Semester 2 Parent Orientation Packet

- We have made several changes to the Semester 2 Parent Orientation Packet. As you meet new students in your classes over the coming weeks, please share this link with them.

For the remainder of the school year, we will be sending the Daily Class Coverage Announcement to all students and faculty using TEAMS, Schoology, & Student Emails.

Teachers will provide assignments for students to complete in Schoology Course or the TEAMS Content Library based on the class section number.

Students will complete these assignments based on the directions given by the teacher.
How to find the Daily Class Coverage Announcements in TEAMS & Schoology

• In Schoology, you’ll be able to see the posting for teacher absences in the “Recent Activity” tab of your student’s main page.
• In the DPSCD Virtual School Students & Staff TEAM, the daily updates for teacher absences will be listed in the “General Posts”. These updates will take place before 8am daily.
Report cards will be issued to students four times a year, about every ten weeks. Official progress reports will be issued four times a year. Weekly student progress reports forms are available in the office for any parent requesting one. Please consult the monthly calendars for the exact dates and times; the monthly calendar will be published the first day of each month beginning in October 2018. It is essential parents meet with teachers, pick up report cards, obtain explanation of test scores and most importantly monitor class assignments & homework.

Late, Resubmitted or Missing Work

• If the principal desires and have the support of the majority of their teachers, they may opt to implement a school-wide policy that allows for an open grace period through which students can submit or resubmit graded assignments any time after the assignment was assigned.

• All assignments must be submitted or resubmitted by two days prior to the close of the quarter.

Zeros with Opportunities to Recover:

• Teachers are still able to assign zeros for missing work but should acknowledge effort and encourage the use of late and resubmitted work options to support students initially earning a zero.
Late, Resubmitted or Missing Work

**Time to Catch Up and Get Help:**
- If you have not already introduced Office Hours into the schedule, teachers should set aside at least one, regularly scheduled period each week dedicated to assisting students with:
  - Completing graded assignments for the week
  - Making up missing assignments
  - Resubmitting assignments for improved grades
  - Retaking assessments
- Support should take place during an existing class period/regular time scheduled for the class to meet during the school day, and not during an additional after school meeting, for example.

**Late and Resubmitted Assignments with Limits:**
- Students may submit late graded assignments within a 10 school-day window of their designated due date.
- Students may resubmit graded assignments for improved grades within a 10 school-day window of receiving feedback on the graded work.
- Assignments that are assigned or returned with a grade within the last 10 school-days of the quarter must be submitted/resubmitted two days prior to the end of the quarter.
- Teachers should also practice discretion and can consider extenuating circumstances to grant students additional time for submitting or resubmitting assignments, through coordination with the student and family.
Assessment Retakes

**Assessment Retakes with Limits:**

- Students may retake a test or quiz up to two times on teacher-identified re-take days during class office hours/the support period.

- Teachers can design a new assessment that addresses the same standards and content as the original assessment, with updated questions, or they may allow students to re-take the same assessment, at their discretion.

- The highest grade will be counted.

- Families should receive specific guidance that they are not to provide help on student assessments because they are an important opportunity to assess mastery.

- Families should also receive a calendar of assessment re-take days at the beginning of each week, with their assignment list/syllabus.

- Teachers should regularly communicate with students and their families about missing assignments and graded assignments and assessments so that students and families can submit late work or resubmit work or retake an assessment for an improved grade.
