DI Champion is insurance for your paycheck. If you insure your home, car, and health, why wouldn’t you safeguard your salary? Let DI Champion help protect you from financial hardship should you become unable to work due to a disability.

Here’s how it works...
With Disability Income Champion, you can receive a monthly benefit check to replace your income if you have a sickness, injury or pregnancy that causes you to miss work. For each day you are out of work and totally disabled, Combined Insurance will pay you benefits to replace your income.

In short, DI Champion goes to work when you can’t.

**Total Disability**
With DI Champion, you can receive a disability benefit amount from $300 to $5,000 per month up to 60% of your income. Total disability benefits will be paid if you are unable to perform your occupation, are not working at any occupation for pay or benefits, and are under the care of a physician for the disability.

**Partial Disability**
Following total disability, if you are able to return to work but not able to perform some of your occupation duties and only able to work at your job on a part-time basis, you may be eligible for partial disability benefits. When you are partially disabled, we will pay one-half of your disability benefit.

**When do benefits begin?**
If you become disabled, benefits begin immediately following your elimination period.

Accident Elimination Period ___________ days
