Parent Orientation to Distance Learning

Mumford High School

Students Rise. We All Rise.
Welcome by the Principal

Greetings Mumford Parents, Partners, and Friends,

It is with great excitement that I introduce the Mumford Distance Learning Platform. This virtual PD will allow you our parent partners to become intimately knowledgeable on the wealth of enrichment opportunities available to our students during this COVID Pandemic. The Mumford Family has strived to make instruction, communication, support, and questions that you may have as seamless as possible. We know that questions will of course arise and there will be a considerable learning curve for us all, please be patient as this “new reality” becomes the norm for us all.

During this virtual meeting you will have a chance to hear from members of the Administrative Team, and Counseling Department and review the District Frequently Asked Questions document. As a courtesy to us all please be sure to mute your devices so that we are able to cover all of the items on the agenda.

Thank you again for your partnership and I look forward to all of the new and exciting things we will learn on this journey TOGETHER!

Educationally yours,
Damian H. Perry M.A. M.Ed.

Important Notes

❖ While all work is enrichment, we encourage students to engage daily. This engagement helps them be prepared when they return to school in the fall or in our case graduate to college or the world of work.

❖ Student participation will be monitored and captured. This will be done through student logins to the online portal, telephone interactions or communication with parents who verify student engagement.

❖ All resources and current information can be found on the district’s website at www.detroitk12.org/covid19.

Family Check-Ins

It is our goal that every student is engaged every day, just as they would be if they are in school. They may be attending sessions online or on the phone with their teachers, but an additional staff member will also make contact once or twice a week. This is to ensure our parents have their questions answered, feel supported and are not in need of additional resources the school can provide.

The calls will generally come from a 313 or 248 phone number. The staff member will always identify who they are and their role at the school.

Support Staff

Every staff member will engage in daily intentional outreach with students to provide academic supports and/or to maintain meaningful relationships to help students feel safe and valued. Support staff will utilize their student contact lists to partner with peer teachers and other school staff to ensure ongoing communication and collaboration with families. This will not look the same for every student and family as safety remains the priority. Through the aligned support of all staff members all students will have daily interaction with the District in some capacity.

Schedule

Each support position will utilize their existing caseload of students or be provided a caseload of students for daily support/contact. In collaboration with the peer teacher, administration or District personnel, support staff will contact the student/family and capture the actions taken or information provided. This should be done by telephone or Teams. Support will be necessary in ensuring that parents/guardians know the District views them as critical partners.

IEP’s and Re-evaluations will be done remotely!
