

*Cass Technical High School*

# Summer Update for Incoming 9th Graders

June 15, 2020

## *This Side of Home* by Renee Watson

### **Hello and Welcome!**

The ELA Department at Cass Technical High School would like to first and foremost extend a huge welcome to the Class of 2024! We are so excited to meet each of you and share in your growth as thinkers and writers over the next four years! We are going to be hosting a summer read where we plan on engaging in short discussions about the book through Microsoft Teams. **Please acquire *This Side of Home* by Renee Watson by July 12, 2020.** This is a novel that is about the changes that two twin girls in Portland, Oregon experience as they go through their senior year of high school. It expresses the ways friendships and relationships can alter as people grow into their emerging identities. We are very excited to get reading!
