If you have questions regarding your child's IEP or your student's case load, the teacher is always your first line of contact, followed by the building principal. Each School is organized into a cohort of schools and the corresponding Exceptional Student Education (ESE) Cohort Supervisor is listed below.

6.3 How is the Deaf and Hard of Hearing program serviced? What is the staffing model, curriculum and support systems in this program?

DPSCD provides academic instruction for students with varying degrees of hearing loss in a language-enriched auditory/oral or total communication learning environment. We follow the general education curriculum. The current model for staffing is 7 students to 1 teacher in a self-contained setting, however, we service many students throughout the continuum of need in comprehensive classrooms.

Please contact Celeste Johnson, DHH Supervisor via email at celeste.johnson@detroitk12.org. For additional information, please call (313) 873-7740.

6.4 Who do I contact if my child has an IEP, but has not been enrolled in school?

All students with specific learning disabilities or speech and language impairment as a primary disability should contact the neighborhood school. If your child is eligible under another area for an Individual Education Plan (IEP), please contact the Placement/Compliance Center at (313) 748-6499. Speech services occur as a part of a student's Individualized Education Plan (IEP). Your child's IEP team will determine the amount of time provided under the Programs and Services section. If you require additional support, please contact your child's ESE teacher. If you have additional questions that are not answered, please contact Donna Payne via email at donna.payne@detroitk12.org or Greg Jacoby at gregory.jacoby@detroitk12.org. 6.8 What supports are in place for students with behavioral issues?

Detroit Public Schools Community District (DPSCD) operates under the Positive Behavior Intervention System (PBIS) at all grade levels across the District within the school building. Within the classroom you should see a layer of tiered interventions. Additional supports are available on an individualized basis in accordance with the needs outlined by the IEP team for students with an Individualized Education Plan. This may include services from the ESE School Social Worker, Behavior Specialist and other support staff. Please consult with your ESE teacher, principal and/or ESE Cohort Supervisor Liaison.

6.9 How often are ancillary services provided?

Ancillary services include services such as school social work services, speech, occupational and physical therapy, which are also called related services or supplementary aids and services. Services are determined based on individualized student need as outlined in the Individualized Education Plan (IEP).

6.10 How can the school best support my child according to their IEP?

The school will provide programs and services as identified in your child's IEP and ensure they are made available to the child in accordance with the IEP. This includes all supplementary aides, services and program modifications and accommodations that the IEP team identified as necessary. In addition, general education teachers and related service providers are informed of specific accommodations, modifications and supports to be provided to the child and informed of their specific responsibilities.

6.11 What is the teacher to student ratio for large classrooms with both general and exceptional student education?

There is a continuum of services for students with disabilities. The ratio for teacher to student is 27:2 in most general education classrooms. Teachers function as a team to ensure instruction is delivered using a variety of modalities. All Students are General Education Students First and DPSCD must consider the Least Restrictive Environment (LRE) as a first step in programming for students.

When a student requires a more restrictive program such as a self-contained program, the above ratio changes to a lower ratio of students to staff based upon the requirements by the Michigan Administrative Rules for Special Education (MARSE). Visit the website at

https://www.michigan.gov/documents/mde/MARSE_Supplemented_with_IDEA_Regs_379598_7.pdf

6.12 It has been over 30 days since my child's last IEP meeting, who do I contact to find out the status?
