OVERVIEW

This catalogue provides a list of products from approved vendors that supports our Strategic Plan Initiative of Responsible Stewardship. All products are compatible with the District network and will meet the needs of students and staff.

After selecting devices from the catalogue, school and District leaders should submit a requisition and follow the process outlined in the [Procure to Pay guide](#).

School and District leaders who wish to purchase technology not included in the catalogue will need to submit a request for approval.

The Technology Division will update this guide on a quarterly basis to reflect changes in pricing.

Questions about items listed in the catalogue? Please email the Asset Management and Deployment team at amdteam@detroitk12.org.

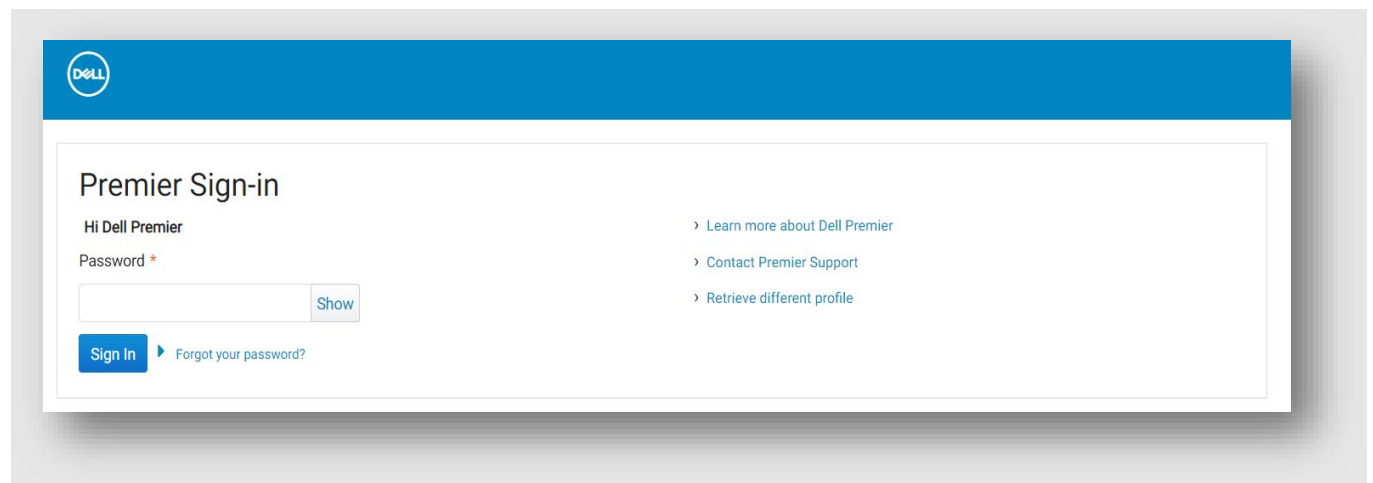

COMPUTER OFFERINGS

Dell is our approved vendor for providing computers to support day to day technology needs for the staff and students of DPSCD. Product offerings are listed below and more detail is provided on the [Dell Premier site](#) to help you make well informed purchasing decisions.

DESKTOP COMPUTERS

OPTIPLEX 7470 ALL-IN-ONE DESKTOP

Recommended Use: Ideal for small spaces since a separate CPU tower is not required, also works well for locations that do not have an existing monitor available. Includes monitor, keyboard, and mouse.

Cost: \$850

The 23.8" Infinity Edge all-in-one integrates seamlessly into any workspace. Featuring a smart design and brilliant edge-to-edge Full HD IPS display technology that allows you to optimize your screen space, empowering faster productivity.

OPTIPLEX 3070 MICRO DESKTOP

Recommended Use: Best for computer labs that already have working monitors. This desktop computer does not include a monitor or VGA port.

Cost: \$529

Customize your workspace to work faster and smarter with an ultra-compact desktop featuring versatile mounting options and 9th gen Intel® Core™ Processors.

LAPTOPS

LATITUDE 3190 2-IN-1 EDUCATIONAL LAPTOP

Recommended Use: For students only. Provided as part of the One-to-One Technology Initiative.

Cost: \$540

This computer can be utilized as a traditional laptop as well as a tablet.

An 11.6-inch 2-in-1 built with best-in-class durability puts students in charge of their learning experience, able to interact from any angle or mode—flat, tent, tablet or laptop.

CHARGING AND STORAGE CART FOR LATITUDE 3190 2-IN-1 EDUCATIONAL LAPTOP

Recommended Use: To secure and hold student laptops, provided as part of the One-to-One Technology Initiative.

Cost: \$1754.00

Securely store and charge up to (36) Dell 3190 2N1 laptops in this durable cart to ensure that devices are always ready for classroom use. Includes a lock and key.

LATITUDE 5500 BUSINESS LAPTOP

Recommended Use: For staff only. This general use laptop includes a number pad on the keyboard.

Cost: \$850

The world's smallest 15" mainstream business-class notebook* lets you get to work faster than ever thanks to its scalable features, powerful performance and ExpressCharge. Full range of ports including HDMI, USB-C and RJ-45. Has i5 processor/8GB Memory. Also includes number pad on keyboard.

LATITUDE 7400 2-IN-1 BUSINESS LAPTOP

Recommended Use: Recommended for staff who are frequently mobile. This computer can be utilized as a traditional laptop as well as a tablet.

Cost: \$1220

The world's smallest 14" commercial 2-in-1* features Dell ExpressSign-in, the first PC proximity sensor enabled by Intel® Context Sensing Technology* and up to 26 hours and 46 minutes of battery life*. Has i5 processor/8GB Memory. Stylus available for purchase.

TABLETS

DPSCD works directly with Microsoft and SEHI Computer Products Inc, to provide tablet devices that support the needs of our staff and students. For the most up to date pricing please contact the Asset Management and Deployment team at amdteam@detroitk12.org.

SAMSUNG GALAXY TAB A 8.0", 32GB

Recommended Use: Best used as an instructional tool for exceptional student education students, early learners, and special programs such as robotics. Also useful for kiosks.

Cost: Approximately \$150.00

Vendor: SEHI

The Galaxy Tab A 8.0" is designed with a minimized bezel, giving you more room to view your favorite content in a slim, comfortable form. 13 hours of battery-life.

SAMSUNG GALAXY TAB A 10.1", 32GB

Recommended Use: Best used as an instructional tool for exceptional student education students, early learners, and special programs such as robotics. Also useful for kiosks.

Cost: Approximately \$240.00

Vendor: SEHI

The Galaxy Tab A 10.1" is designed with a minimized bezel, giving you more room to view your favorite content in a slim, comfortable form. 13 hours of battery-life

TECH TUB2

Recommended Use: To provide a classroom charging station for Samsung Galaxy tablets.

Keep your classroom technology organized and charged, when you're ready, they're ready. Now with improved cable management, the Tech Tub2® is even more user friendly. The Tech Tub2® collection of device storage and charging systems has mobility at its core. Trolleys, Modular and Stacking Carts, and Dual Duty Teaching Easels are all designed to easily move devices wherever learning takes place. The flexible Tech Tub2® system allows schools to purchase individual tubs, carts or both as they roll out devices.

*Installation Cost:

Items that have a * require installation by the DPSCD selected vendor: Learning Consultants Incorporated (LCI). The cost for installation is \$550.00 per item. A separate purchase order will be required to cover this cost and should not be included on your purchase order with devices.

DOCUMENT CAMERAS

IPEVO VZ-R HDMI/USB DUAL MODE 8MP DOCUMENT CAMERA

Recommended Use: Good for instructional use in the classroom that allows the teacher to visually represent documents, text, and manipulatives on a SMART IFP or projector.

Cost: \$212.00

The VZ-R HDMI/USB Dual Mode 8MP Document Camera captures all your material (documents, textbooks, artwork, devices and 3D objects) and streams real-time images directly to your TV. It is also compatible with most projectors and monitors with an HDMI input.

INTERACTIVE TECHNOLOGY

SMART 65" 6000S INTERACTIVE FLAT PANEL (IFP) SBID-6265S-C1*

Recommended Use: All classrooms. This item is distributed as part of the One-to-One Initiative.

Cost: \$3,269.00 + installation cost

The SMART IFP 6265S-C1 interactive flat panel with iQ is the hub of your classroom. iQ technology connects devices, lesson content

and pedagogically relevant software to create a cohesive educational experience. PC-free embedded computing provides one-touch access to a diverse suite of SMART applications—Notebook lessons, workspaces, gamification activities and whiteboard—and collaborative tools, such as wireless screen sharing and a web browser. There's no need for wires, cables or manual software and firmware updates. Includes (1) Red, (1) Black interactive pen and (2) Eraser.

The SMART IFP does not include speakers. To play project audio, purchase a [SMART Board Speaker Sound Bar](#). All SMART Boards must be purchased with an [iRover Cart](#).

IROVER2 INTERACTIVE FLAT PANEL CART (FLAT PANEL NOT INCLUDED)*

Recommended Use: All Classrooms, this item is distributed as part of the One-to-One Initiative to qualifying classrooms.

Cost: \$1,169 + installation cost

The iRover2™ is specifically designed for school environments. The design and placement of the legs, along with the electric lift function support ease-of-access for all students, including those with special needs accommodations. Adjust and control the flat panel height so it can be easily viewed by different grade levels using the electric lift control.

SMART INTERACTIVE FLAT PANEL PENS

Recommended Use: Replacement for use with SMART IFP 6265S-C1.

Cost: \$37.85 pen pack (Red and Black Pen and 2 Eraser)

Recommended Use: Replacement for use with SMART IFP SPLN 6265V3.

Cost: \$35.00 per pen

Available in red or black.

SMART AM40 IQ

Recommended Use: This is an accessory for the SMART IFP 6065 that did not originally come with a built-in Android computer.

Cost: \$389.00

The IQ technology allow you to have one-touch access to a full suite of SMART education and third-party applications without connecting an external computer. These applications include the powerful whiteboard, a built-in web browser, access to several SMART Learning Suite applications and wireless screen sharing, all without the need for an external computer. The iQ appliance provides a simple, fully integrated experience between student devices and interactive displays.

SMART BOARD SPEAKER SOUND BAR

Recommended Use: Provides audio to stream from the IFP when playing videos or interactive learning applications that have sound.

Cost: \$124.00 (Includes Sound Bar and Mounting Kit)

Experience quality sound with the addition of the Amplitude™ Soundbar by Hamilton Buhl, to your SMART Board Purchase. Mounts directly to the SMART Board utilizing the required Flat Panel Mount.
