Help your child navigate through the transition from middle school to high school. Learn how to support your student's understanding of high school expectations and norms in a face to face and virtual classroom setting.

Choosing a "right-fit" high school can be challenging, especially in a COVID world. In this workshop, you will learn about: DPSCD's school options and programming; making a safe, informed high school decision as a family; and preparing for your child's future amidst the pandemic.
