Dear DPSCD Parents & Families,

As we hope you have experienced this past year, we have placed more laptops in our classrooms, and by next year, all students in grades K–8 will have access to a laptop. We know children today learn and think through technology. So as a school district, we are using tools such as i-Ready (K–8 reading and math); Achieve3000 (9–12 reading); SAT (8–12); and myOn (access to online books K–12) to increase student engagement and learning. These tools can be accessed at no cost, at any time, at home, and from any device. Please consider this strategy on weekends, snow days or during winter and spring break!

Access to i-Ready, Achieve3000 & myOn

- **Go to Clever:** https://clever.com/in/dpscd
- **Click** "Log in with Active Directory"
- **Enter:** District Username & Password
- **Choose your application!**

Access to Khan Academy

- **Go to Khan:** https://www.khanacademy.org
- **Click** "Log in"
- **Enter:** Khan Username & Password
- **Click** "Courses" (upper left corner)
- **Click** "SAT" under Test Prep

District Username & Password

- **Username:** studentsID#@thedps.org
- **Example:** 12345678@thedps.org
- **Password:** first letter of first name in upper case, first letter of last name in lower case, 2 digit of their birth month, 2 digit of their birth year, 01 (male) or 02 (female)
- **Example:** Jane Doe's birthday is May 13, 2004; her password is Jd050402
