☆ promotion; or
- ☆ any benefit of employment

because of this status.

In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.

ENFORCEMENT

- ☆ The U.S. Department of Labor, Veterans Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations.
- ☆ For assistance in filing a complaint, or for any other information on USERRA, contact VETS at 1-866-4-USA-DOL or visit its website at <https://www.dol.gov/agencies/vets/>. An interactive online USERRA Advisor can be viewed at <https://webapps.dol.gov/elaws/vets/userra>
- ☆ If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice or the Office of Special Counsel, as applicable, for representation.
- ☆ You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA.

The rights listed here may vary depending on the circumstances. The text of this notice was prepared by VETS, and may be viewed on the internet at this address: <https://www.dol.gov/agencies/vets/programs/userra/poster>. Federal law requires employers to notify employees of their rights under USERRA, and employers may meet this requirement by displaying the text of this notice where they customarily place notices for employees.

PROTECTIONS:

It is illegal for employers in Michigan to discharge, threaten or otherwise discriminate against you regarding your compensation, terms, conditions, location or privileges of employment because you or a person acting on your behalf reports or is about to report a violation or a suspected violation of federal, state or local laws, rules or regulations to a public body.

It is illegal for employers in Michigan to discharge, threaten or otherwise discriminate against you regarding your compensation, terms, conditions, location or privileges of employment because you take part in a public hearing, investigation, inquiry or court action.

OBLIGATIONS:

The Act does not require your employer to compensate you for your participation in a public hearing, investigation, inquiry, or court action.

The Act does not protect you from disciplinary action if you make a report to a public body that you know is false.

ENFORCEMENT:
