EDUCATION WEEK

'He Always Seemed Weary'

Edweek.org

He was my challenge. He would come sit in my office, and we would just talk. His eyes always seemed to be heavy, and he always seemed weary. He was barely passing. He was the kind of person who had a presence when he entered the room, but he didn't know it. His spirit's light bulb was dim, and he was lost. That's how he was when his time was up, and he graduated. I worried.

Years later, he surprised me and came to my new school in his Navy uniform. He thanked me for just listening.

COVID-19 SAFETY PROTOCOLS

SMART SAFETY MEASURES

For students and staff learning in our buildings, we will implement safety measures. DPSCD was allocated \$85 million in CARES Act funding to implement COVID-19 safety measures to ensure the health and wellness of students, teachers and staff. To date, the district's board has approved \$25 million in spending for personal protective equipment, temperature stations, cleaning supplies and classroom safety items. We have also increased the frequency of custodial services to include daily cleaning and sanitization.

School safety measures include, but are not limited to:

- COVID-19 testing for employees
- Training on healthy hygiene practices for students and staff
- Daily temperature and self-symptom checks for employees and students
- Required use of masks; reusable masks will be provided to all students and staff
- Expansion of nursing services in every school
- Hand sanitizer in each classroom and regular restocking of soap in bathrooms.

SMART SAFETY MEASURES CONTINUED

Daily Deep Cleaning

Classrooms, offices and shared spaces will be cleaned daily with EPA-recommended disinfecting products. All spaces have a posted cleaning log. Custodial staff will complete the log daily showing that a specific room/area has been cleaned (high-touch hard surfaces disinfected).

All buildings and busses cleaned and disinfected prior to staff and students returning.

COVID Testing

Before returning to work, all employees need a negative viral Covid-19 test. While students were tested for Summer School, student testing is not required for the fall.

If a student or family member has symptoms, you can be tested without a prescription at the City of Detroit drive-through testing sites. All tests require an appointment. To schedule a test, call 313-230-0505.

Visit www.michigan.gov/coronavirus for other testing sites near you, including those that do not require insurance.

Monitoring and Accountability

As the District implements safety guidelines, a team of 4 people will monitor safety daily in schools and complete daily compliance reports.

Parents can email info.reopen@detroitk12.org or call [313-578-7018](tel:313-578-7018) to report concerns. The District will respond within 24 hours.

RESPONSE TO CONFIRMED CASES

DPSCD is working closely with the Detroit Health Department and state authorities through this pandemic, including on a response plan in the case that a positive case is confirmed.

This includes:

- Proactive communication about confirmed cases once information is confirmed with public health officials
- Buildings and offices closed for disinfecting before students and staff return
- Students continue to engage in regular instruction online with regular assignments, attendance, and grades

FACE 2 FACE SE SAFETY MEASURES

- All adults at SE have had a negative test result!
- Before entering, everyone must wear a mask and go through a symptom check including a temperature scan
- No more than 20 students in a classroom where desks are positioned at least 6 feet apart
- Where possible, students will be scheduled as cohorts

FACE 2 FACE SE SAFETY MEASURES

- A quarantine room will be established for sick students while they wait to be picked up
- Students will enter from both the Goethe and Fairview entrances
- Students' lunch will occur in the café but with much lower numbers to socially distance.
- Hall passing/d dismissal may be staggered to limit student congregations
