If you had a heart attack tomorrow, what would you worry about?

Paying your bills? Taking care of your family? Getting better? If you’re like most people, being diagnosed with a critical illness can be overwhelming, even scary. The last thing you want to worry about is money. Critical Illness Champion pays you directly to help with your bills, your mortgage, your rent, your childcare—you name it—so you can focus on recovery.
CRITICAL ILLNESS CHAMPION

No one plans on getting sick . . . But just in case, we’ve got you covered.

Critical illnesses, such as heart attack, cancer and stroke, happen every day. They can have serious consequences, both physical and financial. To maintain your lifestyle and help you recover, you may need some financial help.

Are your savings enough to pay your bills?
While you’re being treated for a critical illness, your income could be affected for 3 to 6 months. Most families do not have enough savings to keep up with:
- Rent or Mortgage Payments
- Car Payments
- Credit Card Debt
- Childcare
- Savings for College & Retirement
- Household Expenses

Critical illnesses are expensive
Simply put, critical illnesses cost money. Even with medical insurance, out-of-pocket expenses like these can pile up quickly:
- Medical Deductibles and Co-Pays
- Out-Of-Network Specialists
- Prescriptions
- Rehabilitation
- Nursing Care
- Medical Travel

Would a check for $20,000 help?
Critical Illness Champion pays you cash immediately. Upon diagnosis, we send a lump sum check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. Your benefit is paid in full regardless of any other insurance you may have.

Here’s how it works...  
When you are diagnosed with a covered condition, submit your claim and we’ll quickly send you a check. It’s that simple. You can use your money however you choose.

**Triple Benefit**  
If you get sick again with another covered condition, you’re still covered. With Triple Benefit, you can receive up to 3 times the Face Amount for each person you choose to cover. That means if you choose a $20,000 Face Amount you can receive as much as $60,000 in cash.

**Recurrence Benefit**  
If we have paid a critical illness benefit for Benign Brain Tumor, Cancer, Coma, Heart Attack or Stroke, and there is a recurrence, you can receive up to 25% of your Face Amount, as long as you were back to work and treatment-free for at least 6 months. The Recurrence Benefit can be paid up to 2 times.

**Additional Benefits**  
With Critical Illness Champion, you get even more than a substantial lump sum cash benefit. To help you avoid financial hardship and ease your recovery, you get these innovative benefits too:

**Mortgage and Rent Helper** – If you miss work due to a critical illness, you may need some extra help making mortgage or rent payments. Mortgage and Rent Helper pays you an extra $500 each month if you miss 5 or more days of work, for up to 6 months.

**Hospital Re-Admission Benefit** –  
Beginning six months after your diagnosis, each time you are admitted to the hospital for the same critical condition, this Hospital benefit pays you an additional $1,500, up to 2 times per year.

**Childhood Conditions** –  
Dealing with a childhood illness can be overwhelming. To make life a little easier, your CI Champion includes coverage for both standard critical illnesses and childhood conditions.

**Advocacy Benefits** – Personal and confidential assistance from professionals

- **Best Doctors**
  - “Find Best Docs” Physician Referrals
  - “Ask the Expert” Hotline
  - Diagnosis & Treatment Advice

- **ComPsych**
  - Help understanding your insurance

**Automatic Benefit Increase** – Your face amount will increase each year for 5 years to help you keep up with increasing needs. Each year the weekly premium will increase by $1 and your face amount will increase accordingly. You can cancel the increases at any time.

The Critical Illness Benefit can be paid once per covered condition up to the Maximum Benefit Amount. Covered conditions must be diagnosed at least six months apart. This example is hypothetical and is solely to illustrate a situation that can result in benefits payable for a claim. It is not based on an actual claim and should not be compared to an actual claim.
Chances are good that you will survive a critical illness. Will your financial wellbeing survive as well? You do everything you can to stay active and healthy, but critical illnesses happen every day, and when they do, it’s good to know we’ve got you covered.
