EAA Transition Executive Summary

EAA schools successfully transitioned to DPSCD on July 1, 2017

Smooth Initial Transition of Facilities

- Building handover occurred on June 30th including new keys for all external doors
 - Distribution of keys for summer school buildings occurred from June 30th July 5th
- Additional 24/7 security was added to minimize risk of loss during initial hand over

Successful start to Summer School

• Summer school began on July 5th, with close collaboration between DPSCD & former EAA staff & principals

Talent Remains a Key Focus

- While the goal is to retain 75% of EAA teachers, we continue to hover around 50% acceptance given uncertainty around the CBO
- Legacy EAA schools have been assigned a hiring manager to work with the principals starting week of 7/10

Key Updates

Academics

Summer School:

- Total enrollment is at 48% of projected (Expected 50%)
 - Enrollment for the high schools is 85% of projected increased by 101% to date
 - Enrollment for the K-8 schools is 24% of projected increased by 74% to date

FY 17-18:

• Work continues towards completing changes to Central/Durfee & Southeastern. A project manager has been assigned to facilitate execution

- Talent

Summer School:

Six high school vacancies being actively filled from pool of DPSCD teachers. Zero vacancies for K-8

FY 17-18:

- Onboarding sessions were streamlined to reduce processing time and increase teacher retention
- Hiring manager assigned for all legacy EAA schools. Reviewing all hiring and vacancy data with principals beginning week of 7/10

Operations

- Facilities: Buildings successfully returned to DPSCD. EAA Central Office & equipment will be turned over on 7/13
- School Building Renovations/Deferred Maintenance Estimates: Prioritization of renovation items continues for FY 17-18

Community Engagement & PR

• Targeted sessions being planned for key schools including Central /Durfee & Southeastern
