

Everybody smile and wave, smile and wave, smile and wave.
Everybody smile and wave. Hello friends. 🎵

Nursery Rhyme Time

*Rub a dub dub.
Three men in a tub.
And who do you think they be?
The butcher, the baker,
the candlestick-maker.
All put out to sea.*

Gross Motor Fun

Pull a string toy then push toy away.

Sensory Fun

Sit child on floor facing you.
If child cannot sit on own, sit
him/her on your lap.
Hold child's hands and gently
pull/push child
forward/backward as you sing
Row Your Boat.

The pull/push of child's body will activate the proprioceptive sensory system to help him learn where his body parts are in relation to each other and how to make them work together. The rocking will activate the vestibular (balance/movement) system.

Sing a Song

Row, row, row
your boat gently
down the stream.
Merrily, merrily,
merrily, merrily.
Life is but a dream.

Sit opposite child and
hold hands. Push & pull
to row your boat.

Fine Motor Fun

Water play.
Can play in the bathtub or using
a bowl, dishpan, another large
container. Encourage child to
move hands around in water,
pat the water to splash, and
play with moving or catching
floating toys in water.

Language

Self-talk is talking about an activity as it happens. It involves describing and naming actions and objects. Self-talk can be included in any daily routine. Self-talk at bath time could include:

"Bath!" "Feel the water." "Take a bath!"
"Splash, splash!" "Where's the soap?" "Slippery soap!"

Books, Books, Books

Talk about how book can relate to child.
Eg. how your child takes a bath.
Barnyard Bath! By Sandra Boynton

Goodbye friends, goodbye friends, goodbye friends.
We'll see you next time. 🎵
