Dear Fisher Magnet Lower/Upper Academy Parents and Families,

We have a unique opportunity to provide new technology devices to all enrolled DPSCD students this school year. Through the Emergency Connectivity Fund, part of the American Rescue Plan, we have been allocated funding to purchase new iPads for Pre-Kindergarten through 2nd grade and new HP laptops for 3rd grade -8th grade students, including our ESE students. Students will use these devices during the school day. Our schools are scheduled to receive new devices the weeks of February 13th (Lower) & February 28th (Upper). Your consent is required for your student to receive a new device. Parental consent to participate in the One-to-One program takes approximately 20 minutes to complete answering a series of questions. Additionally, students will be required to participate in, in-school training that will occur when the devices are distributed.

Below is the One-to-One Technology link to complete for your child/children's consent or you can go to the school's website to access the link. If you have any questions, please feel free to contact the main offices.
