# Important Notes

- ❖ While all work is enrichment, we encourage students to engage daily. This engagement helps them be prepared when they return to school in the fall
- ❖ Student participation will be monitored and captured. This will be done through student logins to the online portal, telephone interactions or communication with parents who verify student engagement.
- ❖ All resources and current information can be found on the district's website at [www.detroitk12.org/covid19](http://www.detroitk12.org/covid19).

## Family Check-Ins

- It is our goal that every student is engaged every day, just as they would be if they are in school. They may be attending sessions online or on the phone with their teachers, but an additional staff member will also make contact once or twice a week. This is to ensure our parents have their questions answered, feel supported and are not in need of additional resources the school can provide.
- The calls will generally come from a 313, 586 or 248 phone number. The staff member will always identify who they are and their role at the school.

# Closing questions

If you are comfortable here having parents come off mute answer aloud, that would be fastest, otherwise, utilize your screen to show parents where to type in the chat window if they are on a computer.

If they are on a phone, and not on Teams, asking the question off mute is the only option.

We want to ensure the time today was valuable, so please complete our survey at <https://bit.ly/DPSCDPM>
