Helping Students Take Their High School Career to the NEXT LEVEL...By Joining the Mumford Music Media Technology Pathway!
“Thank You for Visiting Mumford High School - VIRTUALLY. I teach the Music Media Technology Pathway classes in our STUDIO!”

We learn music, video and photography production by covering a variety of media forms.

- Pathway Teacher, Mr. McCullough
Are you interested in a career in the music Industry?
Are you interested in photography, making videos, or using technology to create?
Want to learn how to start your own business from scratch AND learn from professionals?
Do you want to learn these skills, but don't know where to Start?

The Music & Media Production program will teach you all this + more!!!!!!

No Experience is required.... We will teach you everything you need to get started creating and find a career that you love within the Music & Media industry.
Hands-on learning opportunities including how to run to a recording studio, how to use professional tools such as cameras for recording video and pictures, how to create your own original music.

For More Information, please contact
Mr. McCullough
