Design Principles

Students Rise. We All Rise.

Important Notes

- ❖ While all work is enrichment, we encourage students to engage daily. This engagement helps them to be prepared when they return to school in the fall. Student participation will be monitored and captured. This will be done through student logins to the online portal, telephone interactions or communication with parents who verify student engagement.
- ❖ All resources and current information can be found on the district's website at www.detroitk12.org/covid19.

Attendance Policy

Attendance is taken twice a week in our Student Information System

Tuesday: (Saturday to Tuesday) and Friday : (Wednesday to Friday)

How are students counted?

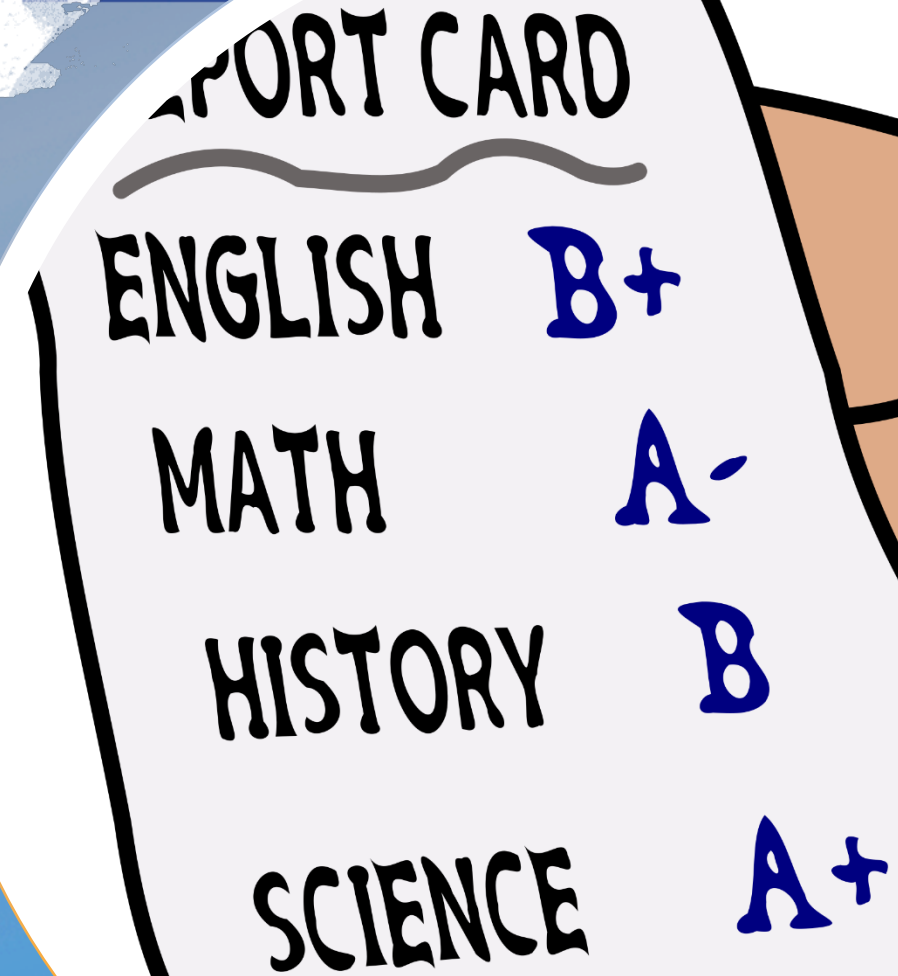

1. Attend a virtual lesson with teacher
2. Attend a phone conference with a staff member
3. Participate with a homework packet

Participation is confirmed if the parent notifies the teacher that they are attempting to participate but have circumstances that are hindering their participation such as: family emergencies, illness, lack of resources (electricity, water, internet, transportation, child care, homelessness, or other situations that would also impact student learning in face-to-face education). These situations require principals and other campus staff to contact parents and provide support.

“Although attendance is not mandatory, it is recommended and encouraged”

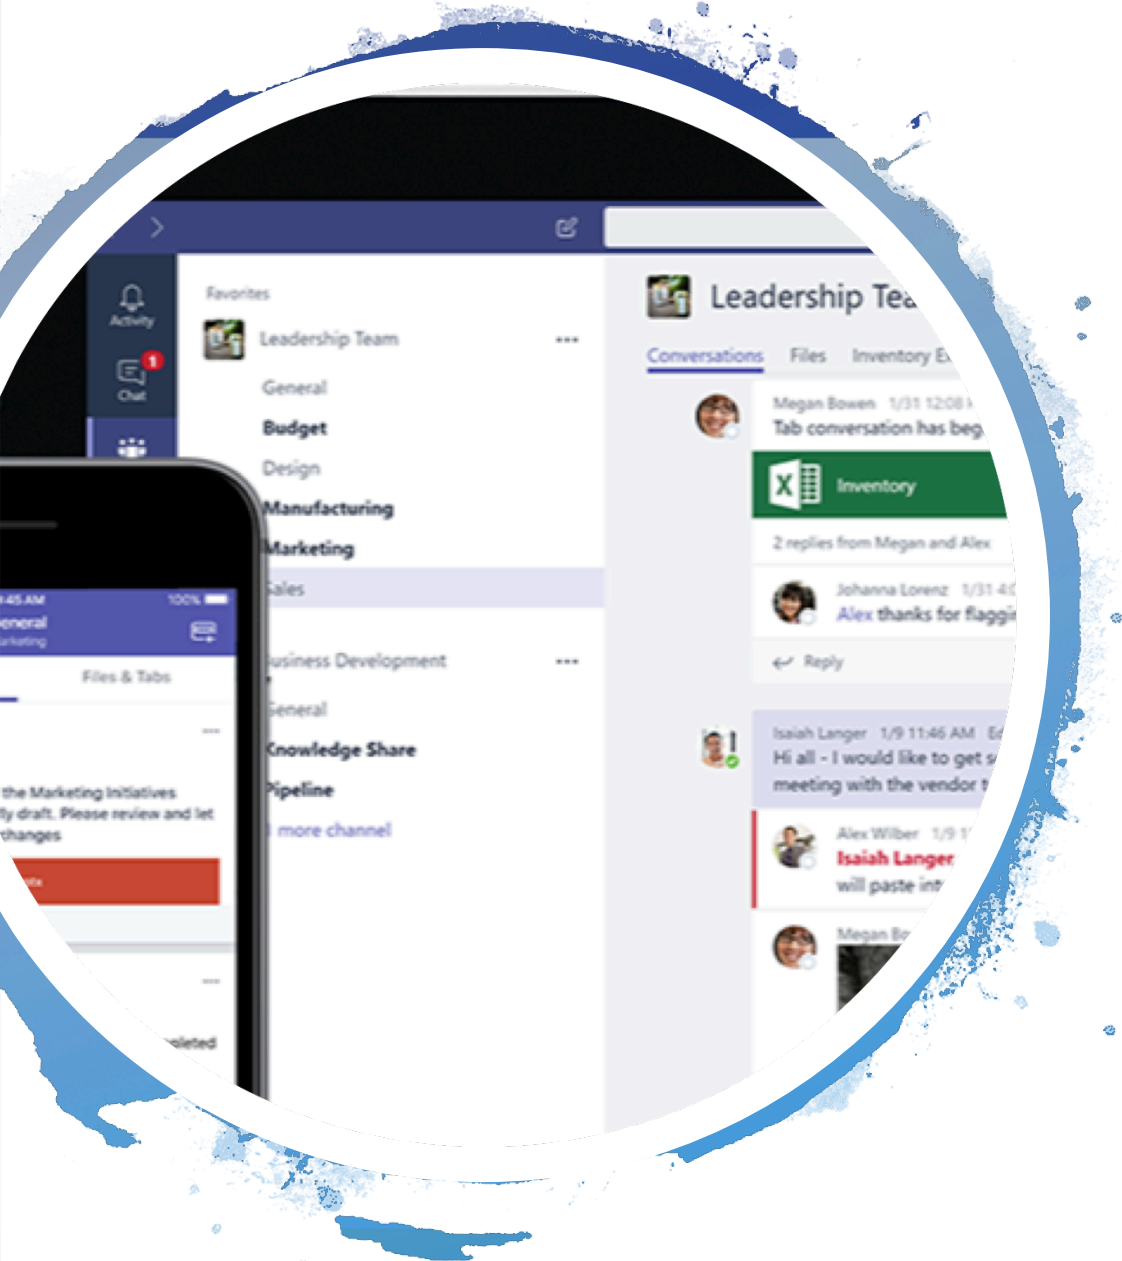

Grading Policy

- Grades are due from teachers by April 20, 2020
- All students receive a Passing Grade (P) if they were passing as of March 12, 2020.
- Students who were not passing may work with their teachers to complete assignments to earn a passing grade.
- All assignments are for enrichment and recovery and students will not be penalized for not participating.

Family Check-ins

- It is our goal that every student is engaged every day, just as they would be if they were in school. They may be attending sessions online or on the phone with their teachers, but an additional staff member will also make contact once a week. This is to ensure parents have their questions answered, and our students feel supported.
- The calls will generally come from a 313 or 248 phone number. The staff member will always identify themselves and their role at the school.

Family Engagement Opportunities

The Family and Community Engagement Office provides workshops for family participation.

The catalog of activities can be found on the DPSCD website.
