The 2016-17 school year was one that saw the Detroit Public Schools Community District Office of Charter Schools offering more opportunities for professional development, oversight and support to board members and school personnel than ever before. The office focused on its mission to support, develop, and hold charter schools accountable, so that they can prepare Detroit children for future opportunities. The information contained in this annual report represents data from July 1, 2016 through June 30, 2017. It offers a snapshot of the students served, as well as how the school performed on a variety of important measures.

During the 2016-17 year, DPSCD welcomed a new Board of Education. The seven-member board reauthorized three of our charter schools, Capstone Academy, MacDowell Preparatory Academy, and Rutherford-Winans Academy. We also added to our portfolio the Michigan Educational Choice Center (MECC) charter schools, Murphy Academy, Stewart Academy, and Trix Academy, formerly authorized by the Educational Achievement Authority (EAA).

In addition to increasing our portfolio, our office experienced a reorganization that reflects the direction of the new Superintendent, Dr. Nikolai Vitti. The previous Director, Kisha Ver dusco transitioned to a new role in the district. The office is now composed of me as the new Senior Deputy Executive Director, Anna Nowinski is the Operations Manager and Jacqueline Sims serves as the Compliance Specialist. On the governance side, we welcomed new board liaisons Ellyse Campbell and Troia Gulley, who are our representatives at charter school board meetings. Our team continues to assess our charter schools by using multiple sources of data and identifying deficiencies that need to be improved. In addition, we will continue to build capacity in all DPSCD charter schools by providing professional development and rigorous classroom observations to improve student achievement.

In order to map our path to success, we must collectively take stock of where we are and how far we have to go. We hope this report will assist in that effort.

We are honored to work with dedicated school board members, principals, teachers and a host of other personnel who impact children daily.

Thank you for partnering with our team as we strive to be a High Quality Authorizer!
