LETTER *from the* SUPERINTENDENT

Dear Detroit Public Schools Community District Family,

I hope this letter finds you and your families well. As I write this, please know that all district employees are excited to see you and your students in person this Fall, especially our teachers! Based upon many conversations with our families and the greater community, I know the hardships due to the COVID-19 pandemic are lingering and we are still coping with its challenges. As a district, we will continue to do everything we can to support your children and our families as we move to the other side of the pandemic. As we direct our focus to the next school year, we are as prepared and focused as ever to reengage your child in person academically, socially, emotionally, and athletically/artistically.

With the exception of students who excelled last year online by having fewer than 18 absences, passed all of their second semester classes, and/or have a medical waiver to learn online, all students will be expected to return in person in the Fall. We know that most students will thrive when they return to school in person. This school year, with an additional \$1.2 billion in COVID-19 Relief funding, we will have fully staffed classrooms, smaller class sizes, more technology for your child, expanded after school programs, and a nurse and mental health support at each school. We are also continuing to expand our literacy support with more small groups and one-to-one support for students who are below grade level. These additional investments will ensure that your child is better supported in the Fall.

Although the COVID-19 vaccine and testing are readily available for individuals 12 years of age or older, the District will continue to take rigorous safety precautions in every building and on buses for employees, students, and families. This will include weekly COVID-19 testing, daily temperature and symptom checks, smaller class sizes, maintaining three feet of social distance, deep cleaning of classrooms and offices, individual employee access to fans and air purifiers, and ample access to soap and hand sanitizers. DPSCD will continue to be a leading district and organization in the safety and health of students as we return to school in the Fall. Nothing is more important to us than your child's health and safety.

I am personally excited to see you in the Fall! It has been a difficult year for all of us, including me. Nothing makes me more optimistic than knowing we can serve our students in person again next Fall. Please do not hesitate to reach out to me, your principal, or our district team. We are looking forward to seeing you on the first day of school, September 7, 2021!

Sincerely,

Dr. Nikolai P. Vitti, Ed. D.
Superintendent, Detroit Public Schools Community District

BLUEPRINT 2021

A One-Year Extension of Blueprint 2020

Blueprint 2021 ensures that the priorities and strategies for the 2020–2021 school year focus on advancing the District’s ongoing work while attending to the unique academic, health, safety, and social-emotional needs brought forth by the pandemic.

MISSION

We educate and empower every student, in every community, every day, to build a stronger Detroit.

VISION

All students will have the knowledge, skills and confidence necessary to thrive in our city, our nation, our world.

CORE VALUES

Students First

Make decisions that are in the best interest of students. Use every resource strategically so that we can meet students’ individual needs.

Excellence

Be relentless in your pursuit of greatness. Be bold and innovate. Learn from your mistakes. Hold yourself and others to high standards.

Integrity

Do the right thing, even when no one is looking. Be honest. Be trustworthy. Be accountable.

Equity

Diversity is an asset that makes us stronger. Advocate for the needs of others. Ensure that all members of our community have access to the tools and resources they need to be successful.

Service

Listen. Empathize. Respond. Own problems and help to solve them.

Tenacity

Embrace hard work and persevere in the face of challenges. Follow through on your commitments and strive to do your best, no matter what.

PRIORITIES

Transformative Culture

Build a school culture where everyone feels safe, engaged, valued, and connected.

Outstanding Achievement

Offer differentiated learning experiences that support academic improvement.

Whole Child Commitment

Provide students with opportunities and resources to meet their needs, explore their interests, and honor their identities.

Exceptional Talent

Build an excellent, effective team of dedicated staff to serve our students in a variety of settings.

Responsible Stewardship

Manage and deploy our resources sustainably, transparently, and equitably to support our students’ and staff’s safety and success.

**Students Rise.
We All Rise.**

DPSCD does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender identity, disability, age, religion, height, weight, citizenship, marital or family status, military status, ancestry, genetic information, or any other legally protected category, in its educational programs and activities, including employment and admissions. Questions? Concerns? contact the Civil Rights Coordinator at (313) 240-4377 or dpscd.compliance@detroitk12.org or 3011 West Grand Boulevard, 14th Floor, Detroit MI 48202.

GETTING EXCITED ABOUT RETURNING TO SCHOOL

SAFETY PROTOCOLS AND GUIDELINES

Detroit Public Schools Community District (DPSCD) is planning to open all schools this fall and will launch its new Virtual School. At school buildings and district offices, strict safety measures will continue to be implemented to prevent the spread of the COVID-19 virus and any variants in schools and on buses. Under the leadership of the Board of Education and Superintendent Dr. Nikolai Vitti, DPSCD will continue to work closely with local and state health officials and seek recommendations from the Centers for Disease Control (CDC) and the Michigan Department of Health and Human Services (MDHHS).

Please review with your child(ren) the safety guidance that will be implemented for the fall return to school.

- DPSCD will require universal mask wearing in buildings for all employees, students, staff, and visitors, regardless of vaccination status.

- DPSCD will provide full Personal Protection Equipment (PPE) that will include face masks, face shields, hand sanitizer/wipes, protective gowns, shoe covers and gloves. Supplemental cleaning services, room fans and air purifiers will be available upon request.

- All employees will be required to participate in weekly school based COVID saliva testing, with parental consent, students will also be tested weekly. The testing will occur at schools and at the DPSCD central office.

- Other safety mitigation measures to be in place include daily symptom and temperature checks for students and staff, desks that are placed three feet apart for social distancing, small class sizes, safety directives and reminder signage throughout all school buildings. (We will closely monitor for any CDC updates and implement accordingly.)

- Deep cleaning of classrooms and buildings as well as administrative checks on cleaning results and regular review of procedures.

- Contracted nurse on duty at all DPSCD schools

- School buses will be deep cleaned. Masks must be worn while on the bus. Social distance seating will be practiced on all school buses. The District's priority will remain on the health and well-being of our students, teachers, and staff.

DPSCD, in collaboration with the Detroit Federation of Teachers, has entered into a safe learning agreement and are committed to the safety of all students, teachers, staff and families. We know we have faithfully implemented and adhered to these standards, and we thank you for working with us and your school community to help prevent the spread of COVID-19 and any variants.

MEETING ACADEMIC NEEDS IN PERSON AND VIRTUALLY

DPSCD is committed to investing in our students academic needs during our recovery year as we work toward re-emerging into the reform work as outlined in the Blueprint 2021 Strategic Plan. This school year, principals attended a rigorous week-long Academy to help teachers and support staff focus on intentionally supporting students who may be behind or need extra support. The District will focus on the most crucial reforms for re-engaging students and recovering losses sustained during the pandemic; this will be done by maximizing once-in-a-generation funds to address structural barriers to student success. Below is an outline of what this year has in store to accomplish academic goals which will be outlined by your school upon return.

ENSURE ACCESS TO GRADE LEVEL LEARNING & ACADEMIC INTERVENTION

Scheduling and instructional materials will provide access to meaningful on-grade level work, while systematically addressing unfinished learning from the pandemic in Tier 2 and 3 intervention and credit recovery during the school day.

RADICALLY IMPROVE THE HIGH SCHOOL EXPERIENCE

Our high school students deserve dynamic learning environments and empowering coursework. It is time for us to think differently about the high school experience inside and outside of the classroom, with students guiding the reform.

REDUCE CLASS SIZE

Maintaining smaller in person class sizes for social distancing will also allow educators to work more closely with students as they address unfinished learning from the pandemic.

CONTINUE TO INVEST IN OUR EMPLOYEES

Funding bonuses for staff will help DPSCD meet family demand to learn in person and recognize staff for their contributions. Teachers will receive \$2,000 hazard pay for teaching in person and an additional \$2,000 will be paid for teachers who are teaching in person and in the new Virtual School.

TAILOR PROFESSIONAL LEARNING

We will continue to support educators with professional learning to maximize academic resources in F2F (face to face) and online settings.

CENTRALIZE VIRTUAL LEARNING

DPSCD will offer virtual learning in a centralized way for families who are not yet ready for F2F, while allowing schools to focus on just one learning model at a time.

TRADITIONAL F2F SCHOOLS

All brick-and-mortar schools will focus on offering safe, F2F learning, rather than dividing their attention between multiple learning models. A separate virtual school will be offered PreK-12 with separate administrators, teachers, some support, and students.

There are not enough staff to offer a full F2F and virtual schedule to the following students and programs: ESE, ELL, CTE, dual language, Montessori, and most electives and advance courses. Therefore, the latter students will be in person or learn through in person instruction online (blended learning).

K-12 DPSCD VIRTUAL SCHOOL

Given recent developments with the pandemic, families interested in the virtual school can apply to it even if they did not meet previously announced academic and attendance thresholds while learning online in 20-21.

Students must commit to the Virtual School for at least a full semester.

Students who enroll in the Virtual School will have their seat saved at their original school for one school year. However, the student will be enrolled at the Virtual School, with Virtual School teachers and administrators, not educators from their home school.

Any student wishing to participate in F2F extracurriculars, including athletics, should enroll, or stay enrolled, in a brick-and-mortar school, where these opportunities will be present. Exemptions for those who had a 90% attendance rate and passed all their courses last year.

**Please work with your child's school for more details.
For school information, please visit detroitk12.org.**

EXCITED TO WELCOME STUDENTS BACK TO SCHOOL

When DPSCD schools open on September 7, 2021, students will be warmly greeted by school leaders, teachers, and staff, excited to have students back in school, ready to learn. It's time to add fun back into learning while addressing the needs of our students to prevent barriers that prevent or inhibit learning.

In concert with the District's Whole Child Commitment Priority, students will once again enjoy and see expanded arts, music, and STEM activities all while learning in smaller class sizes.

The District established and trained school health teams at each school and will continue to expand staffing for school social workers and counselors. In addition, school nurses will offer a wide range of health benefits to students. The services they provide include triaging and screening for health issues, distribution of daily medications, intervention in emergency situations, monitoring the isolation room, assistance coordinating care for acute or chronic issues, and more.

Partnerships with Detroit Wayne Integrated Health Network and the University of Michigan will continue and expand to focus on mental health and trauma-informed practice. Each school will be paired with a partner agency which will then work with students individually or in small groups as needed. Services that families can expect for the coming school year include support for depression and anxiety as well as small group and individual Cognitive Behavioral Therapy sessions, with parental consent, to name a few. Please work with your child's administrative team to learn about the support programs offered.

Please visit www.detroitk12.org/enroll or contact the school nearest to you to enroll. Rise up with DPSCD!

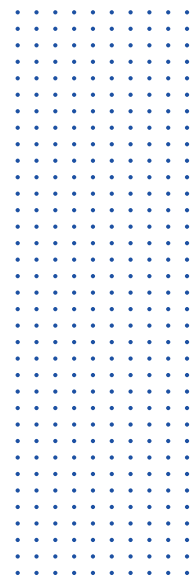

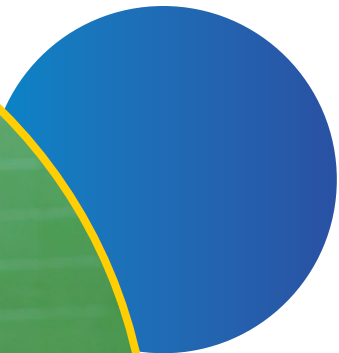

EXPANDING ATHLETICS MAKING SCHOOL FUN

Extra-curricular activities such as a robust athletics program is part of DPSCD's legacy. DPSCD is home to legendary athletes such as Jerome (The Bus) Bettis, Henry (Gray Ghost) Carr and many others. Just have a chat with DPS alumni Dr. John Telford to understand the depth of a winning bench.

This year we will continue the legacy. Families can anticipate several enhancements to include boys' and girls' soccer, fast growing lacrosse, golf, tennis, girls competitive cheer and boys wrestling. These new programs provide an opportunity for student athletes to excel in the classroom and in competition, opening a door to college scholarships, highly sought-after athletic careers and who knows, maybe an Olympic medal.

Along with the programming expansion, DPSCD athletics will make needed facilities improvements including resurfacing running tracks, installing new scoreboards and other capital enhancements while focusing on athletic development by adding additional coaching positions for existing sports. With its rich and storied history in athletics, DPSCD looks forward to welcoming your child to our rosters.

Pierre Brooks II is an example of how DPSCD helps to mold its student athletes to rise in competition as well as in the classroom and in our community. As a model team player, not only did he lead the Frederick Douglass Academy Hurricanes to the Div. 4 boys basketball state championship in the spring 2021, Pierre succeeded in the classroom. He will attend school this fall at Michigan State University on a full scholarship to play basketball and study business. He has a great future ahead, including plans to give back to the community. Congratulations to Pierre and all our DPSCD student athletes who use their athletic gifts to gain an education and build lifelong relationships. You can learn more about DPSCD's athletic programming, by visiting www.detroitk12.org and clicking the athletics tab.

ON THE RISE ACADEMY

On the Rise Academy is the first of its kind, District-led alternative teacher certification program in Michigan. Aspiring teachers (Fellows) started this summer to become full time teachers in DPSCD in elementary, secondary math and science. Meanwhile, continuing teachers (currently certified teachers who want to earn an endorsement in another subject area) will begin in the fall.

The program is free for Fellows who commit to teaching in DPSCD long-term and uses a practice-based model of teacher preparation that immerses participants in authentic field-based experiences to support rapid learning and development. Once Fellows complete their initial training and requirements, they'll be eligible

for an Interim Teaching Certificate and the District's new starting salary of \$51,071 for certified teachers, the highest starting salary for new teachers in the state.

One key goal of On the Rise Academy is to provide a route to teaching certification for our own employees. This year, 215 candidates applied for 62 Fellow spots and 70% of the Fellows are current DPSCD employees. In addition, On the Rise Academy's inaugural cohort is 82% Black/African American and 87% non-white, closely mirroring the DPSCD student population. 23% of our cohort identifies as Black Male compares to 13% of current DPSCD teachers. The On the Rise Academy is an example of DPSCD's priority of developing Exceptional Talent by building an excellent team of educators who our largely home grown and ready to serve our students.

HOMEWORK HOTLINE

HOMEWORK AND MENTAL HEALTH HOTLINE

The Detroit Public Schools Community District Homework, and Mental Health Support Hotline will continue. These free resources are available for all DPSCD students and families. Translation services may be requested.

HOMEWORK HOTLINE:

Encourages outstanding achievement by giving students an additional platform to ask for help and emphasize problem solving skills. Students and families can call in for help with Literacy and/or Math homework.

The Homework Hotline will be offered during the academic year on Monday – Thursday, from 5:00 p.m. – 8:00 p.m.

MENTAL HEALTH SUPPORT LINE:

Available to provide online counseling to students and parents and referrals for additional services.

The Mental Health Support Line will be offered during the academic year on Monday – Thursday, from 5:00 p.m. – 8:00 p.m.

***Please note that District hotlines will not operate on days that schools are closed for holidays.**

TRANSPORTATION

The District provides safe, efficient, and timely transportation services to families weekly to ensure students are ready to learn.

Students are offered transportation under the following guidelines:

- Regular education students in grades K-8 who reside more than 3/4 of a mile from their neighborhood school
- Regular education students in grades 9-12 can ride DDOT for free by showing their DPSCD issued student ID and DDOT bus pass available at each high school
- Exceptional education students according to their IEP
- Career and Technical Center Students between their high school and respective Career and Technical Center

To learn more, please call the DPSCD Transportation Help Line at (313) 945-8600.

Parents of exceptional education students may visit the Frederick Douglass Academy South Wing at 2001 W. Warren Suite 166, Detroit, MI 48208-2216, or call (313) 748-6499.

TRANSLATION ASSISTANCE

DPSCD offers district wide language access services to support staff, students, and families.

TRANSLATION | INTERPRETER | SIGN LANGUAGE INTERPRETER

To request language access services, please speak with the clerical staff at your school or contact us at translation.request@detroitk12.org or (313) 212-4312.

FAMILY AND COMMUNITY ENGAGEMENT ENGAGING FAMILIES AND STUDENTS TO SUPPORT YOUR RISE

This summer, the Office of Family and Community Engagement (FACE) team visited more than 20,000 homes by the end of July and was on pace to visit all families to ensure students and families were ok and if not, the teams provided much needed support. The FACE team will continue to keep families and students needs first in the upcoming school year. FACE will offer parents a myriad of resources and opportunities to successfully return to school in the fall.

Look forward to FREE courses for parents both in-person and virtually, in schools and in and around the community. Workshops will include smart ways to support your child's success at school and at home as well as fun ways to build your own social support network through social media works, book clubs, Painting with a Twist, crochet clubs, and parent support groups. FACE will continue its home visits and canvassing efforts to check in on our families and provide needed resources such as mobile tech support in partnership with our Office of Technology. Interested parents can be trained and earn a stipend to assist with district canvassing initiatives.

Building and supporting PTAs, School Advisory Council's and other stakeholder groups will continue as a platform for helping our students' success. Each school will have a Parent Outreach Coordinator to support parents. We will also launch a DPSCD Student Leadership Institute offering programs that parents and students can engage in together. We will also expand Kindergarten Bootcamp, another platform for parents and incoming students to engage together at the start of your child's education career.

FACE will facilitate the recruitment and onboarding of volunteers districtwide, using the expansion of our Alumni building efforts along with our broad parent community to fill school needs throughout the school year.

For more information, please call 313-873-7490 or email Ms. Collette Carleton at Collette.Carleton@detroitk12.org.

CAREER AND TECHNICAL EDUCATION PREPARING STUDENTS FOR CAREERS AND WORK

Our goal is to connect students to their passion through real-world experiences. Career Technical Education (CTE) students apply their learning through hands-on training, project learning, job shadowing, and paid internships. Students graduate from high school with industry credentials ready for work or advanced studies.

New for the 21-22 school year, CTE will be offering a Machine Tool (CNC) program at Southeastern High School's Advanced Manufacturing Academy. Advanced Manufacturing is a growing career field and, in conjunction with several partners, the District wants to position our students to be ready for these in-demand, high-wage jobs of the future. The program represents the continual expansion of manufacturing courses for students. Southeastern students will take courses at Golightly CTC where they will learn in renovated learning spaces and train on newly purchased Intelitek industrial equipment.

The District has three CTE Centers offering the following:

BREITHAUPT CTC: Automotive Service, Collision Repair, Hospitality & Food Services/Culinary, Cosmetology, Mechatronics, and Welding.

GOLIGHTLY CTC: Graphics and Printing, Aeronautical Flight/Drone Training, Hospitality & Food Service/Culinary, Welding, and Machine Tool (CNC)

RANDOLPH CTC: Construction and Building Trades, Electrical, HVAC, Painting and Interior Design, Welding, Marketing and Entrepreneurship, Line Worker (Energy)

Please see the directory in the back of the guide for more information for each of the CTE Centers.

DPSCD STUDENTS CAN ATTEND COLLEGE WITH DETROIT PROMISE SCHOLARSHIP

The Detroit Promise is a last-dollar scholarship that ensures all eligible Detroit residents who attend Detroit Public Schools Community District have a tuition-free path to an associate degree, bachelor's degree, or technical certificate at participating academic institutions.

Interested students should check with their school to ensure that their desired degree or technical certificate is Pell-eligible. Programs that are not Pell-eligible cannot be covered by the Detroit Promise. Detroit Promise funding is not competitive; every student who registers and meets the requirements will receive funding if their college determines they have an eligible funding gap.

As a last-dollar scholarship, any Pell or TIP funding will always be applied to a student's bill first. The Detroit Promise serves to cover any eligible funding gap.

- At two-year schools, the Detroit Promise will be billed for any remaining balance up to the full cost of tuition and mandatory fees*.
- At four-year schools, any balance will be covered using gift aid as arranged by the participating institution and a contribution from the Michigan Education Excellence Foundation (MEEF).

For more information visit: <https://detroitpromise.com/about/>

EXCEPTIONAL STUDENT EDUCATION/ MONTESSORI

PROGRAMMING DRIVES DEVELOPMENT OF SKILLS, INDEPENDENT LIVING

Providing opportunities for outstanding achievement by our students is a DPSCD priority. This is particularly poignant for the District's Office of Exceptional Student Education or ESE, formerly known as Special Education.

For the 2021-2022 school year, DPSCD will enhance its Essential Skills Transition Program (ESTP), to further meet our ESE students and families where they are. ESTP prepares young adults with disabilities, ages 18-26, while promoting progression from K-12 education. It also drives activities in education/training after graduation, with such steps as gaining employment, living independently, and being involved in the community.

More information on DPSCD's Exceptional Student Education can be found at www.detroitk12.org/ese.

MONTESSORI UPDATE

DPSCD's Montessori Program offers a unique learning experience for students. Students are engaged in student-centered learning through hands-on experiences, a focus on social responsibility, and engaged communal learning that promotes collaboration, critical thinking, and creativity. We believe our Montessori program is second to none and offers the opportunity for all students to reach their fullest potential!

Let's welcome, Dr. Sophia Lafayette-Lause, as the new Executive Director. She accepted the position leading this new team. Dr. Lafayette-Lause is joining us from Romulus Community Schools, where she served as the Executive Director of Early Childhood through 12th Grade. Learn more about our Montessori Schools and admission here: <https://www.detroitk12.org/montessori>

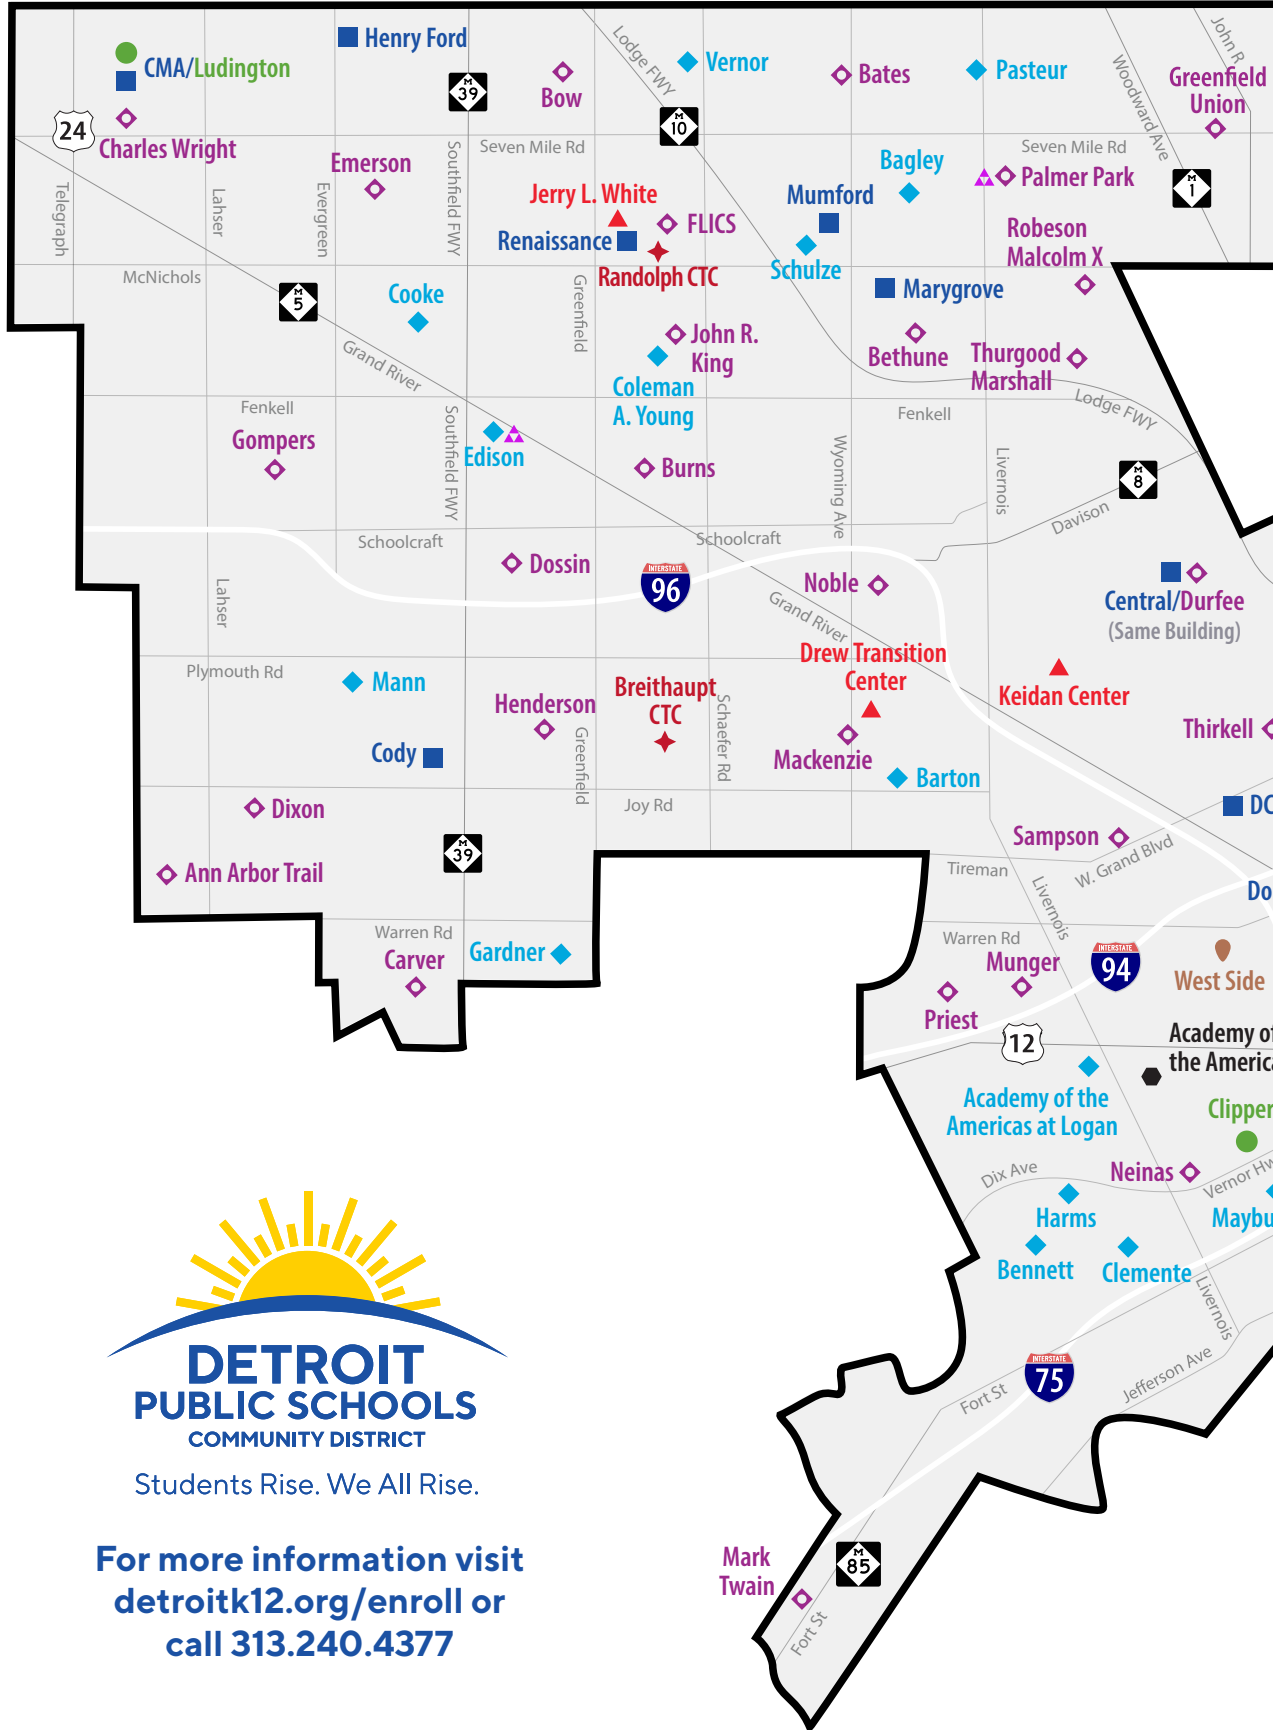

The Office of Early Childhood ensures that all children have access to high-quality early learning programs and enter kindergarten prepared for success.

We ensure that all early childhood outcomes include:

- Children thriving
- Children are developmentally ready to succeed in school
- Children are prepared to succeed by achieving appropriate grade level reading proficiencies

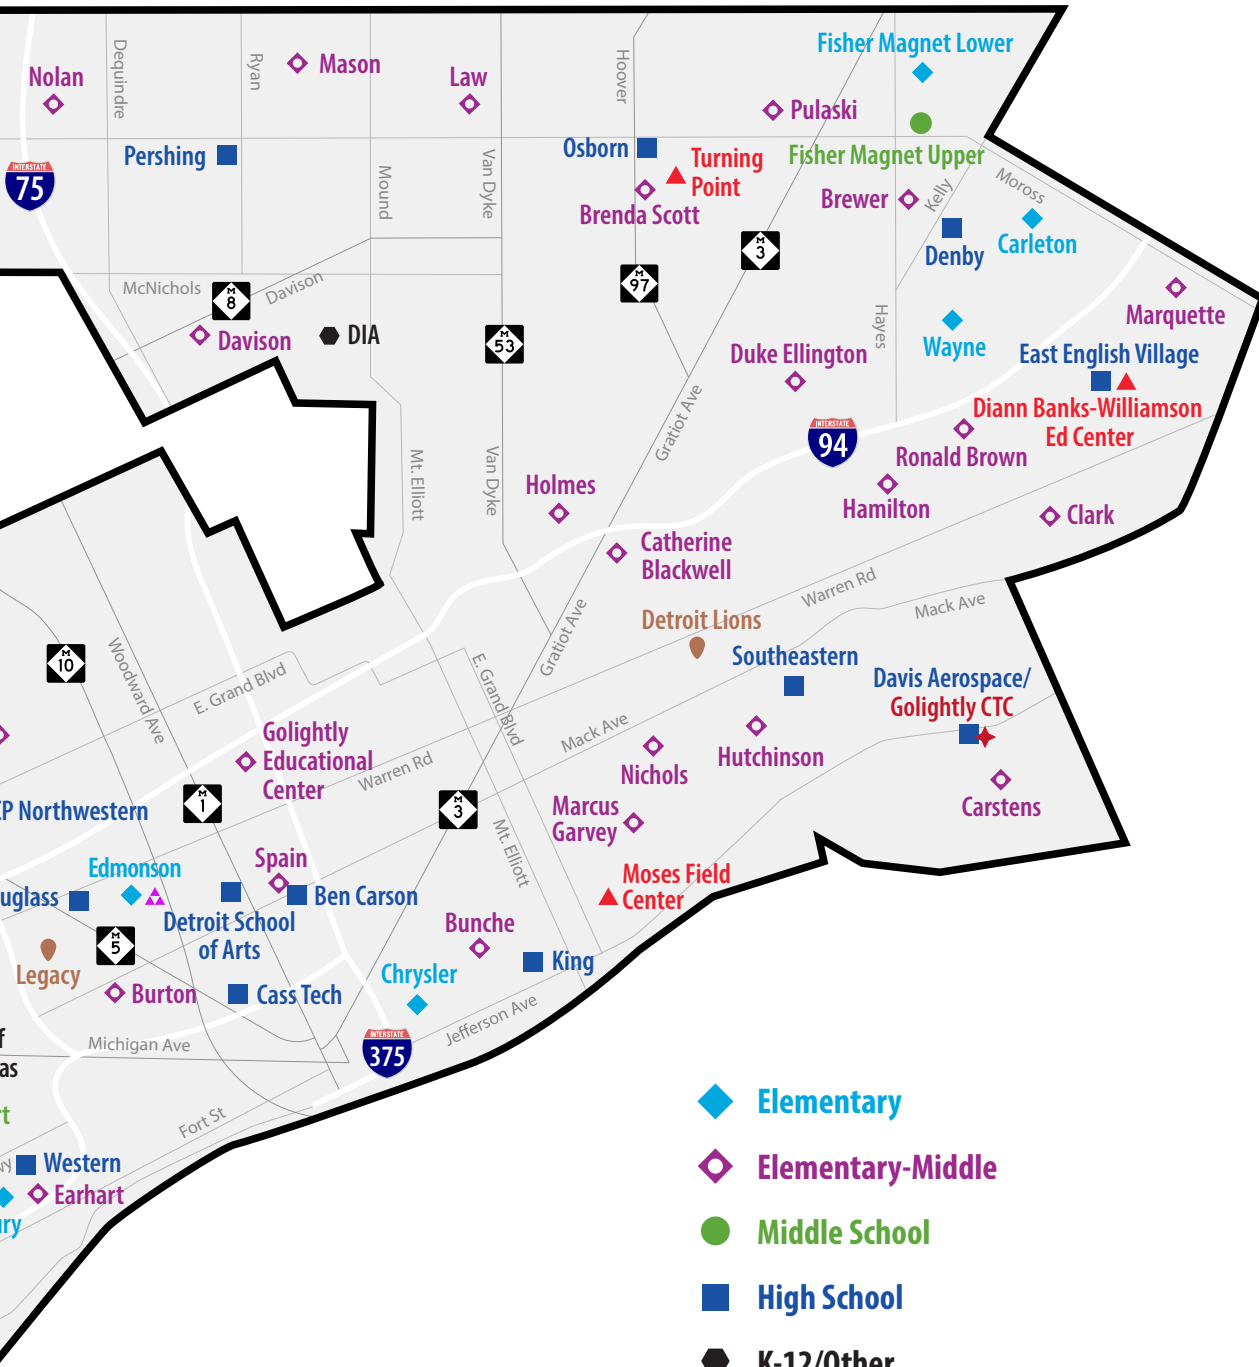

We provide a free, high-quality early learning experience for students who are four years old by December 1st of the current school year through The Great Start Readiness Program (GSRP), a state-funded pre-kindergarten program for four-year-old children. The program is sponsored by the Michigan Department of Education (MDE) and administered by Wayne RESA. Maximum class size is 18 students. Early childhood students attend school four days per week (M-TH). The program provides educational, health, mental health, and parental involvement services. Students selected for the Great Start Readiness Program must meet income guidelines.

Learn more about which DPSCD schools offer Pre-K here:
<https://www.detroitk12.org/Page/7369>

Students Rise. We All Rise.

For more information visit detroitk12.org/enroll or call 313.240.4377

RESPONSIBLE STEWARDSHIP

DPSCD will invest \$1.2 billion in one-time supplemental federal funds to support the District's recovery from the pandemic and invest in facility improvements. The District funds that must be spent by September 30, 2024.

COVID-19 Recovery Investments

Detroit Public Schools Community District is Michigan's largest public education system. We champion a whole child approach that supports the social, emotional and academic needs of our students.

To date, DPSCD has received nearly \$1.2 billion in one-time COVID-19 relief funding. This critical funding is being invested in support programs and resources designed to help students rise as they navigate the long-term process of recovering from the impact of COVID-19.

\$15M Bringing Students and Families Back to School

- Increase Home Visit Outreach
- Expand Programs - Early Education & Kindergarten
- Develop Online Enrollment Portal

\$189M Maximizing Safe In-Person Learning

- Reduce Class Sizes
- Place Nurse at each School
- Provide Free Mask & PPE or Shields
- Enhance Cleaning
- Free & Required Weekly COVID testing for all Employees and Students

\$169M Meeting Academic Needs of Students

- After School Programming at Each School
- Expanded Summer Learning Programming
- Student Devices & Internet Access - Classroom & Home

We will continue to update the community on how these one-time relief funds are being used to help the City's children and families rise up this school year.

THERE'S A SCHOOL *for you* WITHIN DPSCD

Detroit Public Schools Community District offers a diverse set of schools and programs to meet the needs of all students and families. Find your “right fit” school today and join our rise as we develop today’s learners into tomorrow’s leaders!

Check out our outstanding school options available to you and your family:

Neighborhood Schools: K-12 schools across Detroit offering rigorous reading and math curricula, plus art and/or music and gym at all schools.

Application Schools: 17 unique schools and programs across the District offering specialized programming for students, including gifted and talented, Montessori, language immersion, single-gender, fine and performing arts, African-centered education, and more. Admission requires a formal application process.

Exam High Schools: Five selective admission high school programs across the city offer rigorous college preparation, career preparation, competitive athletics programs and inspiring arts programs. Students are required to take an examination and complete an online application for admission consideration.

Career Technical Education: CTE students apply their learning through hands-on training, project learning, job shadowing, and paid internships. Students can graduate from high school with industry credentials ready for work or advanced studies.

Pre-K: The District offers free, high-quality early learning experience for general education students and children with special needs. Children must be four years old by December 1.

Exceptional Student Education: Our ESE and alternative centers and programs ensure that students with exceptional needs receive the support, interventions, and enrichment activities needed to flourish.

Adult Education: We offer programs that help adult learners upgrade their academic skills and career outlook, including high school completion, General Educational Development (GED), Adult Basic Education (Pre-GED), and English as a Second Language (ESL).

HOW TO ENROLL

ENROLL TODAY AND JOIN THE DETROIT PUBLIC SCHOOLS COMMUNITY DISTRICT. WHEN STUDENTS RISE, WE ALL RISE.

Check out the new enrollment options for the 2021-22 school year - designed to keep families and staff safe!
Enrollment paperwork is available in English, Spanish, Bengali, and Arabic.

EASY ENROLLMENT OPTIONS

- 1. Pick up and drop off packets at an Enrollment Drop Box.** Pick up and drop off paper enrollment packets at Drop Boxes conveniently located throughout Detroit. Visit detroitk12.org/enrollnow to see the current Drop Box locations!
- 2. Request a paper packet to be mailed home.** Complete an online survey or call 313-240-4377 to request an enrollment packet by mail. Completed packets should be dropped off at a Drop Box location. Online survey found at detroitk12.org/enrollnow.
- 3. Upload Enrollment Forms Online:** Access enrollment forms at detroitk12.org/enrollnow. Forms can be downloaded, saved to a device, and filled out on a computer. Once complete, forms can be uploaded via a survey on the webpage.

RISE UP *with* DPSCD

- Comprehensive safety measures planned for 21-22 school year include: mask wearing, temperature checks, smaller class sizes and social distancing as well as many other steps to keep your child safe while in school and on the bus.
- An array of programming options from Pre-K through 12 along with extra-curricular activities that include the arts, robotics, athletics and much more, in schools that are nurturing and supportive.
- Extensive wraparound services for your child's health ranging from contracted nurses in all schools to mental health support along with academic assistance through Homework Hotline and learning opportunities through Parent Academy.
- A new virtual school coming online this fall.

We can't wait to see when the new school year starts on Tuesday, September 7, 2021!

Students Rise. We All Rise.
