nikolai.vitti@detroitk12.org

LETTER FROM THE SUPERINTENDENT

Dear Detroit Public Schools Community District Family,

I hope this letter finds you and your families well. Based upon many conversations with our families and greater community, I know we are all facing a range of large and small hardships due to the COVID-19 pandemic. As a district, we did everything we could to support your children and the greater community during the height of the COVID-19 impact on the city by serving over 1 million meals to distributing nearly 40,000 academic packets to our teachers providing online learning. As we now direct our focus to the next school year we are as focused as ever to reengage your child academically, socially, emotionally, and athletically/artistically.

The 2020-21 school year begins by ensuring that every DPSCD student receives a free learning device with free internet access. If you were unable to pick up your child's device this summer, then they will be given to your child during Count Week in the fall. With legitimate concerns continuing to loom regarding COVID-19, the district developed, vetted, and is implementing a best-in-class reopening plan to ensure your child's safety and our employees. Due to COVID-19's impact on our city, we know that our reopening plan needs to be stronger than other districts in the area and throughout the state. This plan includes required COVID-19 testing for employees, free masks, daily temperature and COVID-19 symptom checks, smaller class sizes, sanitation centers throughout the school, and the daily deep cleaning of every classroom. DPSCD will be a leading district and organization in the safety and health of students as we return to school in the fall. Nothing is more important to us than your child's health and safety.

Despite the likelihood of state budget cuts across Michigan, we have already balanced our budget and will ensure that all employees keep their positions and salaries/wages and more importantly, no student programming will be cut. We want to empower you as a parent this fall, we will provide you with the opportunity to select face-to-face instruction or online learning for your child. We want to serve you and meet you where you are at regarding COVID-19 concerns or your home situation regarding working hours, childcare, and your comfort supporting your child at home through online learning. We will be sending you information via robo call, text, and mail to allow you to select an online or face to face option when school starts after Labor Day.

Prior to the pandemic, we were well on our way to showing another year of academic improvement. Our students were moving in the direction to improving their grade level performance in literacy and math and being more college ready on the PSAT and SAT. COVID-19 will not stop our progress. This school year we will have fully staffed schools, smaller class sizes, more technology for your child, expanded art and music programs, more sport programs, and additional programming for careers and college credit at the high school level. We are also expanding our literacy support as we did at the K-8 level last year in high schools with more small group and one-to-one support for students who are below grade level. In addition, we are continuing to invest in more counselors and social workers to support your children to overcome any social-emotional challenges that all of our children experience from time to time, especially during these unprecedented COVID-19 times.

We are looking forward to seeing you again in the fall and if you have any questions or concerns, please do not hesitate to reach out to me, your Principal or our district team.

Sincerely,

Dr. Nikolai P. Vitti, Ed. D.
Superintendent
Detroit Public Schools Community District

BLUEPRINT 2020

MISSION

We educate and empower every student, in every community, every day, to build a stronger Detroit.

VISION

All students will have the knowledge, skills and confidence necessary to thrive in our city, our nation, our world.

CORE VALUES

Students First

Make decisions that are in the best interest of students. Use every resource strategically so that we can meet students' individual needs.

Excellence

Be relentless in your pursuit of greatness. Be bold and innovate. Learn from your mistakes. Hold yourself and others to high standards.

Integrity

Do the right thing, even when no one is looking. Be honest. Be trustworthy. Be accountable.

Equity

Diversity is an asset that makes us stronger. Advocate for the needs of others. Ensure that all members of our community have access to the tools and resources they need to be successful.

Service

Listen. Empathize. Respond. Own problems and help to solve them.

Tenacity

Embrace hard work and persevere in the face of challenges. Follow through on your commitments and strive to do your best, no matter what.

PRIORITIES

Outstanding Achievement

Transformative Culture

Whole Child Commitment

Exceptional Talent

Responsible Stewardship

MEETING THE NEEDS OF STUDENTS IN 2020-2021

DPSCD TO PROVIDE OPTIONS FOR STUDENTS ONLINE AND FACE-TO-FACE

To ensure students continue to have access to their teachers, high-level curriculum, and learning options to meet their needs, the District has created four to five Instructional Models and associated guidelines that the District will implement all or in part for the 2020/2021 school year to meet the needs of families and students. All scenarios focus on providing high quality instruction for all students and continuity of learning whether students are in person or online. The scenarios will allow the flexibility needed as we navigate around the COVID-19 pandemic.

Each instructional model is designed to adhere to our guiding principles for reopening and maximize the amount of in-person instruction for students, while also keeping our community safe and following the guidance of public health officials and applicable laws and regulations. In any scenario, the District will make use of all available space and scheduling flexibility to limit in-person classes to 20 students physically in one room at a time (except in large spaces where more social distancing is possible). Other students may still be participating in that class either via online engagement or in small group interventions. Schedules will likely be simplified to provide more emphasis on literacy, mathematics and other “core” classes like science and social studies.

In all scenarios, the instructional school day for students may be limited to the minimally required six hours based on the 181 instructional days currently reflected in the calendar and additional emphasis may be placed on literacy and mathematics.

As a foundation for this flexibility, the District’s #ConnectedFutures initiative, which is providing laptop/tablet devices and internet connectivity to all DPSCD students, will be fully deployed. As families receive the required devices and internet access, we anticipate more families will want to and be able to take advantage of online learning opportunities. Our approach to phase 3 and phase 4 is based on the reality that the digital divide for DPSCD students closes, meaning any online learning is accessible to our entire population.

While the District intends to provide online learning options, in alignment with pending approval from the state legislature, we also understand the research suggests that all online, no face to face teaching doesn’t work well for most students and is also especially ineffective for disadvantaged students. The District will create frameworks for teachers to provide as much live online instruction as possible in these models based on this body of research.

- **Families will choose online or face to face for their student(s)**
- **Options will be re-evaluated to ensure students’ needs are met**
- **Students will use Connected Futures devices for online instruction**
- **Instructional scenarios are available for each grade level**
- **Small class sizes**
- **Enhanced online model to better meet the needs of students**

ONLINE LEARNING: WHAT TO EXPECT THIS SCHOOL YEAR

If your child is participating in the District's online learning option this fall, you can expect the District will try to maintain normalcy as much as possible.

This Fall, students will receive physical materials such as workbooks and textbooks to accompany their online lessons, just as they would receive in the classroom. Students will use some familiar and introduce new online learning platforms to support both instruction and completion of assignments. These online platforms include but are not limited to Microsoft Teams, Schoology, LearnZillion, Zearn, Studies Weekly, i-Ready and more. Online students will be expected to complete daily assignments and will be given grades for their work. Students will still receive support by their school counseling staff and teachers will maintain office hours and provide one-on-one check-ins with families and students. In addition, DPSCD K-12 students will have access to the Homework Hotline to receive personalized support. (See page 12 for more information on the Homework Hotline.)

Our virtual curriculum is completely aligned to our in-person curriculum and keeps our students' unique needs in mind. If you have questions pertaining to online learning, read the District's Frequently Asked Questions document about online learning at detroitk12.org/ReturnToSchool, or call 313-240-4377.

HOW DPSCD PREPARED ME TO BECOME A PRE-MED STUDENT

**SARAH KABALA
GRADUATE**

Sarah Kabala describes herself as shy but admits that label quickly changed after she transferred to a new school her junior year.

"When I started at Ben Carson, I don't know what happened. I just started talking to people and found out about clubs and started making friends," Sarah beamed as she recalled transferring from a school near Lansing. "It was actually my friend that encouraged me to run for student body president, which was so out of my comfort zone. ... It opened even more doors and opportunities."

In addition to serving as student body president and student council president, Sarah became an active member of the District's Student Advisory Council, a group of student representatives who meet with District leadership to discuss school issues. "DPSCD has a lot of opportunities, and that's one thing I've really appreciated."

Attending Ben Carson, a science and medicine high school, also helped her to confirm her career path.

"My junior and senior year I had an internship at DMC Detroit Receiving Hospital working alongside the nurses and learning the work they do. This experience helped me confirm that I do want to go into the medical field. These were advantages I could only have in DPSCD," said Sarah.

"I know I'm ready for my future," Sarah concluded.

Sarah will be attending the University of Michigan as a Pre-Med student this fall.

NEW TEACHERS' SALARIES START AT \$51,071

HIGHEST IN METRO DETROIT

New teachers to the District will receive additional experience and salary credit up to \$51,071 beginning in the 2020-2021 school year. These actions support the District's continued progress of attracting and retaining teachers and will assist in continuing to close teacher vacancies. The move also supports plans to reduce class sizes in preparation for the return of students and teachers to classrooms in the Fall. Our goal is to hire teachers to reduce class sizes. We are currently recruiting teachers through virtual hiring fairs. Learn more and apply today at detroitk12.org/careers.

CONNECTED FUTURES

UNPARALLELED TRANSFORMATION

This summer, students across the District began to receive their devices and wireless internet to stay connected as they completed course work, completed internships and tapped into resources. The Connected Futures Project, a \$23 million initiative backed by several Detroit organizations including the DTE Energy Foundation, The Skillman Foundation, Quicken Loans Community Fund and many others (visit www.dpsfdn.org/connectedfutures for the full list of donors), committed to the rise of 51,000 students and families. Families received wireless tablets and internet access. These devices include six months of subsidized LTE data, immediately connecting students without wired internet connections at home, and will be the property of the student and family.

During this global pandemic, DPSCD is planning to provide enhanced online learning options for students, directly connecting them to its high-quality curriculum, resources and support provided by schools and teachers.

For more device support, visit detroitk12.org/connectedfutures or call our Help Desk at 313-240-4377.

For more information on this initiative and to donate, visit www.dpsfdn.org/connectedfutures

PARENT AND STUDENT RESOURCES

HOMEWORK HOTLINE

DPSCD's Homework Hotline is a free resource available for all DPSCD students that encourages outstanding achievement by giving students an additional platform to ask for help. The hotline assists K-12 students with their homework Monday through Thursday from 5 p.m. – 8 p.m. The Homework Hotline runs through the academic year and does not operate during district closures, weekends, or holidays.

For more information, visit detroitk12.org/HomeworkHotline.

PRE-K OPTIONS TO FIT YOUR FAMILIES' NEEDS AT NO COST

DPSCD's Office of Early Childhood ensures that all children, especially those in highest need, have access to high-quality early learning and development programs and enter kindergarten prepared for success. We ensure that all early childhood outcomes include:

- Children are thriving and developmentally on track
- Children are mentally ready to succeed in school
- Children are prepared to succeed by achieving appropriate grade level reading proficiencies

We provide a free, high-quality early learning experience for special needs from birth and for general education students who are 4 years old by December 1st of the current school year.

MONTESSORI

A leader in public school education, DPSCD is committed to offering innovative learning opportunities for students, which includes a tuition-free Montessori program for students in PreK – 6 grades. The Montessori Method of Teaching and Learning is celebrated in three schools across the District. This emerging program will have 20 multi-age classrooms during the 2020-2021 school year dedicated to the teaching philosophy of Dr. Maria Montessori. In the 1900s, Dr. Montessori, a physician, carefully observed children who meet developmental milestones as they learn through their senses and engaged in hands-on learning with specially crafted materials.

Students are fully immersed in the Montessori Method of Teaching and Learning through a daily uninterrupted block of work time where students engage, practice, and learn to complete a work cycle.

The Montessori Method of Teaching and Learning is a valuable tool for shaping children's learning experiences in the classroom, distance learning, and life. Learn more about the District's Montessori Program at detroitk12.org/Montessori.

LOCATIONS FOR 2020-2021 SCHOOL YEAR:

Montessori Grades PreK – 6
- **Edmonson Elementary**
A Wall to Wall Montessori Community
1300 West Canfield St.
Montessori Grades PreK – 6

DPSCD WELCOMES NEW SOCIAL STUDIES CURRICULUM

In the 2020-2021 school year, DPSCD will be implementing new social studies curriculum for Grades 5-11. This past academic year, an evaluation committee of 31 teachers was convened over the course of five days. The District also convened an additional two community engagement and four student review sessions in January to gather feedback from student and community stakeholders to share with the evaluation committee on the final convening.

Committee members evaluated the texts that students would engage with to ensure that students would learn the content required by the state in manner that built knowledge, required discussion, analysis, and critical thinking. The committee unanimously agreed that Pearson (Grades 6-8, and 10), Cengage (Grade 9), and McGraw Hill (Grades 5 and 11) offered the most highly aligned curriculum that was the best fit for the District.

Be sure to ask your student this fall what they learned in their social studies class!

TRANSPORTATION FOR STUDENTS

- **(K-8)** If your student is eligible for bus transportation to their assigned neighborhood school, you will receive a postcard communication before the start of school informing you of the pick-up/drop-off times and locations. For more information regarding the school bus route, please call (313) 945-8600.
- **(9-12)** High school students have free access to DDOT with the use of their DPSCD-issued student ID card.
- Students with an IEP identifying transportation as a related service will receive transportation according to the student's IEP.
- Updated transportation guidelines and changes as a result of COVID-19 can be found at detroitk12.org/Transportation.

GET INVOLVED

PARENT TEACHER ASSOCIATION (PTA)

The PTA is a primary parent organization that provides the district with a national, uniform, and well-resourced platform for parents and teachers to work together for the benefit of students. PTAs at each school create a clear strategy to ensure teachers and parents are working closer together to advocate for our schools and children.

For questions or more information, call (313) 873-7490

PARENT TEACHER HOME VISIT PROJECT (PTHVP)

The Parent Teacher Home Visit Project (PTHVP) has proven to increase attendance, increase academic performance, and increase positive behavior in school. Participate today to build stronger communication with your student's teacher.

For questions or more information, call: (313) 873-4790.

SCHOOL ADVISORY COUNCILS (SAC)

The School Advisory Council (SAC) is a 19-person decision-making body at the school level that is comprised of school leadership, school staff, parents, students, and community members that work to bring to life the school improvement plan.

SHOW YOUR #DPSCDPRIDE AND JOIN YOUR ALMA MATER'S ALUMNI COUNCIL

Alumni are one of DPSCD's greatest resources and advocates. The District-wide Alumni Advisory Council (AAC) is made up of alumni from all schools and classes, open and closed. The council is an opportunity for graduates of DPSCD to give back to their school/community, mentor students, re-connect with peers, participate in alumni activities, and so much more. For more information on the ACC monthly meeting schedule and how to get involved, contact Tanea.Meniffee@detroitk12.org.

PARENT ACADEMY

The Parent Academy offers FREE classes to DPSCD families, parents and caregivers. Training and workshops are hosted online by phone and through Microsoft Teams. The mission of The Parent Academy is to provide the necessary tools and resources to build capacity and confidence in parents to support students academically, socially and emotionally.

The Parent Academy catalog is updated every quarter and can be found on the District's website at detroitk12.org/ParentAcademy. Students are welcome to attend along with their families when appropriate.

EXCEPTIONAL STUDENT EDUCATION

The Office of Exceptional Student Education (ESE), formerly known as special education, complies with county provisions to deliver programs and services for students with disabilities. We provide students with exceptional needs the supports, interventions, and enrichment activities needed to flourish. We work to ensure students have access and the opportunity to participate in the varied opportunities DPSCD provides.

Learn more at detroitk12.org/ESE.

To learn more about our offerings, contact the Office of Exceptional Student Education at 313-873-7740 or Lohren Nzoma, Senior Executive Director, at lohren.nzoma@detroitk12.org.

WHAT WE OFFER:

SPECIAL OLYMPICS

Several Special Olympic Programs consist of year-round competitions for students with disabilities in sports such as basketball, snowshoe, cross-country skiing, track and field, aquatics, bocce, and more. Students compete at local and State Special Olympics tournaments.

GIFTED AND TALENTED

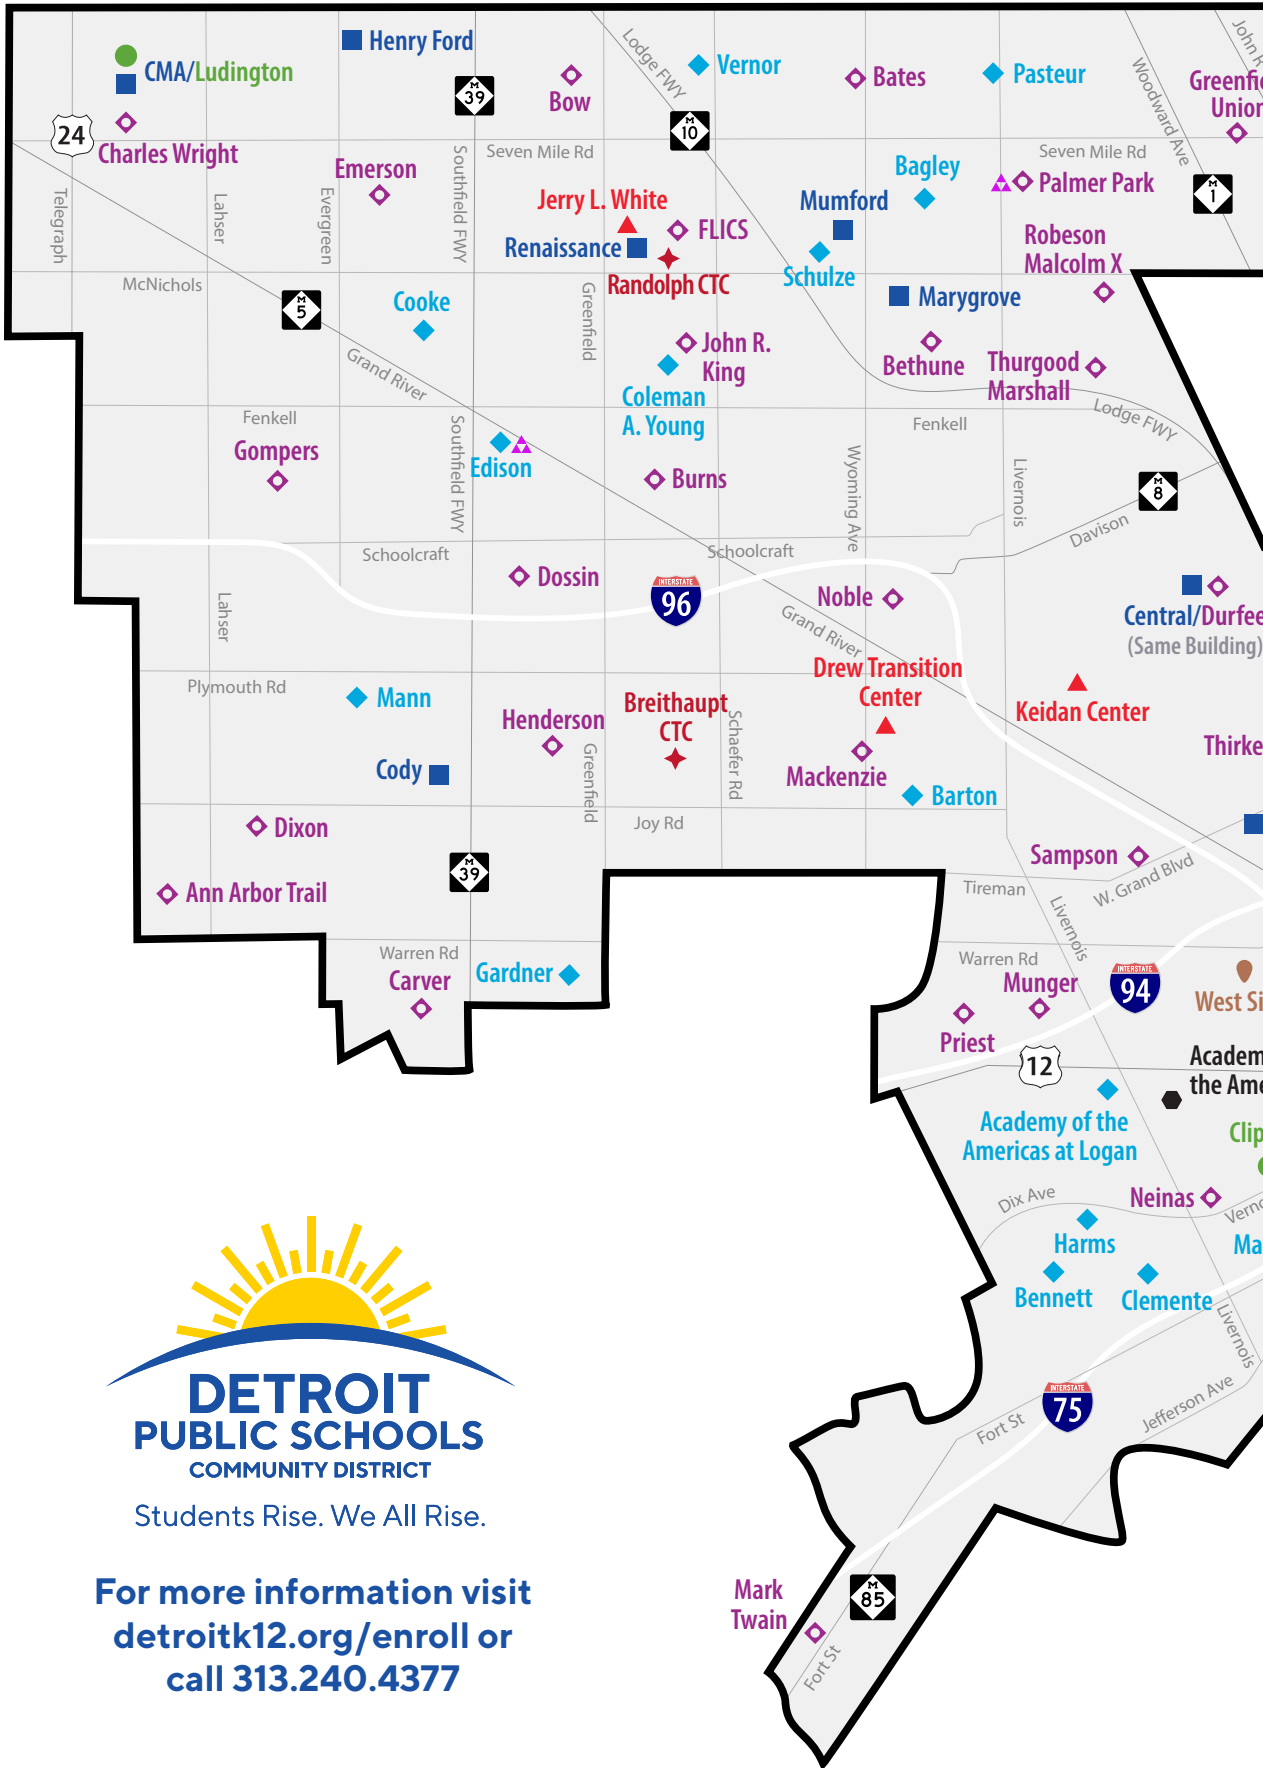

Gifted and Talented (GATE) Programs support the academic, social and emotional needs of gifted learners. GATE hosts Parent Academy workshops, educator professional development through A Matter of Equity Program, and supports school-based enrichment programs to enhance learning opportunities for students.

ACCOMMODATION FOR PHYSICAL IMPAIRMENTS

Section 504 accommodation plans are available for students with mental or physical impairments that substantially limit a major life activity. If a student has an impairment that inhibits their access to the general education curriculum, they may be eligible for a 504 plan which could provide supports in the school and classroom setting.

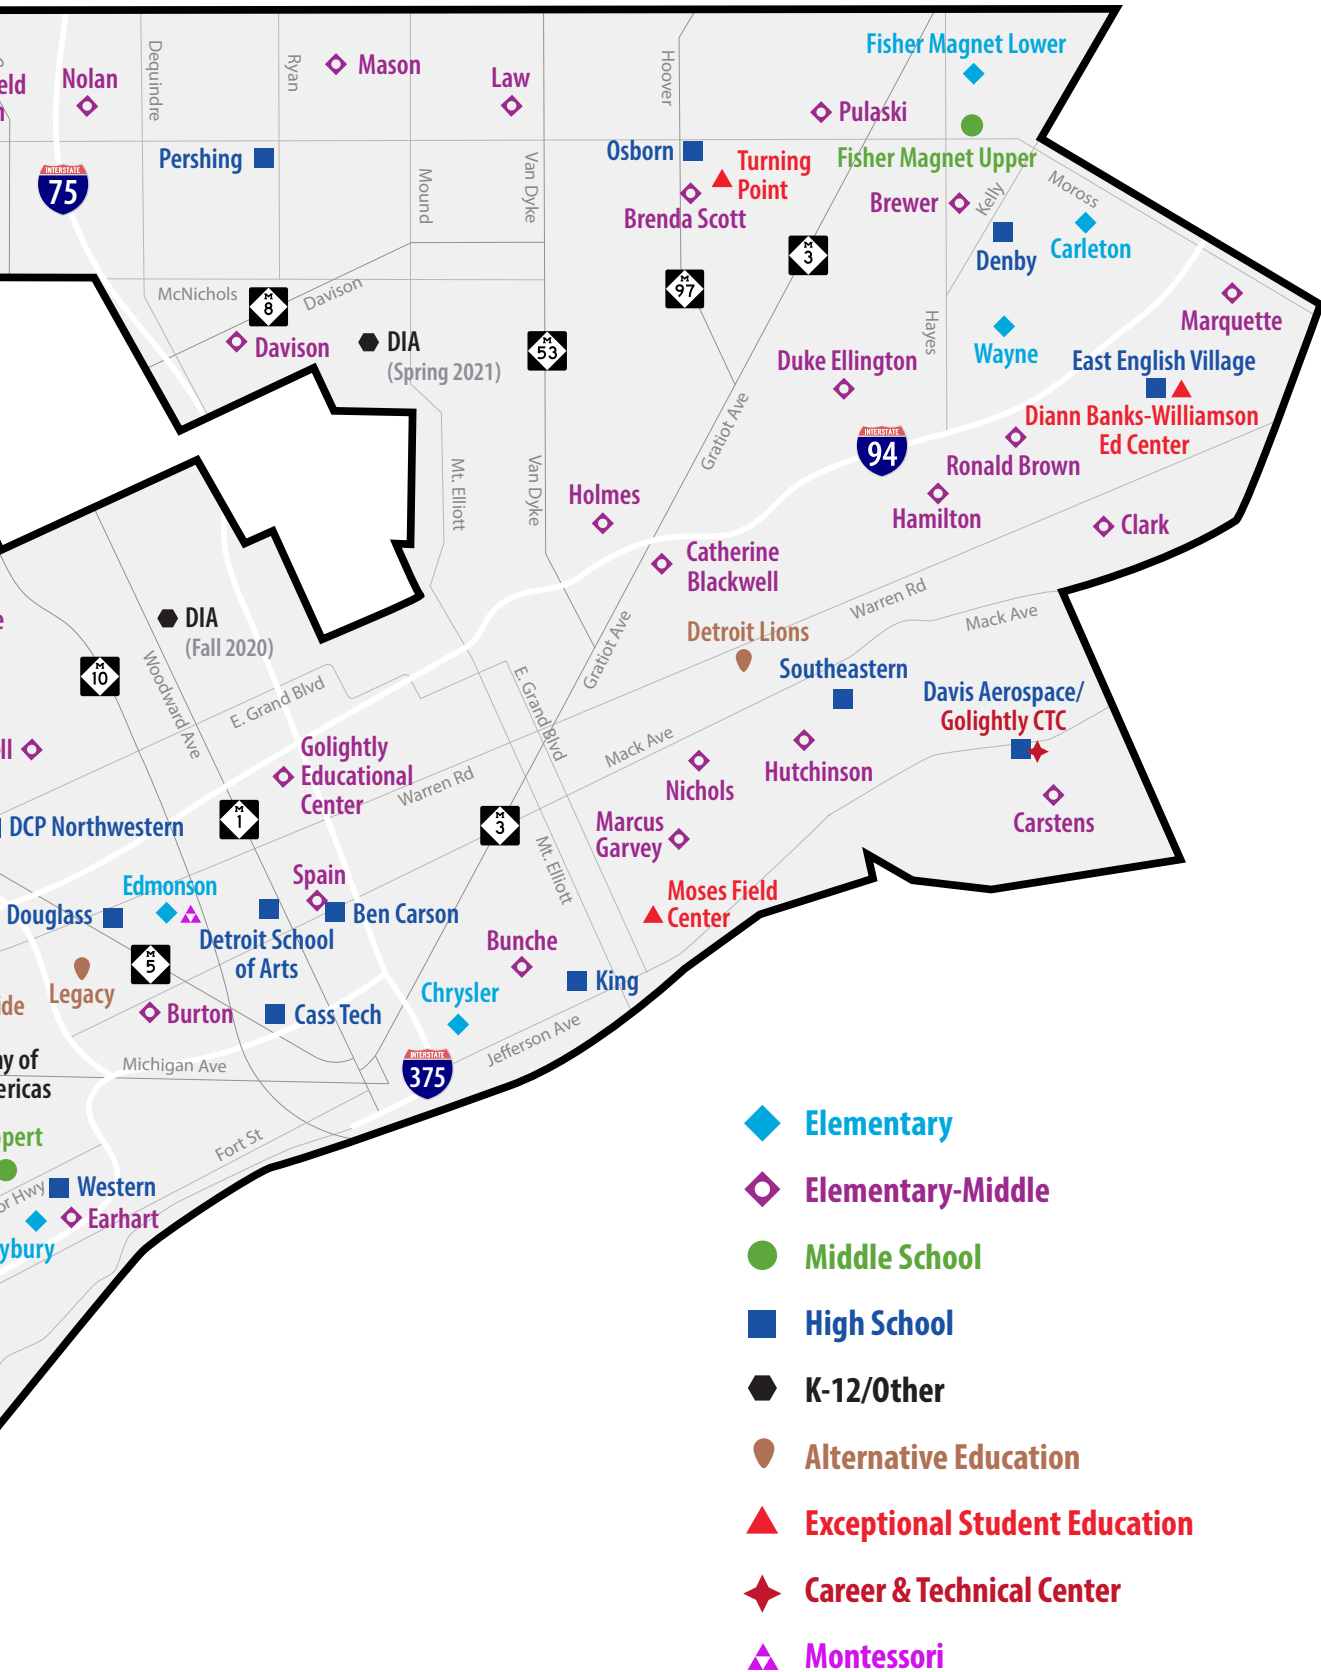

START PROGRAM

DPSCD in collaboration with Wayne RESA, will become a START District. The Statewide Autism Resource Training Project (START) provides evidence-based practices for interventions and training on inclusive options for students with autism, including coaching along with Peer to Peer Programming. Our programs for students with autism have initiated Let's Get **START**ed, an initiative to help build district capacity to support our growing population of students with autism.

Students Rise. We All Rise.

detroitk12.org/enroll or
call 313.240.4377

MAJOR CHANGES FOR 2020-21 SCHOOL YEAR!

DPSCD IS GROWING AND CHANGING TO BETTER SERVE STUDENTS ACROSS THE CITY FOR 2020-21

NEW BUILDINGS:

Communication and Media Arts High School, Pulaski Elementary-Middle and Detroit International Academy for Young Women are moving to buildings that better meet the needs of their school communities.

REALIGNED GRADE CONFIGURATIONS:

- **CLIPPERT (6-8) AND FREDERICK DOUGLASS (9-12)**
- **SCHULZE ACADEMY (K-7), VERNOR ELEMENTARY (K-7)**

NEW NEIGHBORHOOD BOUNDARIES AND NEW PROGRAMS:

- **SOUTHEASTERN HIGH SCHOOL** - adding a neighborhood boundary, while retaining its Exam High School program. Also adding a brand-new Advanced Manufacturing Pathway program.
- **MARTIN LUTHER KING JR. SR. HIGH SCHOOL** - recommitting to its Exam High School programming, while maintaining a small neighborhood boundary. Adding a Sports Medicine and Marketing program in fall 2020, building on its strong athletic program.
- **HENRY FORD HIGH SCHOOL** - expanding its neighborhood boundary and launching the first Early Middle College Program in Detroit.
- **ARTS PATHWAYS PROGRAM: BRENDA SCOTT, DUKE ELLINGTON, JOHN R. KING AND SPAIN** launch Middle School Arts Conservatories, providing a direct pipeline to the District's premier arts high school – **Detroit School of Arts**.
- **CHARLES WRIGHT ACADEMY OF ARTS AND SCIENCE** - As one of the District's highest performing schools, Charles Wright Academy of Arts and Science will transition to become a new Application School and add sixth grade in fall 2020, and grades 7 and 8 over the next two years.
- **DAVIS AEROSPACE TECHNICAL HIGH SCHOOL AT GOLIGHTLY** - Davis Aerospace students will be splitting class time between the Coleman A. Young International Airport and Golightly CTC, as Davis prepares to transfer to the airport full time. Golightly Career and Technical Center programs will increasingly collaborate with key District departments to give students access to real-world learning experiences.

For more information about these schools and more, visit detroitk12.org/facilities

THERE'S A SCHOOL FOR YOU WITHIN DPSCD

Detroit Public Schools Community District offers a diverse set of schools and programs to meet the needs of all students and families. Find your "right fit" school today and join our rise as we develop today's learners into tomorrow's leaders!

Check out our outstanding school options available to you and your family:

Neighborhood Schools: K-12 schools across Detroit offering rigorous reading and math curricula, plus art and/or music and gym at all schools.

Application Schools: 17 unique schools and programs across the District offering specialized programming for students, including gifted and talented, Montessori, language immersion, single-gender, fine and performing arts, African-centered education, and more. Admission requires a formal application process.

Exam High Schools: Five selective admission high school programs across the city offer rigorous college preparation, career preparation, competitive athletics programs and inspiring arts programs. Students are required to take an examination and complete an online application for admission consideration.

Career Technical Education: CTE students apply their learning through hands-on training, project learning, job shadowing, and paid internships. Students can graduate from high school with industry credentials ready for work or advanced studies.

Pre-K: The District offers free, high-quality early learning experience for general education students and children with special needs. Children must be 4 years old by December 1.

Exceptional Student Education: Our ESE and alternative centers and programs ensure that students with exceptional needs receive the support, interventions, and enrichment activities needed to flourish.

Adult Education: We offer programs that help adult learners upgrade their academic skills and career outlook, including high school completion, General Educational Development (GED), Adult Basic Education (Pre-GED), and English as a Second Language (ESL).

HOW TO ENROLL

ENROLL TODAY AND JOIN THE DETROIT PUBLIC SCHOOLS COMMUNITY DISTRICT. WHEN STUDENTS RISE, WE ALL RISE.

Check out the new enrollment options for the 2020-21 school year - designed to keep families and staff safe! Enrollment paperwork is available in English, Spanish, Bengali, and Arabic.

EASY ENROLLMENT OPTIONS

- 1. Pick up and drop off packets at an Enrollment Drop Box.** Pick up and drop off paper enrollment packets at Drop Boxes conveniently located throughout Detroit. Visit detroitk12.org/enrollnow to see the current Drop Box locations!

TRANSFORMATIVE CULTURE

DPSCD is an anti-racist institution, as resolved by the DPSCD Board of Education on June 16. We acknowledge the impact of racism on the educational outcomes and social emotional wellbeing of our students and the interconnection among oppressions (race, class, national origin, ethnicity, ability, gender, sexual orientation and religion). To view the Board resolution in full, please visit [detroitk12.org/board](https://www.detroitk12.org/board).

For more information on DPSCD's commitment to equity, advocacy and civil rights, visit www.detroitk12.org/compliance.
