

In these unprecedented times, renewing our support for Wayne County schools will help keep our schools and community **STRONG.**

The Wayne RESA regional enhancement millage provides financial support for local districts faced with state budget cuts – allowing them to promote safety, prepare students for jobs and provide world-class programming for both special education and general education students.

Each district has used the enhancement millage to improve schools in a variety of ways, including:

- ✓ Lowering class sizes
- ✓ Improving technology and security
- ✓ Adding valuable STEM and career education programs
- ✓ Improving facilities
- ✓ Attracting talented teachers

The current regional enhancement millage provides schools with resources that would otherwise not be available to help address new costs related to the COVID-19 pandemic and a safe return to school for both online and in-school instruction.

The regional enhancement millage renewal allows public schools to support all Wayne County students and give them the opportunity to succeed, especially our most at-risk populations – including students with disabilities.

Learn more about the Regional Enhancement Millage renewal on the Tuesday, Nov. 3, 2020, ballot.

Learn more about the Regional Enhancement Millage renewal on the Tuesday, Nov. 3, 2020, ballot.

Promises made, promises kept

Wayne County's public school districts have been fiscally responsible stewards of the enhancement millage since it was first approved in 2016 and the funding provided by this renewal will continue to be spent wisely and transparently.

What every Wayne County taxpayer should know:

- ✓ **The millage would be renewed at its current rate and will cost the average Wayne County homeowner less than \$8 per month with 100% of funds going to Wayne County public schools and public school academies.**
- ✓ **Every penny generated from this proposal will be distributed on a per-student basis to local school districts and public school academies to help keep schools safe and improve programs and services for Wayne County students.**
- ✓ **If passed, Wayne County schools will continue to undergo independent audits and all spending will be tracked on a public website to ensure tax dollars are being spent transparently and with accountability.**

An investment in every community in Wayne County

The Wayne RESA regional enhancement millage renewal will generate revenue for **ALL** 33 Wayne County public school districts as well as public school academies in Wayne County.
