Permission for Collaboration for Your Child's Health HEALTH CARE PROVIDERS, HEALTH PLANS & HEALTH DEPARTMENTS

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

What is FERPA?

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. Generally, schools must have written permission from the parent, or student if over 18, in order to release any information from a student's education record.

Permission for what?

Detroit Public Schools Community District is requesting your consent because we may need to share information contained in our student records with your child's Health Care Provider, Health Insurance Plan, a School-Based Health Service Provider, or as required by law, including to the Michigan and Detroit Departments of Health. Health Care Providers are the physician(s) or nurse practitioner(s) who take care of your child, as noted in the district's records. A Health Plan is an organization that administers your child's health care benefits, such as Medicaid or a health insurance company.

Why is this important?

This consent form allows the district, when requested or necessary by law, and/or to assist with coordination of health care, including benefits, by sharing health information from the student's education record. Without your consent, the district is limited in how it can collaborate with your child's Health Care Provider, Health Insurance Plan, or a School-Based Health Service Provider to help you or your child.

What this form does not do.

- This form only authorizes the district to disclose information for limited purposes, with your consent. Each Health Care Provider, Health Insurance Plan, or a School-Based Health Service Provider may have its own way of getting permission from you for them to share information with the district.
- Your signature does not authorize the district to obtain medical treatment for your child on your behalf.
