ATTENTION STUDENTS: EARN COLLEGE CREDITS NOW!

Wayne County Community College District (WCCCD) has re-energized its Dual/Concurrent Enrollment Program by establishing stronger partnerships with students, parents, and high school districts throughout the 32 cities and townships that are part of the District's service area. As a result, the District continues to service record numbers of Dual/Concurrent enrolled students.

WCCCD's Dual/Concurrent Enrollment Program is designed to make college education more accessible to high school students so they can achieve their educational/career goals while saving both time and money.

Dual/Concurrent Enrollment allows qualifying high school students the opportunity to begin their college studies prior to high school graduation. Whether students plan to enroll in a career/technical program, achieve an Associates degree or earn a baccalaureate degree, Dual/Concurrent Enrollment will provide students an opportunity to begin earning college credit.

Program Diversity:

The District's five campuses are located in industrial, suburban and metropolitan areas where a major share of Michigan's technical and skilled occupations are located. Because of the diversity of its service areas, WCCCD places a strong emphasis on occupational and career programs as well as traditional college and university transfer programs, including those within the liberal arts discipline.

The District currently offers more than 90 programs leading to either an associate degree or certificate in various disciplines.

This brochure was created to provide our educational community with information about the Dual/Concurrent enrollment program requirements, expectations and services.
