Paul Robeson Malcolm X Academy - Gryphons

Why I take pride in serving as Principal at Robeson Malcolm X:

As an educator, it is my duty to expose children to the images of themselves that they have not yet seen. I realize that- when working with children- I am helping shape the future by working with Doctors, Lawyers, Teachers, and Politicians who are unaware of the potency of their potential and the necessity for their success!

I invite you to join our school community:

All are invited to join us as we expose our students to the beauty and power of Blackness! Join us as we teach children the untold lessons of people and events that shape the world they live. Join us we expose children to their ability to be changed by gaining their education and become change agents in the world.
